

## Participation

### *When am I eligible to participate in this plan?*

- You are eligible to join this plan on your date of hire and as specified by your employer.
- 

## Contributions

### *What kinds of contributions may be made to this plan?*

- This plan provides for pre-tax salary reduction contributions, post-tax Roth salary reduction contributions, and rollovers. There are no employer contributions.
- Pre-tax contributions are deducted **before** you pay current income taxes. Pre-tax investments grow tax-deferred and the contributions and any earnings are taxed when you take a distribution from this plan.
- Post-tax Roth contributions are deducted **after** you pay current income taxes. Earnings on post-tax Roth contributions will never be taxed if you are 59 ½, die, or become disabled and have held the Roth account for 5 years at the time of its distribution from this plan.
- You may transfer benefits from a former employer's eligible retirement plan into this plan.

### *How much may I contribute?*

- You can contribute up to 100% of your compensation to this plan up to the limit allowed under the Internal Revenue Code (\$18,000 in 2016).
- If you are age 50 or older you can contribute a "catch-up" contribution of up to \$6,000 (2016).

### *Can I ever lose my benefits?*

- You are always 100% vested in your salary reduction contributions. This means the value of your contributions and earnings are yours when you terminate employment with your employer, without respect to your years of service.

### *What do I have to do to start contributing?*

- Automatic payroll deduction withdraws your contributions directly from your paycheck after you complete a Salary Reduction Agreement and return it to your financial representative or your employer. You may commence making contributions or modify the amount of your current contributions at any time by modifying your Salary Reduction Agreement.
-
