Buna ISD Student Handbook

2017–18

Table of Contents

Table of Contents..... 1

Preface 10

Section I: Parental Rights 12

 Consent, Opt-Out, and Refusal Rights 12

 Consent to Conduct a Psychological Evaluation 12

 Consent to Display a Student’s Original Works and Personal Information 12

 Consent to Receive Parenting and Paternity Awareness Instruction if Student is Under Age 14 12

 Consent to Video or Audio Record a Student When Not Otherwise Permitted by Law 12

 Prohibiting the Use of Corporal Punishment 13

 Limiting Electronic Communications with Students by District Employees 13

 Objecting to the Release of Directory Information 13

 Objecting to the Release of Student Information to Military Recruiters and Institutions of Higher Education (Secondary Grade Levels Only) 14

 Participation in Third-Party Surveys 14

 Consent Required Before Student Participation in a Federally Funded Survey, Analysis, or Evaluation 14

 “Opting Out” of Participation in Other Types of Surveys or Screenings and the Disclosure of Personal Information 15

 Removing a Student from Instruction or Excusing a Student from a Required Component of Instruction 15

 Human Sexuality Instruction..... 15

 Reciting a Portion of the Declaration of Independence in Grades 3–12..... 16

 Reciting the Pledges to the U.S. and Texas Flags..... 16

 Religious or Moral Beliefs 16

 Tutoring or Test Preparation 16

 Right of Access to Student Records, Curriculum Materials, and District Records/Policies..... 17

 Instructional Materials..... 17

 Notices of Certain Student Misconduct to Noncustodial Parent 17

 Participation in Federally Required, State-Mandated, and District Assessments..... 17

 Student Records..... 17

Accessing Student Records	17
Authorized Inspection and Use of Student Records	18
Teacher and Staff Professional Qualifications	21
Students with Exceptionalities or Special Circumstances	21
Children of Military Families	21
Parental Role in Certain Classroom and School Assignments	21
Multiple Birth Siblings	21
Safety Transfers/Assignments	21
Service/Assistance Animal Use by Students	22
Students in the Conservatorship of the State (Foster Care).....	22
Students Who Are Homeless	23
Students Who Have Learning Difficulties or Who Need Special Education Services	23
Students Who Receive Special Education Services with Other School-Aged Children in the Home	25
Students Who Speak a Primary Language Other than English	25
Students with Physical or Mental Impairments Protected Under Section 504.....	25
Section II: Other Important Information for Students and Parents	26
Absences/Attendance.....	26
Compulsory Attendance	26
Age 19 and Older	26
Between Ages 6 and 19	26
Prekindergarten and Kindergarten	26
Exemptions to Compulsory Attendance	27
All Grade Levels.....	27
Secondary Grade Levels.....	27
Failure to Comply with Compulsory Attendance.....	28
All Grade Levels.....	28
Students with Disabilities.....	28
Age 19 and Older	28
Between Ages 6 and 19	28
Attendance for Credit or Final Grade (Kindergarten–Grade 12).....	29
Official Attendance-Taking Time (All Grade Levels)	30
Documentation after an Absence (All Grade Levels).....	30

Doctor’s Note after an Absence for Illness (All Grade Levels).....	30
Driver License Attendance Verification (Secondary Grade Levels Only).....	35
Accountability under State and Federal Law (All Grade Levels).....	36
Bullying (All Grade Levels).....	37
Career and Technical Education (CTE) Programs (Secondary Grade Levels Only)	38
Celebrations (All Grade Levels).....	39
Child Sexual Abuse and Other Maltreatment of Children (All Grade Levels).....	39
Class Rank/Highest-Ranking Student (Secondary Grade Levels Only)	40
Class Schedules (Secondary Grade Levels Only).....	42
College and University Admissions (Secondary Grade Levels Only).....	42
College Credit Courses (Secondary Grade Levels Only).....	42
Communications—Automated	43
Emergency.....	43
Nonemergency.....	43
Complaints and Concerns (All Grade Levels).....	43

Preface

To Students and Parents:

Welcome to the 2017–18 school year! Education is a team effort, and we know that students, parents, teachers, and other staff members all working together can make this a wonderfully successful year for our students.

The Buna ISD Student Handbook is designed to provide basic information that you and your child will need during the school year. The handbook is divided into two sections:

Section I—Parental Rights—with information to assist you in responding to school-related issues. We encourage you to take some time to closely review this section of the handbook.

Section II—Other Important Information for Students and Parents—organized alphabetically by topic, and, where possible, further divided by applicability to ages and/or grade levels, for quick access when searching for information on a specific issue.

Please be aware that the term “parent,” unless otherwise noted, is used to refer to the parent, legal guardian, any person granted some other type of lawful control of the student, or any other person who has agreed to assume school-related responsibility for a student.

Both students and parents should become familiar with the Buna ISD Student Code of Conduct, which is a document adopted by the board and intended to promote school safety and an atmosphere for learning. That document may be found on the district’s website at http://www.bunaisd.net/12262_2 and is available in hard copy upon request.

The Student Handbook is a general reference guide only and is designed to be in harmony with board policy and the Student Code of Conduct. Please be aware that it is not a complete statement of all policies, procedures, or rules that may be applicable in a given circumstance.

In case of conflict between board policy (including the Student Code of Conduct) and any provisions of the Student Handbook, the provisions of board policy and the Student Code of Conduct are to be followed.

Please be aware that the Student Handbook is updated yearly, while policy adoption and revision may occur throughout the year. The district encourages parents to stay informed of proposed board policy changes by attending board meetings. Changes in policy or other rules that affect Student Handbook provisions will be made available to students and parents through newsletters or other communications. The district reserves the right to modify provisions of the Student Handbook at any time, whenever it is deemed necessary. Notice of any revision or modification will be given as is reasonably practical under the circumstances.

Although the Student Handbook may refer to rights established through law or district policy, the Student Handbook does not create any additional rights for students and parents. It does not, nor is it intended to, create contractual or legal rights between any student or parent and the district.

If you or your child has questions about any of the material in this handbook, please contact campus administration or central office personnel.

Also, please complete and return to your child's campus the following forms provided in the forms packet distributed at the beginning of the year or upon the student's enrollment:

1. Acknowledgment of Electronic Distribution of Student Handbook;
2. Notice Regarding Directory Information and Parent's Response Regarding Release of Student Information;
3. Parent's Objection to the Release of Student Information to Military Recruiters and Institutions of Higher Education, if you choose to restrict the release of information to these entities; and
4. Consent/Opt-Out Form.

[See **Objecting to the Release of Directory Information** on page 13 and **Consent Required Before Student Participation in a Federally Funded Survey, Analysis, or Evaluation** on page 14 for more information.]

Note: References to policy codes are included so that parents can refer to board policy. The district's official policy manual is available for review in the district administration office, and an unofficial electronic copy is available at http://www.bunaisd.net/12262_2.

Accessibility

If you have difficulty accessing the information in this document because of disability, please contact pemartin@bunaisd.net or 409-994-4805.

Section I: Parental Rights

This section of the Buna ISD Student Handbook includes information related to certain rights of parents as specified in state or federal law.

Consent, Opt-Out, and Refusal Rights

Consent to Conduct a Psychological Evaluation

A district employee will not conduct a psychological examination, test, or treatment without obtaining prior written parental consent unless the examination, test, or treatment is required under state or federal law regarding requirements for special education or by the Texas Education Agency (TEA) for child abuse investigations and reports.

Consent to Display a Student's Original Works and Personal Information

Teachers may display students' work, which may include personally identifiable student information, in classrooms or elsewhere on campus as recognition of student achievement.

However, the district will seek parental consent before displaying students' artwork, special projects, photographs taken by students, original videos or voice recordings, and other original works on the district's website, a website affiliated or sponsored by the district, such as a campus or classroom website, and in district publications, which may include printed materials, videos, or other methods of mass communication.

Consent to Receive Parenting and Paternity Awareness Instruction if Student is Under Age 14

A child under the age of 14 must have parental permission to receive instruction in the district's parenting and paternity awareness program; otherwise, the child will not be allowed to participate in the instruction. This program, developed by the Office of the Texas Attorney General and the State Board of Education (SBOE), is incorporated into the district's health education classes.

Consent to Video or Audio Record a Student When Not Otherwise Permitted by Law

State law permits the school to make a video or voice recording without parental permission for the following circumstances:

- When it is to be used for school safety;
- When it relates to classroom instruction or a co-curricular or extracurricular activity;
- When it relates to media coverage of the school; or
- When it relates to the promotion of student safety as provided by law for a student receiving special education services in certain settings.

The district will seek parental consent through a written request before making any other video or voice recording of your child not otherwise allowed by law.

[See **Video Cameras** on page 98 for more information, including a parent’s right to request video and audio equipment be placed in certain special education settings.]

Prohibiting the Use of Corporal Punishment

Corporal punishment—spanking or paddling the student—may be used as a discipline management technique in accordance with the Student Code of Conduct and policy FO(LOCAL) in the district’s policy manual.

If you do not want corporal punishment to be administered to your child as a method of student discipline, please submit a written statement to the campus principal stating this decision. A signed statement must be provided each year if you do not want corporal punishment to be administered to your child.

You may choose to revoke this prohibition at any time during the year by providing a signed statement to the campus principal. However, district personnel may choose to use discipline methods other than corporal punishment even if the parent requests that this method be used on the student.

Note: If the district is made aware that a student is in temporary or permanent conservatorship (custody) of the state, through foster care, kinship care, or other arrangements, corporal punishment will not be administered, even when a signed statement prohibiting its use has not been submitted by the student’s caregiver or caseworker.

Limiting Electronic Communications with Students by District Employees

Teachers and other approved employees are permitted by the district to use electronic communication with students within the scope of the individual’s professional responsibilities, as described by district guidelines. For example, a teacher may set up a social networking page for his or her class that has information related to class work, homework, and tests. As a parent, you are welcome to join or become a member of such a page.

However, text messages sent to an individual student are only allowed if a district employee with responsibility for an extracurricular activity needs to communicate with a student participating in the extracurricular activity.

If you prefer that your child not receive any one-to-one electronic communications from a district employee or if you have questions related to the use of electronic media by district employees, please contact the campus principal.

Objecting to the Release of Directory Information

The Family Educational Rights and Privacy Act, or FERPA, permits the district to disclose appropriately designated “directory information” from a child’s education records without written consent. “Directory information” is information that is generally not considered harmful or an invasion of privacy if released. Examples include a student’s photograph for publication in the school yearbook; a student’s name and grade level for purposes of communicating class and teacher assignment; the name, weight, and height of an athlete for publication in a school athletic program; a list of student birthdays for generating school-wide or classroom recognition; a student’s name and photograph posted on a district-approved and -managed social media platform; and the names and grade levels of students submitted by the district to a local

newspaper or other community publication to recognize the A/B honor roll for a specific grading period. Directory information will be released to anyone who follows procedures for requesting it.

However, a parent or eligible student may object to the release of a student's directory information. This objection must be made in writing to the principal within ten school days of your child's first day of instruction for this school year.[See the "Notice Regarding Directory Information and Parent's Response Regarding Release of Student Information" included in the forms packet.]

If you object to the release of the student information included on the directory information response form, your decision will also apply to the use of that information for school-sponsored purposes, such as the honor roll, school newspaper, the yearbook, recognition activities, news releases, and athletic programs.

Also review the information at **Authorized Inspection and Use of Student Records**.

Objecting to the Release of Student Information to Military Recruiters and Institutions of Higher Education (Secondary Grade Levels Only)

The district is required by federal law to comply with a request by a military recruiter or an institution of higher education for students' names, addresses, and telephone listings, unless parents have advised the district not to release their child's information without prior written consent. A form included in the forms packet is available if you do not want the district to provide this information to military recruiters or institutions of higher education.

Participation in Third-Party Surveys

Consent Required Before Student Participation in a Federally Funded Survey, Analysis, or Evaluation

Your child will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

- Political affiliations or beliefs of the student or the student's parent.
- Mental or psychological problems of the student or the student's family.
- Sexual behavior or attitudes.
- Illegal, antisocial, self-incriminating, or demeaning behavior.
- Critical appraisals of individuals with whom the student has a close family relationship.
- Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.

- Religious practices, affiliations, or beliefs of the student or parents.
- Income, except when the information is required by law and will be used to determine the student's eligibility to participate in a special program or to receive financial assistance under such a program.

You will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis, or evaluation. [For further information, see policy EF(LEGAL).]

“Opting Out” of Participation in Other Types of Surveys or Screenings and the Disclosure of Personal Information

As a parent, you have a right to receive notice of and deny permission for your child's participation in:

- Any survey concerning the private information listed above, regardless of funding.
- School activities involving the collection, disclosure, or use of personal information gathered from your child for the purpose of marketing, selling, or otherwise disclosing that information. **Note:** This does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions.
- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student. Exceptions are hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law. [See policies EF and FFAA.]

As a parent, you may inspect a survey created by a third party before the survey is administered or distributed to your child.

Removing a Student from Instruction or Excusing a Student from a Required Component of Instruction

Human Sexuality Instruction

As a part of the district's curriculum, students receive instruction related to human sexuality. The School Health Advisory Council (SHAC) is involved with the selection of course materials for such instruction.

State law requires that any instruction related to human sexuality, sexually transmitted diseases, or human immunodeficiency virus (HIV) or acquired immune deficiency syndrome (AIDS) must:

- Present abstinence from sexual activity as the preferred choice of behavior in relationship to all sexual activity for unmarried persons of school age;
- Devote more attention to abstinence from sexual activity than to any other behavior;
- Emphasize that abstinence is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted diseases, and the emotional trauma associated with adolescent sexual activity;
- Direct adolescents to a standard of behavior in which abstinence from sexual activity before marriage is the most effective way to prevent pregnancy and sexually transmitted diseases; and

- If included in the content of the curriculum, teach contraception and condom use in terms of human use reality rates instead of theoretical laboratory rates.

In accordance with state law, below is a summary of the district's curriculum regarding human sexuality instruction:

The textbook used for the Buna High School Health course is Health & Wellness Texas Ed. Glencoe/McGraw-Hill. Buna Junior High sex abstinence curriculum is Sex Can Wait.

As a parent, you are entitled to review the curriculum materials. In addition, you may remove your child from any part of the human sexuality instruction with no academic, disciplinary, or other penalties. You may also choose to become more involved with the development of curriculum used for this purpose by becoming a member of the district's SHAC. Please see the campus principal for additional information.

Reciting a Portion of the Declaration of Independence in Grades 3–12

You may request that your child be excused from recitation of a portion of the Declaration of Independence. State law requires students in social studies classes in grades 3–12 to recite a portion of the text of the Declaration of Independence during Celebrate Freedom Week unless (1) you provide a written statement requesting that your child be excused, (2) the district determines that your child has a conscientious objection to the recitation, or (3) you are a representative of a foreign government to whom the U.S. government extends diplomatic immunity. [See policy EHBK(LEGAL).]

Reciting the Pledges to the U.S. and Texas Flags

As a parent, you may request that your child be excused from participation in the daily recitation of the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. The request must be in writing. State law does not allow your child to be excused from participation in the required minute of silence or silent activity that follows. [See **Pledges of Allegiance and a Minute of Silence** on page 82 and policy EC(LEGAL).]

Religious or Moral Beliefs

You may remove your child temporarily from the classroom if an instructional activity in which your child is scheduled to participate conflicts with your religious or moral beliefs. The removal cannot be for the purpose of avoiding a test and may not extend for an entire semester. Further, your child must satisfy grade-level and graduation requirements as determined by the school and by state law.

Tutoring or Test Preparation

Based on informal observations, evaluative data such as grades earned on assignments or tests, or results from diagnostic assessments, a teacher may determine that a student is in need of additional targeted assistance in order for the student to achieve mastery in state-developed essential knowledge and skills. The school will always attempt to provide tutoring and strategies for test-taking in ways that prevent removal from other instruction as much as possible. In accordance with state law and policy EC, the school will not remove a student from a regularly scheduled class for remedial tutoring or test preparation for more than ten percent of the school days on which the class is offered, unless the student's parent consents to this removal.

The school may also offer tutorial services, which students whose grades are below 70 will be required to attend.

[Also refer to policies EC and EHBC, and contact your student’s teacher with questions about any tutoring programs provided by the school.]

Right of Access to Student Records, Curriculum Materials, and District Records/Policies

Instructional Materials

As a parent, you have a right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered to your child.

You are also entitled to request that the school allow your child to take home any instructional materials used by the student. If the school determines that sufficient availability exists to grant the request, the student must return the materials at the beginning of the next school day if requested to do so by the child’s teacher.

Notices of Certain Student Misconduct to Noncustodial Parent

A noncustodial parent may request in writing that he or she be provided, for the remainder of the school year, a copy of any written notice usually provided to a parent related to his or her child’s misconduct that may involve placement in a disciplinary alternative education program (DAEP) or expulsion. [See policy FO(LLEGAL) and the Student Code of Conduct.]

Participation in Federally Required, State-Mandated, and District Assessments

You may request information regarding any state or district policy related to your child’s participation in assessments required by federal law, state law, or the district.

Student Records

Accessing Student Records

You may review your child’s student records. These records include:

- Attendance records,
- Test scores,
- Grades,
- Disciplinary records,
- Counseling records,

- Psychological records,
- Applications for admission,
- Health and immunization information,
- Other medical records,
- Teacher and school counselor evaluations,
- Reports of behavioral patterns,
- Records relating to assistance provided for learning difficulties, including information collected regarding any intervention strategies used with your child, as the term intervention strategy is defined by law,
- State assessment instruments that have been administered to your child, and
- Teaching materials and tests used in your child’s classroom.

Authorized Inspection and Use of Student Records

A federal law, known as the Family Educational Rights and Privacy Act, or FERPA, affords parents and eligible students certain rights with respect to student education records. For purposes of student records, an “eligible” student is one who is age 18 or older or who is attending an institution of postsecondary education. These rights, as discussed in this section as well as at **Objecting to the Release of Directory Information** are:

- The right to inspect and review student records within 45 days after the day the school receives a request for access.
- The right to request an amendment to a student record the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of FERPA.
- The right to provide written consent before the school discloses personally identifiable information from the student’s records, except to the extent that FERPA authorizes disclosure without consent.
- The right to file a complaint with the U.S. Department of Education concerning failures by the school to comply with FERPA requirements. The name and address of the office that administers FERPA are:

Family Policy Compliance Office
 U.S. Department of Education
 400 Maryland Avenue, SW
 Washington, DC 20202-5901

Both FERPA and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights of privacy. Before disclosing any personally identifiable information from a student’s records, the district must verify the identity of the person, including a parent or the student, requesting the information.

Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential educational records.

Inspection and release of student records is primarily restricted to an eligible student or a student's parents—whether married, separated, or divorced—unless the school is given a copy of a court order terminating parental rights or the right to access a student's education records.

Federal law requires that, as soon as a student reaches the age of 18, is emancipated by a court, or enrolls in a postsecondary institution, control of the records goes to the student. The parents may continue to have access to the records, however, if the student is a dependent for tax purposes and under limited circumstances when there is a threat to the health and safety of the student or other individuals.

FERPA permits the disclosure of personally identifiable information from a student's education records, without written consent of the parent or eligible student, in the following circumstances:

- When district school officials have what federal law refers to as a “legitimate educational interest” in a student's records. School officials would include board members and employees, such as the superintendent, administrators, and principals; teachers, school counselors, diagnosticians, and support staff (including district health or district medical staff); a person or company with whom the district has contracted or allowed to provide a particular institutional service or function (such as an attorney, consultant, third-party vendor that offers online programs or software, auditor, medical consultant, therapist, school resource officer, or volunteer); a parent or student serving on a school committee; or a parent or student assisting a school official in the performance of his or her duties. “Legitimate educational interest” in a student's records includes working with the student; considering disciplinary or academic actions, the student's case, or an individualized education program for a student with disabilities; compiling statistical data; reviewing an educational record to fulfill the official's professional responsibility to the school and the student; or investigating or evaluating programs.
- To authorized representatives of various governmental agencies, including juvenile service providers, the U.S. Comptroller General's office, the U.S. Attorney General's office, the U.S. Secretary of Education, TEA, the U.S. Secretary of Agriculture's office, and Child Protective Services (CPS) caseworkers or other child welfare representatives, in certain cases.
- To individuals or entities granted access in response to a subpoena or court order.
- To another school, school district/system, or institution of postsecondary education to which a student seeks or intends to enroll or in which he or she is already enrolled.
- In connection with financial aid for which a student has applied or which the student has received.
- To accrediting organizations to carry out accrediting functions.
- To organizations conducting studies for, or on behalf of, the school, in order to develop, validate, or administer predictive tests; administer student aid programs; or improve instruction.
- To appropriate officials in connection with a health or safety emergency.

- When the district discloses information it has designated as directory information [see **Objecting to the Release of Directory Information** on page 13 for opportunities to prohibit this disclosure].

Release of personally identifiable information to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The principal is custodian of all records for currently enrolled students at the assigned school. The principal is the custodian of all records for students who have withdrawn or graduated.

A parent or eligible student who wishes to inspect the student's records should submit a written request to the records custodian identifying the records he or she wishes to inspect. Records may be inspected by a parent or eligible student during regular school hours. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records.

A parent or eligible student who provides a written request and pays copying costs of ten cents per page may obtain copies. If circumstances prevent inspection during regular school hours and the student qualifies for free or reduced-price meals, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review these records. The address of the superintendent's office is 1022 Texas State Hwy 62.

The address(es) of the principals' offices are:

Buna High School 711 CR 734; Buna Junior High 177 FM 253; Buna Elementary 650 CR 725.

A parent (or eligible student) may inspect the student's records and request a correction or amendment if the records are considered inaccurate, misleading, or otherwise in violation of the student's privacy rights. A request to correct a student's record should be submitted to the appropriate records custodian. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information in the record is inaccurate. If the district denies the request to amend the records, the parent or eligible student has the right to request a hearing. If the records are not amended as a result of the hearing, the parent or eligible student has 30 school days to exercise the right to place a statement commenting on the information in the student's record.

Although improperly recorded grades may be challenged, contesting a student's grade in a course or on an examination is handled through the general complaint process found in policy FNG(LOCAL). A grade issued by a classroom teacher can be changed only if, as determined by the board of trustees, the grade is arbitrary, erroneous, or inconsistent with the district's grading policy. [See FINALITY OF GRADES at FNG(LEGAL), **Report Cards/Progress Reports and Conferences**, and **Complaints and Concerns** for an overview of the process.]

The district's policy regarding student records found at policy FL is available from the principal's or superintendent's office or on the district's web site at www.bunaisd.net

The parent's or eligible student's right of access to and copies of student records do not extend to all records. Materials that are not considered educational records—such as a teacher's personal notes about a

student that are shared only with a substitute teacher—do not have to be made available to the parents or student.

Teacher and Staff Professional Qualifications

You may request information regarding the professional qualifications of your child’s teachers, including whether a teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction; whether the teacher has an emergency permit or other provisional status for which state requirements have been waived; and whether the teacher is currently teaching in the field of discipline of his or her certification. You also have the right to request information about the qualifications of any paraprofessional who may provide services to your child.

Students with Exceptionalities or Special Circumstances

Children of Military Families

Children of military families will be provided flexibility regarding certain district requirements, including:

- Immunization requirements.
- Grade level, course, or educational program placement.
- Eligibility requirements for participation in extracurricular activities.
- Graduation requirements.

In addition, absences related to a student visiting with his or her parent, including a stepparent or legal guardian, who has been called to active duty for, is on leave from, or is returning from a deployment of at least four months will be excused by the district. The district will permit no more than five excused absences per year for this purpose. For the absence to be excused, the absence must occur no earlier than the 60th day before deployment or no later than the 30th day after the parent’s return from deployment.

Additional information may be found at [Military Family Resources at the Texas Education Agency](#).

Parental Role in Certain Classroom and School Assignments

Multiple Birth Siblings

As a parent, if your children are multiple birth siblings (e.g., twins, triplets, etc.) assigned to the same grade and campus, you may request that they be placed either in the same classroom or in separate classrooms. Your written request must be submitted no later than the 14th day after the enrollment of your children. [See policy FDB(LEGAL).]

Safety Transfers/Assignments

As a parent, you may:

- Request the transfer of your child to another classroom or campus if your child has been determined by the district to have been a victim of bullying, which includes cyberbullying, defined by Education Code 37.0832. Transportation is not provided for a transfer to another campus. See the campus principal for information.

- Consult with district administrators if your child has been determined by the district to have engaged in bullying and the board decides to transfer your child to another classroom or campus. Transportation is not provided for a transfer to another campus.

[See **Bullying**, policy FDB, and policy FFI.]

- Request the transfer of your child to attend a safe public school in the district if your child attends school at a campus identified by TEA as persistently dangerous or if your child has been a victim of a violent criminal offense while at school or on school grounds. [See policy FDE.]
- Request the transfer of your child to a neighboring district if your child has been the victim of a sexual assault by another student assigned to the same campus, whether the assault occurred on or off campus, and that student has been convicted of or placed on deferred adjudication for that assault. If the victim does not wish to transfer, the district will transfer the assailant in accordance with policy FDE.

Service/Assistance Animal Use by Students

A parent of a student who uses a service/assistance animal because of the student's disability must submit a request in writing to the principal before bringing the service/assistance animal on campus. The district will try to accommodate a request as soon as possible but will do so within ten district business days.

Students in the Conservatorship of the State (Foster Care)

A student who is currently in the conservatorship (custody) of the state and who enrolls in the district after the beginning of the school year will be allowed credit-by-examination opportunities outside the district's established testing windows, and the district will grant proportionate course credit by semester (partial credit) when a student only passes one semester of a two-semester course.

A student who is currently in the conservatorship of the state and who is moved outside of the district's or school's attendance boundaries, or who is initially placed in the conservatorship of the state and who is moved outside the district's or school's boundaries, is entitled to continue in enrollment at the school he or she was attending prior to the placement or move until the student reaches the highest grade level at the particular school. In addition, if a student in grade 11 or 12 transfers to another district but does not meet the graduation requirements of the receiving district, the student can request to receive a diploma from the previous district if he or she meets the criteria to graduate from the previous district.

In addition, for a student in the conservatorship of the state who is eligible for a tuition and fee exemption under state law and likely to be in care on the day preceding the student's 18th birthday, the district will:

- Assist the student with the completion of any applications for admission or for financial aid;
- Arrange and accompany the student on campus visits;
- Assist in researching and applying for private or institution-based scholarships;
- Identify whether the student is candidate for appointment to a military academy;

- Assist the student in registering and preparing for college entrance examinations, including, subject to the availability of funds, arranging for the payment of any examination fees by the Texas Department of Family and Protective Services (DFPS); and
- Coordinate contact between the student and a liaison officer for students who were formerly in the conservatorship of the state.

[See also **Credit by Examination for Advancement/Acceleration**, **Course Credit**, and **Students in Foster Care** for more information.]

Students Who Are Homeless

Children who are homeless will be provided flexibility regarding certain district provisions, including:

- Proof of residency requirements;
- Immunization requirements;
- Educational program placement, if the student is unable to provide previous academic records, or misses an application deadline during a period of homelessness;
- Credit-by-examination opportunities;
- The award of partial credit (awarding credit proportionately when a student passes only one semester of a two-semester course);
- Eligibility requirements for participation in extracurricular activities; and
- Graduation requirements.

If a student in grade 11 or 12 is homeless and transfers to another school district but does not meet the graduation requirements of the receiving district, the student can request to receive a diploma from the previous district if he or she meets the criteria to graduate from the previous district.

Federal law also allows a homeless student to remain enrolled in what is called the “school of origin” or to enroll in a new school in the attendance area where the student is currently residing.

A student or parent who is dissatisfied by the district’s eligibility, school selection, or enrollment decision may appeal through policy FNG(LOCAL). The district will expedite local timelines, when possible, for prompt dispute resolution.

[See also **Credit by Examination for Advancement/Acceleration**, **Course Credit**, and **Homeless Students** for more information.]

Students Who Have Learning Difficulties or Who Need Special Education Services

If a student is experiencing learning difficulties, his or her parent may contact the person listed below to learn about the district’s overall general education referral or screening system for support services. This system links students to a variety of support options, including making a referral for a special education evaluation. For those students who are having difficulty in the regular classroom, schools must consider

tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Response to Intervention (RtI). The implementation of RtI has the potential to have a positive impact on the ability of districts to meet the needs of all struggling students.

A parent may request an evaluation for special education services at any time. If a parent makes a written request to a school district's director of special education services or to a district administrative employee for an initial evaluation for special education services, the school must, not later than the 15th school day after the date the school receives the request, either give the parent prior written notice of its proposal to evaluate the student, a copy of the Notice of Procedural Safeguards, and the opportunity for the parent to give written consent for the evaluation or must give the parent prior written notice of its refusal to evaluate the student and a copy of the Notice of Procedural Safeguards.

If the school decides to evaluate the student, the school must complete the initial evaluation and the resulting report no later than 45 school days from the day the school receives a parent's written consent to evaluate the student. However, if the student is absent from school during the evaluation period for three or more school days, the evaluation period must be extended by the number of school days equal to the number of school days that the student is absent.

There is an exception to the 45 school day timeline. If the school receives a parent's consent for the initial evaluation at least 35 but less than 45 school days before the last instructional day of the school year, the school must complete the written report and provide a copy of the report to the parent by June 30 of that year. However, if the student is absent from school for three or more days during the evaluation period, the June 30th due date no longer applies. Instead, the general timeline of 45 school days plus extensions for absences of three or more days will apply.

Upon completion, the school must give you a copy of the evaluation report at no cost.

Additional information regarding special education is available from the school district in a companion document titled "Parent's Guide to the Admission, Review, and Dismissal Process."

The following websites provide information to those who are seeking information and resources specific to students with disabilities and their families:

- [Texas Project FIRST](#)
- [Partners Resource Network](#)

The designated entities to contact regarding options for a child experiencing learning difficulties or a referral for evaluation for special education services is the special education office at (409) 994- 4895.

The district will notify the parent of a student, other than a student enrolled in a special education program, who receives assistance from the district for learning difficulties, including intervention strategies, that the district provides assistance to the student.

Students Who Receive Special Education Services with Other School-Aged Children in the Home

If a student is receiving special education services at a campus outside his or her attendance zone, the parent or guardian may request that any other student residing in the household be transferred to the same campus, if the appropriate grade level for the transferring student is offered on that campus. However, the district is not required to provide transportation to the other children in the household. The parent or guardian should speak with the principal of the school regarding transportation needs prior to requesting a transfer for any other children in the home. [See policy FDB(LOCAL).]

Students Who Speak a Primary Language Other than English

A student may be eligible to receive specialized support if his or her primary language is not English, and the student has difficulty performing ordinary class work in English. If the student qualifies for these extra services, the Language Proficiency Assessment Committee (LPAC) will determine the types of services the student needs, including accommodations or modifications related to classroom instruction, local assessments, and state-mandated assessments.

Students with Physical or Mental Impairments Protected Under Section 504

A child determined to have a physical or mental impairment that substantially limits a major life activity, as defined by law, and who does not otherwise qualify for special education services, may qualify for protections under Section 504 of the Rehabilitation Act. Section 504 is a federal law designed to prohibit discrimination against individuals with disabilities. When an evaluation is requested, a committee will be formed to determine if the child is in need of services and supports under Section 504 to receive a free appropriate public education (FAPE), as this is defined in federal law.

The designated person to contact regarding a referral for evaluation applicable to Section 504 is the individual campus counselor(s).

[See policy FB.]

Section II: Other Important Information for Students and Parents

Topics in this section of the Student Handbook contain important information on academics, school activities, and school operations and requirements. Take a moment with your child to become familiar with the various issues addressed in this section. It is organized in alphabetical order to serve as a quick-reference when you or your child has a question about a specific school-related issue. Where possible, the topics are also organized to alert you to the applicability of each topic based on a student's age or grade level. Should you be unable to find the information on a particular topic, please contact the campus principal.

Absences/Attendance

Regular school attendance is essential for a student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day's learning on the previous day's, and to grow as an individual. Absences from class may result in serious disruption of a student's mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws—one dealing with the required presence of school-aged children in school, e.g., compulsory attendance, the other with how a child's attendance affects the award of a student's final grade or course credit—are of special interest to students and parents. They are discussed below.

Compulsory Attendance

Age 19 and Older

A student who voluntarily attends or enrolls after his or her 19th birthday is required to attend each school day until the end of the school year. If a student age 19 or older has more than five unexcused absences in a semester, the district may revoke the student's enrollment. The student's presence on school property thereafter would be unauthorized and may be considered trespassing. [See policy FEA.]

Between Ages 6 and 19

State law requires that a student between the ages of 6 and 19 attend school, as well as any applicable accelerated instruction program, extended year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

State law requires attendance in an accelerated reading instruction program when kindergarten, first grade, or second grade students are assigned to such a program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program as a result of a diagnostic reading instrument.

A student will be required to attend any assigned accelerated instruction program, which may occur before or after school or during the summer, if the student does not meet the passing standards on the state assessment for his or her grade level and/or applicable subject area.

Prekindergarten and Kindergarten

Students enrolled in prekindergarten or kindergarten are required to attend school and are subject to the compulsory attendance requirements as long as they remain enrolled.

Exemptions to Compulsory Attendance

All Grade Levels

State law allows exemptions to the compulsory attendance requirements for several types of absences if the student makes up all work. These include the following activities and events:

- Religious holy days;
- Required court appearances;
- Activities related to obtaining U.S. citizenship;
- Documented health-care appointments for the student or a child of the student, including absences for recognized services for students diagnosed with autism spectrum disorders, if the student comes to school or returns to school on the same day as the appointment. A note from the health-care provider must be submitted upon the student's arrival or return to campus; and
- For students in the conservatorship (custody) of the state,
 - An activity required under a court-ordered service plan; or
 - Any other court-ordered activity, provided it is not practicable to schedule the student's participation in the activity outside of school hours.

As listed in Section I at **Children of Military Families**, absences of up to five days will be excused for a student to visit with a parent, stepparent, or legal guardian who has been called to duty for, is on leave from, or immediately returned from certain deployments.

Secondary Grade Levels

In addition, a junior or senior student's absence of up to two days related to visiting a college or university will be considered an exemption, provided this has been authorized by the board under policy FEA(LOCAL), the student receives approval from the campus principal, follows the campus procedures to verify such a visit, and makes up any work missed.

An absence will also be considered an exemption if a student 17 years of age or older is pursuing enlistment in a branch of the U.S. armed services or Texas National Guard, provided the absence does not exceed four days and the student provides verification to the district of these activities.

Absences of up to two days in a school year will also be considered an exemption for:

- A student serving as an early voting clerk, provided the district's board has authorized this in policy FEA(LOCAL), the student notifies his or her teachers, and the student receives approval from the principal prior to the absences; and
- A student serving as an election clerk, if the student makes up any work missed.

An absence of a student in grades 6–12 for the purpose of sounding "Taps" at a military honors funeral for a deceased veteran will also be excused by the district.

Failure to Comply with Compulsory Attendance

All Grade Levels

School employees must investigate and report violations of the state compulsory attendance law. A student absent without permission from school; from any class; from required special programs, such as additional special instruction, termed “accelerated instruction” by the state; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action.

Students with Disabilities

If a student with a disability is experiencing attendance issues, the student’s ARD committee or Section 504 committee will be notified, and the committee will determine whether the attendance issues warrant an evaluation, a re-evaluation, and/or modifications to the student’s individualized education program or Section 504 plan, as appropriate.

Age 19 and Older

After a student age 19 or older incurs a third unexcused absence, the district will send the student a letter as required by law explaining that the district may revoke the student’s enrollment for the remainder of the school year if the student has more than five unexcused absences in a semester. As an alternative to revoking a student’s enrollment, the district may implement a behavior improvement plan.

Between Ages 6 and 19

When a student between ages 6 and 19 incurs unexcused absences for three or more days or parts of days within a four-week period, the school will send a notice to the student’s parent, as required by law, to remind the parent that it is the parent’s duty to monitor his or her child’s attendance and to require the student to come to school. The notice will also inform the parent that the district will initiate truancy prevention measures and request a conference between school administrators and the parent. These measures will include a behavior improvement plan, school-based community service, or referrals to either in-school or out-of-school counseling or other social services. Any other measures considered appropriate by the district will also be initiated.

The truancy prevention facilitator for the district is Mark Mckinley. If you have questions about your student and the effect of his or her absences from school, please contact the facilitator or any other campus administrator.

A court of law may also impose penalties against a student’s parent if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student is absent without excuse from school on ten or more days or parts of days within a six-month period in the same school year.

If a student ages 12–18 incurs unexcused absences on ten or more days or parts of days within a six-month period in the same school year, the district, in most circumstances, will refer the student to truancy court.

[See policy FEA(LEGAL).]

Attendance for Credit or Final Grade (Kindergarten–Grade 12)

To receive credit or a final grade in a class, a student in kindergarten–grade 12 must attend at least 90 percent of the days the class is offered. A student who attends at least 75 percent but fewer than 90 percent of the days the class is offered may receive credit or a final grade for the class if he or she completes a plan, approved by the principal, that allows the student to fulfill the instructional requirements for the class. If a student is involved in a criminal or juvenile court proceeding, the approval of the judge presiding over the case will also be required before the student receives credit or a final grade for the class.

If a student attends less than 75 percent of the days a class is offered or has not completed the plan approved by the principal, then the student will be referred to the attendance review committee to determine whether there are extenuating circumstances for the absences and how the student can regain credit or a final grade lost because of absences. [See policy FEC.]

All absences, whether excused or unexcused, must be considered in determining whether a student has attended the required percentage of days. In determining whether there were extenuating circumstances for the absences, the attendance committee will use the following guidelines:

- If makeup work is completed, absences for the reasons listed above at **Exemptions to Compulsory Attendance** will be considered extenuating circumstances for purposes of attendance for credit or the award of a final grade.
- A transfer or migrant student begins to accumulate absences only after he or she has enrolled in the district.
- In reaching a decision about a student’s absences, the committee will attempt to ensure that it is in the best interest of the student.
- The campus principal/attendance committee always consider absences for participation in extracurricular activities as extenuating circumstances to the 90 percent rule. The committee will review absences incurred based on the student’s participation in board-approved extracurricular activities. These absences will be considered by the attendance committee as extenuating circumstances in accordance with the absences allowed under FM(LOCAL) if the student made up the work missed in each class.
- The committee will consider the acceptability and authenticity of documented reasons for the student’s absences.
- The committee will consider whether the absences were for reasons over which the student or the student’s parent could exercise any control.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student or parent will be given an opportunity to present any information to the committee about the absences and to talk about ways to earn or regain credit or a final grade.

The student or parent may appeal the committee's decision to the board by following policy FNG(LOCAL).

The actual number of days a student must be in attendance in order to receive credit or a final grade will depend on whether the class is for a full semester or for a full year.

Official Attendance-Taking Time (All Grade Levels)

The district must submit attendance of its students to the TEA reflecting attendance at a specific time each day. Official attendance is taken every day at 10:00 a.m. which is during the second instructional hour as required by state rule.

A student absent for any portion of the day, including at the official attendance-taking time, should follow the procedures below to provide documentation of the absence.

Documentation after an Absence (All Grade Levels)

When a student is absent from school, the student—upon arrival or return to school—must bring a note signed by the parent that describes the reason for the absence. A note signed by the student, even with the parent's permission, will not be accepted unless the student is age 18 or older or is an emancipated minor under state law. A phone call from the parent may be accepted, but the district reserves the right to require a written note.

The campus will document in its attendance records for the student whether the absence is considered by the district to be excused or unexcused. **Note:** Unless the absence is for a statutorily allowed reason under compulsory attendance laws, the district is not required to excuse any absence, even if the parent provides a note explaining the absence.

Doctor's Note after an Absence for Illness (All Grade Levels)

Upon returning to school, a student absent for more than 5 consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the student's extended absence from school. Otherwise, the student's absence may be considered unexcused and, if so, would be considered to be in violation of compulsory attendance laws.

Should the student develop a questionable pattern of absences, the principal or attendance committee may require a statement from a doctor or health clinic verifying the illness or condition that caused the student's absence from school in order to determine whether the absence or absences will be excused or unexcused.[See policy FEC(LOCAL).]

A student is only allowed to present parent notes for a total of five (5) absences per year to be considered excused. After an attendance officer's truancy warning or after five days absence with parent notes, all excuses shall come from health care professional(s) or must be excused at the campus principal's discretion. A note signed by the student, even with the parent's permission, will not be accepted unless the student is 18 or older.

The district accepts the following as extenuating circumstances for the purpose of granting credit for a class; ALL require written documentation such as medical verification when attended by a physician:

- An extracurricular activity or public performance, subject to approval by the District's Board of Trustees.

- A District-approved mentorship designed to meet requirements of an advanced measure for the Distinguished Achievement graduation program.
- Required screening, diagnosis, and treatment for Medicaid-eligible students.
- A documented health care appointment.
- A temporary absence resulting from any cause acceptable to the principal, including personal illness, or illness or death in the immediate family (mother, father, siblings, or household members).
- A juvenile court proceeding documented by a probation officer.
- An absence required by state or local welfare authorities.
- A family emergency or unforeseen or unavoidable instance requiring immediate attention.
- An approved college visitation.

Absent Notes Upon Return To School

When a student is absent from school, the student – upon returning to school – must bring a note from a parent/guardian which should include the following:

- Current date
- Student’s first and last name
- Date(s) of absence(s)
- Reason for absence(s)
- Signature of parent/guardian. A note signed by the student, even with the parent’s permission, will not be accepted unless the student is 18 or older.

If a student was seen by a health care provider, include documentation of the visit. The documentation should be on official paper from the health care provider and should include the following:

- Student’s first and last name
- Name of health care provider
- Phone number
- Date of office visit
- Signature of health care provider (Signature may be stamp of the health care provider). The health care appointment must be for the student, not a sibling or parent, in order for the absence to be considered ‘excused by a doctor note’.

All absent notes must be provided within 5 days after the student returns to school or the absence(s) will be unexcused. **A student who returns to school following an absence and has no parental note stating the reason will be given an unexcused absence. The absence will be changed to an excused absence if the student provides a parental note regarding illness or death in the family within five (5) school days after returning to school. After five (5) school days, the absence will be posted as an unexcused absence.** The principal has the discretion to accept a note that is provided after the fifth day. Regardless of whether or not a note is provided, upon returning to school, the student must report to the attendance office for an admit slip. Parent notes can excuse (5) days of illness, or the principal can excuse any number beyond five, unless the attendance officer has issued a warning. After an attendance officer’s truancy warning or after five days absence with parent notes, all excuses must come from a health care provider.

Leaving School Early

A student who consistently leaves the campus early misses valuable instruction in the same class and learning is also disrupted for all students. Therefore, a student leaving school early should be avoided if at

all possible. Appointments with a health care provider should be scheduled after school, however, if an appointment must be made during school hours, then the student must be signed out through the school office by a parent, guardian, or adult listed as an emergency contact. Students will not be released to anyone not listed as an emergency contact without parental permission.

While at school, when a student is ill they should report to the nurse's office to be evaluated. The nurse will contact the parent if the child needs to leave school. This absence will be excused by the nurse. If the nurse contacts a parent only to inform them that their student was seen in their office, and the parent picks the student up early, then that absence will not be excused by the nurse.

As already stated, a note must be provided upon return to school when a student is absent, including leaving school early, or the absence will be unexcused. Leaving school early is considered a 'part of a day absent' and may result in truancy charges being filed, as stated in the Compulsory Attendance section. Furthermore, students leaving school early may prohibit a student from receiving a 'Perfect Attendance' award, even if the student was in attendance at the official attendance time.

Each campus has an official time to take attendance for state funding. However, the Junior High and High School campuses take attendance each class period. If a student leaves after the official attendance time, they will be counted absent in the periods they miss for the remainder of the day.

Absence Classifications

In order to eliminate absences which are not necessary and so that the administrator will know that a student's parents have knowledge of all absences from school, the following policy concerning excuses is in effect:

EXCUSED ABSENCES - where the absence is due to the personal illness of the student, or where illness or death occurs in the family of the students.

UNEXCUSED ABSENCES - absences for reasons other than illness or death in the family will be recorded as unexcused.

PRE-ARRANGED UNEXCUSED ABSENCES - students with pre-arranged absences may receive full credit for all homework assignments and tests, if the student and parent make arrangements with the principal before the absence occurs. The parent should make the request in writing ***at least 3 days prior*** to the absence. The request should include the dates expected to be missed and the reason for the absence. It is the student's responsibility to request assignments and complete as many assignments and tests as possible ***prior*** to the absence.

DOCUMENTED MEDICAL ABSENCES - A school district shall excuse a student for temporary absence resulting from health care professionals if that student returns to school on the same day of the appointment. A student whose absence is excused under this subsection shall be counted as if the student attended school for purposes of calculating the average daily attendance of students in the school district. A student whose absence is excused under this subsection shall be allowed a reasonable time (See part 1) to make up schoolwork missed on those days. If the student satisfactorily completes the schoolwork, the day of absence shall be counted as a day of compulsory attendance. Upon return to school students have 5 school days to provide documentation from a health care professional.

Attendance and School-Related Activity

Students who are absent from school for more than a half-day for any reason will not be allowed to participate in school-related or school-sponsored activities on that day or evening.

Attendance Warning Notice

Excessive absences will result in assessment of penalties by a court of law against both the student and the parents. The student's parent is subject to prosecution under Education Code 25.093, and the student is subject to prosecution under Education Code 25. FEA (LEGAL). All absences, whether excused or unexcused, will be considered in determining whether a student has attended the required percentage of days. If makeup work is completed, absences for religious holy days and health-care appointments will be considered days of attendance for this purpose. A transfer or migrant student incurs absences only after his or her enrollment in the District. For a student transferring into the District after school begins, including a migrant student, only those absences after enrollment will be considered.

Closed Campus

All students, upon arrival on the campus, will be required to remain on campus during the school day with the following exceptions:

1. Students may go home for lunch if transported to and from home by a parent or a member of the immediate family after signing out at the office. Students must sign in at the office upon return.
2. Those students who for medical reasons must follow a restricted diet may go home for lunch after signing out at the office. A doctor's statement must be on file in the Principal's office.
3. Students assigned to home-based instruction, DAEP, suspended, and/or expelled from school will not be allowed to come on the school campus at any time without permission from the administration. (SCC).

Perfect Attendance

A student who is absent for more than 25 minutes per day will not be eligible for perfect attendance recognition. Documented medical excuses will not affect perfect attendance provided the student is in attendance part of the day. Documented 4-H absences approved and supervised by the County Extension Agent will not affect perfect attendance.

Truancy

Truancy is a very serious offense. A student will be truant if he leaves home to attend school but goes elsewhere, and if a student leaves school or fail to attend class without permission from the Principal. Regardless of the reason for leaving school during the school day, corrective measures will be taken immediately. A student who leaves class without permission of the teacher may be considered truant if the circumstances warrant. These absences will be unexcused. Current law requires that a truancy complaint be filed in the court where the child has been referred under Family Code Section 51.03(b) (2), if any such referral has been made. An offense is a Class C misdemeanor. Each day is a separate offense, and multiple

offenses may be consolidated. In addition, the court is authorized to order the child to render personal services to a charitable or educational institution as a condition of probation.

Tardiness

Students who are tardy, whether to school or between classes, disrupt learning for the entire class. Tardiness between classes may result in disciplinary action being taken as determined by each campus and the Student Code of Conduct.

Tardy to School - Students tardy to school must sign in at the Principal's Office before being admitted to class. When a student receives **three (3) tardies** to school **during a six weeks**, he or she will be sent to the office for corrective measures. Repeated instances of tardiness shall result in more severe disciplinary action, in accordance with the Student Code of Conduct.

Tardy to Class - Students tardy to class will report to the classroom. In most cases tardy to class will be unexcused unless the student has a pass from a teacher or the office. Students will be recorded as tardy by the teacher when entering a class after that tardy bell has sounded. When a student receives an unexcused tardy he will be informed and the unexcused tardy will be recorded in the office. When a student receives a third (3) unexcused tardy to class during a six weeks, he or she will report to the office for corrective measures. Unexcused tardies will accumulate until the end of the six weeks period. The student's tardy record will be cleared at the end of the six-week period. A student who is tardy for more than 25 minutes of the class period will be counted absent. This counts on the attendance law. Repeated instances of tardiness shall result in more severe disciplinary action, in accordance with the Student Code of Conduct.

After-School Detention and Attendance Make-up on Tuesday and Thursday

Junior High and High School

The following procedures will be followed that deal mainly with transportation for after-school detention. In an effort to avoid confusion and provide a safe environment for all parties:

Junior High - Students assigned to after-school detention/attendance make-up will report to the Jr. High SAC room at 3:30 and will be dismissed at 5:30 p.m. Students are to be picked up at promptly at 5:30 pm.

High School - Students assigned to after-school detention/attendance make-up will report to the High School SAC location behind the High School Band Hall at 3:30 and will be dismissed at 4:30 p.m.

If the parent prefers that the student walk home, a note signed by the parent must be brought to the office prior to going to after school detention.

Elementary - Elementary students will attend after school detention on the Elementary campus. The elementary students will be picked up in front of the Elementary campus.

Elementary and Secondary

Parents who do not pick up their child or have their child picked up on time will be assessed a minimum charge of \$10.00 for the first 30 minutes to cover the cost of overtime wages paid for extended supervision. An additional fee of \$6.00 will be assessed for each 30 minutes after 6:00 p.m. If no one has arrived by 6:00

p.m. local law enforcement will be notified. At 6:30 pm (1hour) the case will be turned over to law enforcement and Child Protective Services will be notified.

After -School Detention Operating Procedures

15 minutes after closing time - Make an effort to call parent. Notify school security officer that assistance may be required. Notify local law enforcement if school security officer is not available.

30 minutes after closing time - Request assistance from school security officer. Request assistance from local law enforcement if school security officer is not available.

One hour after closing time - Turn the student and the case over to the officer. Report the incident to the campus principal.

Repeat offenders - Request assistance from officer after 15 minutes and turn the case over to the officer upon arrival.

**After-School detention will not be a disciplinary option for students who are not picked up/picked up late on more than one occasion.

Returning To School

Any child returning to school after having a contagious condition such as a strep throat, the flu, pink eye or chicken pox should meet the following criteria:

- Be free of acute illness symptoms
- Have a temperature below 100.4 degrees F for 24 hours.
- In the case of chicken pox and shingles- all lesions must be scabbed over (after 7 days from onset of rash)
- Have a release for return to school from the physician and be free from fever for 24 hours.
- Have a student checked by nurse for head lice

Consult your physician if in doubt.

Driver License Attendance Verification (Secondary Grade Levels Only)

For a student between the ages of 16 and 18 to obtain a driver license, written parental permission must be provided for the Texas Department of Public Safety (DPS) to access the student's attendance records and, in certain circumstances, for a school administrator to provide the student's attendance information to DPS. A verification of enrollment (VOE) and attendance form may be obtained from the office, which the student will need to submit to DPS upon application for a driver license.

ACADEMIC PROGRAMS

The school counselor provides students and parents information regarding academic programs to prepare for higher education and career choices. [For more information, see ***Academic Counseling*** in this handbook and policy at EIF.]

Title 1, Part A

Title I, Part A, provides supplemental resources to local education agencies to help schools with high concentrations of students from low-income families provide high-quality education that will enable all

children to meet the state student performance standards. Buna Elementary participates in the Title I, Part A program and meets all 10 of the program requirements.

Honor Classes

Students enrolled in honors classes are expected to maintain an average of 90 or above. A student whose average falls below an 85 (after being placed on probation) will be moved to another class to better meet his/her educational needs.

Requirements for Certain Electives at Junior High

Robotics:

- Teacher Recommendation for students going into the 7th and 8th grade
- Strong academic record
- Good attendance - no more than 5 absences the previous year
- Ability to get along with others and work well as a team. Evidence: teacher observation/discipline
- The ability to problem solve

Spanish 1:

- 8th Grade students only
- Good attendance - no more than 5 absences the previous year
- Strong academic record

Honor Roll at Elementary and Junior High

In order to encourage a high degree of scholastic work, the school will make available to the newspaper a list of honor students for each six (6) weeks period. Students with all A's at the end of a six (6) weeks period will be name to the "A" Honor Roll. Students with all A's and/or B's at the end of the six (6) weeks period will be named to the "A-B" Honor roll. The end of the year honor rolls will be determined by the average grade in each subject at the end of the 5th Six Weeks using the same format.

Accountability under State and Federal Law (All Grade Levels)

Buna ISD and each of its campuses are held to certain standards of accountability under state and federal law. A key component of the accountability requirements is the dissemination and publication of certain reports and information, which include:

- The Texas Academic Performance Report (TAPR) for the district, compiled by TEA, the state agency that oversees public education, based on academic factors and ratings;
- A School Report Card (SRC) for each campus in the district compiled by TEA based on academic factors and ratings;
- The district's financial management report, which will include the financial accountability rating assigned to the district by TEA; and
- Information compiled by TEA for the submission of a federal report card that is required by federal law.

This information can be found on the district's website at www.bunaisd.net. Hard copies of any reports are available upon request to the district's administration office.

TEA also maintains additional accountability and accreditation information at [TEA Performance Reporting Division](#) and the [TEA homepage](#).

Armed Services Vocational Aptitude Battery Test

A student in grades 10-12 will be offered an opportunity to take the armed Services Vocational Aptitude Battery test and consult with a military recruiter.

This test shall be offered at a date to be announced later.

Please contact the principal for information about this opportunity.

Bullying (All Grade Levels)

Bullying is defined in Section 37.0832 of the Education Code as a single significant act or a pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that:

- Has the effect or will have the effect of physically harming a student, damaging a student's property, or
- Placing a student in reasonable fear of harm to the student's person or of damage to the student's property;
- Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student;
- Materially and substantially disrupts the educational process or the orderly operation of a classroom or school; or
- Infringes on the rights of the victim at school.

Bullying includes cyberbullying. Cyberbullying is defined by Section 37.0832 of the Education Code as bullying that is done through the use of any electronic communication device, including through the use of any electronic communication device, including through the use of a cellular or other type of telephone, a computer or camera, electronic mail, instant messaging, a social media application, an Internet website, or any other Internet-based communication tool.

The district is required to adopt policies and procedures regarding:

1. Bullying that occurs on or is delivered to school property or to the site of a school-sponsored or school-related activity on or off school property;
2. Bullying that occurs on a publicly or privately owned school bus or vehicle being used for transportation of students to and from school or a school-sponsored activity; and
3. Cyberbullying that occurs off school property or outside a school-sponsored or school-related activity if the cyberbullying interferes with a student's educational opportunities or substantially

disrupts the orderly operation of a classroom, a school, or school-sponsored or school-related activity.

Bullying is prohibited by the district and could include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name-calling, rumor-spreading, or ostracism.

If a student believes that he or she has experienced bullying or has witnessed bullying of another student, it is important for the student or parent to notify a teacher, school counselor, principal, or another district employee as soon as possible to obtain assistance and intervention. The administration will investigate any allegations of bullying or other related misconduct. The district will also provide notice to the parent of the alleged victim and the parent of the student alleged to have engaged in bullying. A student may anonymously report an alleged incident of bullying.

If the results of an investigation indicate that bullying has occurred, the administration will take appropriate disciplinary action and may notify law enforcement in certain circumstances. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying. Available counseling options will be provided to these individuals, as well as to any students who have been identified as witnesses to the bullying.

Any retaliation against a student who reports an incident of bullying is prohibited.

Upon the recommendation of the administration, the board may, in response to an identified case of bullying, decide to transfer a student found to have engaged in bullying to another classroom at the campus. In consultation with the student's parent, the student may also be transferred to another campus in the district. The parent of a student who has been determined by the district to be a victim of bullying may request that his or her child be transferred to another classroom or campus within the district. [See **Safety Transfers/Assignments.**]

A copy of the district's policy is available in the principal's office, superintendent's office, and on the district's website, and is included at the end of this handbook in the form of an appendix. Procedures related to reporting allegations of bullying may also be found on the district's website.

A student or parent who is dissatisfied with the outcome of an investigation may appeal through policy FNG(LOCAL).

[See **Safety Transfers/Assignments** on page 21, **Dating Violence, Discrimination, Harassment, and Retaliation, Hazing**, policy FFI, and the district improvement plan, a copy of which can be viewed in the campus office.]

Career and Technical Education (CTE) Programs (Secondary Grade Levels Only)

The district offers career and technical education programs in the following areas: Agriculture, Drafting, Arts, Audio Visual Technology, Automotive Technology, Business Information Management, Cosmetology, Health Science, Information Technology, Nursing, Science, Technology, and Speech.

These programs will be offered without regard to race, color, national origin, sex, or disability. Buna ISD will take steps to ensure that lack of English language skills will not be a barrier to admission and participation in

all educational and CTE programs. [See **Nondiscrimination Statement** for the name and contact information for the Title IX coordinator and Section 504 coordinator, who will address certain allegations of discrimination.]

Celebrations (All Grade Levels)

Although a parent or grandparent is not prohibited from providing food for a school-designated function or for children in the child's or grandchild's classroom for his or her birthday, please be aware that children in the school may have severe allergies to certain food products. Therefore, it is imperative to discuss this with the child's teacher prior to bringing any food in this circumstance. Occasionally, the school or a class may host certain functions or celebrations tied to the curriculum that will involve food. The school or teacher will notify students and parents of any known food allergies when soliciting potential volunteers for bringing food products.

[See **Food Allergies.**]

Child Sexual Abuse and Other Maltreatment of Children (All Grade Levels)

The district has established a plan for addressing child sexual abuse and other maltreatment of children, which may be accessed at www.bunaisd.net. As a parent, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. A person who compels or encourages a child to engage in sexual conduct commits abuse. It is illegal to make or possess child pornography or to display such material to a child. Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

Possible physical warning signs of sexual abuse could be difficulty sitting or walking, pain in the genital areas, and claims of stomachaches and headaches. Behavioral indicators may include verbal references or pretend games of sexual activity between adults and children, fear of being alone with adults of a particular gender, or sexually suggestive behavior. Emotional warning signs to be aware of include withdrawal, depression, sleeping and eating disorders, and problems in school.

A child who has experienced sexual abuse or any other type of abuse or neglect should be encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that disclosures of sexual abuse may be more indirect than disclosures of physical abuse and neglect, and it is important to be calm and comforting if your child, or another child, confides in you. Reassure the child that he or she did the right thing by telling you.

As a parent, if your child is a victim of sexual abuse or other maltreatment, the school counselor or principal will provide information regarding counseling options for you and your child available in your area. The Texas Department of Family and Protective Services (DFPS) also manages early intervention counseling programs. [To find out what services may be available in your county, see [Texas Department of Family and Protective Services, Programs Available in Your County](#).]

The following websites might help you become more aware of child abuse and neglect:

- [Child Welfare Information Gateway Factsheet](#)
- [KidsHealth, For Parents, Child Abuse](#)
- [Texas Association Against Sexual Assault, Resources](#)
- [Texas Attorney General, What We Can Do About Child Abuse Part 1](#)
- [Texas Attorney General, What We Can Do About Child Abuse Part 2](#)

Reports of abuse or neglect may be made to:

The CPS division of the DFPS (1-800-252-5400 or on the web at [Texas Abuse Hotline Website](#)).

Class Rank/Highest-Ranking Student (Secondary Grade Levels Only)

Class ranking shall be determined by averaging all grades through the fifth six-week grading period of the senior year. The grade point average (GPA) shall be rounded to the fifth decimal point. Grades transferred from other schools shall be credited in conformity with the course descriptions approved for the established grading system. Grades earned in correspondence courses, local credit courses, high school courses taken in middle school, summer school courses, and grades earned through credit by examination shall not be included in this calculation.

The valedictorian and salutatorian shall be the eligible students with the highest and second highest ranking as determined by this policy and who complete the Recommended Program or the Advanced/Distinguished Achievement Program. To be eligible, a student must also have been continuously enrolled in the District high school for the four semesters preceding graduation. Should a tie develop for valedictorian, the student who has taken the most weighted courses shall be named valedictorian.

All graduating students meeting the following criteria shall be recognized as honor graduates:

1. Achieving a GPA of 4.0 or above.
2. Completing the Recommended Program or Advanced/

The following grading system will be used to average grades. All students will be given a numerical grade and grade points for each course.

GRADE POINTS & GRADE EQUIVALENTS COMPARISON

	<i>Grade of 90</i>	<i>Grade of 80</i>	<i>Grade of 70</i>	<i>Grade Below 70</i>
Pre-AP & AP	5.0	4.0	3.0	0
Regular	4.0	3.0	2.0	0
Non TEKS Classes <i>(That do Not Follow TEA TEKS)</i>	3.0	2.0	1.0	0

Top Ten Percent

All students whose grade point averages comprise the top ten percent of the graduating class and qualify for automatic admission under Education Code 51.803 shall be recognized.

Eligibility standards required for the local procedure for determining valedictorian and salutatorian (or other local honor positions) shall not apply to the procedure for determining the top ten percent. The GPA shall be reported on the student's transcript as required by TEA and made available in accordance with the application deadline when requested by the student. [See EIC(LEGAL)]

To be eligible to graduate early, a student shall complete all coursework and state testing required of the ninth grade class in which he or she begins high school. A student who completes the high school program requirements in fewer than four years shall be ranked in the class with which he or she actually graduates. Early graduates shall be eligible for honors positions including valedictorian and salutatorian.

A student who transfers into the District high school shall receive similar credits counted toward the GPA according to the list of courses offered in the District and the grade point scale used for credit earned in the District. Students transferring into the District shall receive the numerical grade that was earned in courses at another school.

Letter grades shall be recorded as follows:

Transfer Grade Conversion Chart

A+ = 98	B+ = 88	C+ = 79	D+ = 74
A = 95	B = 85	C = 77	D = 72
A - = 92	B - = 82	C - = 75	D - = 70
F = 69			

[For further information, see policies at EIC.]

For two school years following his or her graduation, a district student who graduates in the top ten percent of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student:

- Completes the Recommended or Advanced/Distinguished Achievement Program; or
- Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.

Students and parents should contact the counselor for further information about the application process and deadlines. For further information, see policy at EIC.

Class Schedules (Secondary Grade Levels Only)

All students are expected to attend school for the entire school day and maintain a class/course schedule to fulfill each period of the day. Exceptions may be made occasionally by the campus principal for students in grades 9–12 who meet specific criteria and receive parental consent to enroll in less than a full-day's schedule.

[See **Schedule Changes Error! Bookmark not defined.** for information related to student requests to revise their course schedule.]

College and University Admissions (Secondary Grade Levels Only)

For two school years following his or her graduation, a district student who graduates in the top ten percent and, in some cases, the top 25 percent, of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student:

- Completes the distinguished level of achievement under the foundation graduation program (a student must graduate with at least one endorsement and must have taken Algebra II as one of the four required math courses); or
- Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.

In addition, the student must submit a completed application for admission in accordance with the deadline established by the college or university. The student is ultimately responsible for ensuring that he or she meets the admission requirements of the university or college to which the student submits an application.

The University of Texas at Austin may limit the number of students automatically admitted to 75 percent of the University's enrollment capacity for incoming resident freshmen. For students who are eligible to enroll in the University during the summer or fall 2018 term, the University will be admitting the top seven percent of the high school's graduating class who meet the above requirements. Additional applicants will be considered by the University through a holistic review process.

Should a college or university adopt an admissions policy that automatically accepts the top 25 percent of a graduating class, the provisions above will also apply to a student ranked in the top 25 percent of his or her class.

Students and parents should contact the school counselor for further information about automatic admissions, the application process, and deadlines.

[See **Class Rank/Highest-Ranking Student** for information specifically related to how the district calculates a student's rank in class, and requirements for **Graduation** for information associated with the foundation graduation program].

[See **Students in the Conservatorship of the State (Foster Care)** for information on assistance in transitioning to higher education for students in foster care.

College Credit Courses (Secondary Grade Levels Only)

Students in grades 9–12 have opportunities to earn college credit through the following methods:

- Certain courses taught at the high school campus, which may include courses termed dual credit, Advanced Placement (AP), International Baccalaureate (IB), or college preparatory;
- Enrollment in an AP or dual credit course through the Texas Virtual School Network (TXVSN);
- Enrollment in courses taught in conjunction and in partnership with Lamar University;
- Enrollment in courses taught at other colleges or universities; and
- Certain CTE courses.

All of these methods have eligibility requirements and must be approved prior to enrollment in the course. Please see the school counselor for more information. Depending on the student's grade level and the course, a state-mandated end-of-course assessment may be required for graduation.

It is important to keep in mind that not all colleges and universities accept credit earned in all dual credit or AP courses taken in high school for college credit. Students and parents should check with the prospective college or university to determine if a particular course will count toward the student's desired degree plan.

Communications—Automated

Emergency

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. An emergency purpose may include early dismissal or delayed opening because of severe weather or another emergency, or if the campus must restrict access due to a security threat. It is crucial to notify your child's school when a phone number previously provided to the district has changed.

[See **Safety** for information regarding contact with parents during an emergency situation.]

Nonemergency

Your child's school will request that you provide contact information, such as your phone number and e-mail address, in order for the school to communicate items specific to your child, your child's school, or the district. If you consent to receive such information through a landline or wireless phone, please ensure that you notify the school's administration office immediately upon a change in your phone number. The district or school may generate automated or pre-recorded messages, text messages, or real-time phone or e-mail communications that are closely related the school's mission, so prompt notification of any change in contact information will be crucial to maintain timely communication with you. Standard messaging rates of your phone carrier may apply. If you have specific requests or needs related to how the district contacts you, please contact your child's principal. [See **Safety** for information regarding contact with parents during an emergency situation.]

Complaints and Concerns (All Grade Levels)

Usually student or parent complaints or concerns can be addressed informally by a phone call or a conference with the teacher or principal. For those complaints and concerns that cannot be handled so easily, the board has adopted a standard complaint policy at FNG(LOCAL) in the district's policy manual. A copy of this policy may be obtained in the principal's or superintendent's office www.bunaisd.net.

Should a parent or student feel a need to file a formal complaint, the parent or student should file a district complaint form within the timelines established in policy FNG(LOCAL). In general, the student or parent should submit the written complaint form to the campus principal. If the concern is not resolved, a request for a conference should be sent to the superintendent. If still unresolved, the district provides for the complaint to be presented to the board of trustees.

Conduct (All Grade Levels)

Applicability of School Rules

As required by law, the board has adopted a Student Code of Conduct that prohibits certain behaviors and defines standards of acceptable behavior—both on and off campus as well as on district vehicles—and consequences for violation of these standards. The district has disciplinary authority over a student in accordance with the Student Code of Conduct. Students and parents should be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules. During any periods of instruction during the summer months, the Student Handbook and Student Code of Conduct in place for the year immediately preceding the summer period shall apply, unless the district amends either or both documents for the purposes of summer instruction.

Campus Behavior Coordinator

By law, each campus has a campus behavior coordinator to apply discipline management techniques and administer consequences for certain student misconduct, as well as provide a point of contact for student misconduct. The campus behavior coordinator at each district campus is listed below:

- Karen Hebert- Elementary Assistant Principal 994-4840
- Pete Bond- Junior High Assistant Principal 994-4860
- Mike Brewster- High School Assistant Principal 994-4811

Disruptions of School Operations

Disruptions of school operations are not tolerated and may constitute a misdemeanor offense. As identified by law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.
- Interference with an authorized activity by seizing control of all or part of a building.
- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Use of force, violence, or threats to cause disruption during an assembly.
- Interference with the movement of people at an exit or an entrance to district property.
- Use of force, violence, or threats in an attempt to prevent people from entering or leaving district property without authorization from an administrator.
- Disruption of classes or other school activities while on district property or on public property that is within 500 feet of district property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; and entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct.
- Interference with the transportation of students in vehicles owned or operated by the district.

Social Events

School rules apply to all school social events. Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest.

A student attending a social event will be asked to sign out when leaving before the end of the event; anyone leaving before the official end of the event will not be readmitted.

Please contact the campus principal if you are interested in serving as a chaperone for any school social events.

Non-School Sponsored Junior High Dances

During each school year several dances for Jr. High aged students are sponsored by non-school groups i.e. Project Graduation, Fellowship of Christian Athletes, Eighth Grade Prom Parents, etc. Like Little Dribblers, Little League Football, and Little League Baseball these dances are held in school facilities but are not school-sponsored events. They are chaperoned by parents and other adults and are required by school policy to have a security officer present. Some of these adults may be school personnel but are acting in a parental/adult role only, not representing the school. School responsibility for student behavior at these activities is limited to such things as damage to school property and violations of state and federal law.

Counseling

Academic Counseling

Elementary and Middle/Junior High School Grade Levels

The school counselor is available to students and parents to talk about the importance of postsecondary education and how best to plan for postsecondary education, including appropriate courses to consider and financial aid availability and requirements.

In either grade 7 or 8, each student will receive instruction related to how the student can best prepare for high school, college, and a career.

High School Grade Levels

High school students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn more about course offerings, graduation requirements, and early graduation procedures. Each year, high school students will be provided information on anticipated course offerings for the next school year and other information that will help them make the most of academic and CTE opportunities, as well as information on the importance of postsecondary education.

The school counselor can also provide information about entrance exams and application deadlines, as well as information about automatic admission, financial aid, housing, and scholarships as these relate to state colleges and universities. The school counselor can also provide information about workforce opportunities after graduation or technical and trade school opportunities, including opportunities to earn industry-recognized certificates and licenses.

Personal Counseling (All Grade Levels)

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional or mental health issues, or substance abuse. A student who wishes to meet with the school counselor should request to speak with them or sign in at the office. As a parent, if you are concerned about your child's mental or emotional health, please speak with the school counselor for a list of resources that may be of assistance.

[See **Substance Abuse Prevention and Intervention** and **Suicide Awareness and Mental Health Support.**]

Course Credit (Secondary Grade Levels Only)

A student in grades 9–12, or in a lower grade when a student is enrolled in a high school credit-bearing course, will earn credit for a course only if the final grade is 70 or above. For a two-semester (1 credit) course, the student's grades from both semesters will be averaged and credit will be awarded if the combined average is 70 or above. Should the student's combined average be less than 70, the student will be required to retake the semester in which he or she failed.

Credit by Examination—If a Student Has Taken the Course/Subject (All Grade Levels)

A student who has previously taken a course or subject—but did not receive credit or a final grade for it—may, in circumstances determined by the principal or attendance committee, be permitted to earn credit or a final grade by passing an exam approved by the district's board of trustees on the essential knowledge and skills defined for that course or subject. Prior instruction may include, for example, incomplete coursework due to a failed course or excessive absences, homeschooling, or coursework by a student transferring from a nonaccredited school. The opportunity to take an examination to earn credit for a course or to be awarded a final grade in a subject after the student has had prior instruction is sometimes referred to as "credit recovery."

The school counselor or principal would determine if the student could take an exam for this purpose. If approval is granted, the student must score at least 70 on the exam to receive credit for the course or subject.

The attendance review committee may also offer a student with excessive absences an opportunity to earn credit for a course by passing an exam.

[For further information, see the school counselor and policy EHDB(LOCAL).]

Credit by Examination for Advancement/Acceleration—If a Student Has Not Taken the Course/Subject

A student will be permitted to take an exam to earn credit for an academic course or subject area for which the student has had no prior instruction, i.e., for advancement or to accelerate to the next grade level. The exams offered by the district are approved by the district's board of trustees, and state law requires the use of certain exams, such as College Board Advanced Placement (AP) and College Level Examination Program (CLEP) tests, when applicable. The dates on which exams are scheduled during the 2017–18 school year will be published in appropriate district publications and on the district's website. The only exceptions to the

published dates will be for any exams administered by another entity besides the district or if a request is made outside of these time frames by a student experiencing homelessness or by a student involved in the foster care system. When another entity administers an exam, a student and the district must comply with the testing schedule of the other entity. During each testing window provided by the district, a student may attempt a specific exam only once.

If a student plans to take an exam, the student (or parent) must register with the school counselor no later than 30 days prior to the scheduled testing date. [For further information, see policy EHDC.]

Kindergarten Acceleration

Students in Grades 1–5

A student in elementary school will be eligible to accelerate to the next grade level if the student scores at least 80 on each exam in the subject areas of language arts, mathematics, science, and social studies, a district administrator recommends that the student be accelerated, and the student’s parent gives written approval of the grade advancement.

Students in Grades 6–12

A student in grade 6 or above will earn course credit with a passing score of at least 80 on the exam, a scaled score of 50 or higher on an exam administered through the CLEP, or a score of 3 or higher on an AP exam, as applicable. A student may take an exam to earn high school course credit no more than twice. If a student fails to achieve the designated score on the applicable exam before the beginning of the school year in which the student would need to enroll in the course according to the school’s high school course sequence, the student must complete the course.

Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels)

The district believes that all students learn best in an environment free from dating violence, discrimination, harassment, and retaliation and that their welfare is best served when they are free from this prohibited conduct while attending school. Students are expected to treat other students and district employees with courtesy and respect, to avoid behaviors known to be offensive, and to stop those behaviors when asked or told to stop. District employees are expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person’s race, color, religion, gender, national origin, disability, or any other basis prohibited by law. A copy of the district’s policy is available in the principal’s office and in the superintendent’s office or on the district website. [See policy FFH.]

Dating Violence

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship. Dating violence also occurs when a person commits these acts against a person in a marriage or dating relationship with the individual who is or was once in a marriage or dating relationship with the person committing the offense. This type of conduct is considered harassment if the conduct is so severe, persistent, or pervasive that it affects the student’s ability to participate in or benefit from an educational program or activity;

creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of dating violence against a student may include, but are not limited to, physical or sexual assaults; name-calling; put-downs; threats to hurt the student, the student's family members, or members of the student's household; destroying property belonging to the student; threats to commit suicide or homicide if the student ends the relationship; threats to harm a student's current dating partner; attempts to isolate the student from friends and family; stalking; or encouraging others to engage in these behaviors.

Discrimination

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, sex, gender, national origin, disability, age, or any other basis prohibited by law that negatively affects the student.

Harassment

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of harassment may include, but are not limited to, offensive or derogatory language directed at a person's religious beliefs or practices, accent, skin color, or need for accommodation; threatening, intimidating, or humiliating conduct; offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

In addition to dating violence as described above, two other types of prohibited harassment are described below.

Sexual Harassment and Gender-Based Harassment

Sexual harassment and gender-based harassment of a student by an employee, volunteer, or another student are prohibited.

Examples of sexual harassment may include, but not be limited to, touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature, such as comforting a child with a hug or taking the child's hand. However, romantic and other inappropriate social relationships, as well as all sexual relationships, between students and district employees are prohibited, even if consensual.

Gender-based harassment includes harassment based on a student's gender, expression by the student of stereotypical characteristics associated with the student's gender, or the student's failure to conform to stereotypical behavior related to gender.

Examples of gender-based harassment directed against a student, regardless of the student's or the harasser's actual or perceived sexual orientation or gender identity, may include, but not be limited to, offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

Retaliation

Retaliation against a person who makes a good faith report of discrimination or harassment, including dating violence, is prohibited. Retaliation against a person who is participating in an investigation of alleged discrimination or harassment is also prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with a district investigation, however, may be subject to appropriate discipline.

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

Reporting Procedures

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, school counselor, principal, or other district employee. The report may be made by the student's parent. [See policy FFH(LOCAL) and (EXHIBIT) for other appropriate district officials to whom to make a report.]

Upon receiving a report of prohibited conduct as defined by policy FFH, the district will determine whether the allegations, if proven, would constitute prohibited conduct as defined by that policy. If not, the district will refer to policy FFI to determine if the allegations, if proven, would constitute bullying, as defined by law and that policy. If the alleged prohibited conduct, if proven, would constitute prohibited conduct and would also be considered bullying as defined by law and policy FFI, an investigation of bullying will also be conducted.

The district will promptly notify the parents of any student alleged to have experienced prohibited conduct involving an adult associated with the district. In the event alleged prohibited conduct involves another student, the district will notify the parents of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy FFH.

Investigation of Report

To the extent possible, the district will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated.

If a law enforcement or other regulatory agency notifies the district that it is investigating the matter and requests that the district delay its investigation, the district will resume the investigation at the conclusion of the agency's investigation.

During the course of an investigation and when appropriate, the district will take interim action to address the alleged prohibited conduct.

If the district’s investigation indicates that prohibited conduct occurred, appropriate disciplinary action, and, in some cases, corrective action, will be taken to address the conduct. The district may take disciplinary and corrective action even if the conduct that is the subject of the complaint was not unlawful.

All involved parties will be notified of the outcome of the district investigation within the parameters and limits allowed under the Family Educational Rights and Privacy Act (FERPA).

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

Discrimination

[See **Dating Violence, Discrimination, Harassment, and Retaliation.**]

Distance Learning

All Grade Levels

Distance learning and correspondence courses include courses that encompass the state-required essential knowledge and skills but are taught through multiple technologies and alternative methodologies such as mail, satellite, Internet, video-conferencing, and instructional television.

The distance learning opportunities that the district makes available to district students are listed in the High School curriculum handbook.

If a student wishes to enroll in a correspondence course or a distance learning course that is not provided through the Texas Virtual School Network (TxVSN), as described below, in order to earn credit in a course or subject, the student must receive permission from the principal prior to enrolling in the course or subject. If the student does not receive prior approval, the district may not recognize and apply the course or subject toward graduation requirements or subject mastery.

Texas Virtual School Network (TXVSN) (Secondary Grade Levels)

The Texas Virtual School Network (TXVSN) has been established by the state as one method of distance learning. A student has the option, with certain limitations, to enroll in a course offered through the TXVSN to earn course credit for graduation.

Depending on the TXVSN course in which a student enrolls, the course may be subject to the “no pass, no play” rules. [See **Extracurricular Activities, Clubs, and Organizations** on page 55.] In addition, for a student who enrolls in a TXVSN course for which an end-of-course (EOC) assessment is required, the student must still take the corresponding EOC assessment.

If you have questions or wish to make a request that your child be enrolled in a TXVSN course, please contact the school counselor. Unless an exception is made by the campus principal, a student will not be allowed to enroll in a TXVSN course if the school offers the same or a similar course.

A copy of policy EHDE will be distributed to parents of middle and high school students at least once each year. If you do not receive a copy or have questions about this policy, please contact the campus principal.

Distribution of Literature, Published Materials, or Other Documents (All Grade Levels)

School Materials

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, brochures, flyers, etc.

All school publications are under the supervision of a teacher, sponsor, and the principal.

Nonschool Materials

From Students

Students must obtain prior approval from the campus principal before selling, posting, circulating, or distributing more than 10 copies of written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any nonschool material must include the name of the sponsoring person or organization. The decision regarding approval will be made within two school days.

The campus principal has designated a specific area as the location for approved nonschool materials to be placed for voluntary viewing or collection by students. [See policy FNAA.]

A student may appeal a decision in accordance with policy FNG(LOCAL). Any student who sells, posts, circulates, or distributes nonschool material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without approval will be removed.

From Others

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the district or by a district-affiliated school-support organization will not be sold, circulated, distributed, or posted on any district premises by any district employee or by persons or groups not associated with the district, except as permitted by policy GKDA. To be considered for distribution, any nonschool material must meet the limitations on content established in the policy, include the name of the sponsoring person or organization, and be submitted to the superintendent for prior review. The superintendent will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy. [See policies at DGBA or GF.]

The superintendent has designated specific areas as the location for approved nonschool materials to be placed for voluntary viewing or collection.

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a noncurriculum-related student group meeting held in accordance with FNAB(LOCAL).

- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All nonschool materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

Dress and Grooming (All Grade Levels)

The district's dress code is established to teach grooming and hygiene, prevent disruption, and minimize safety hazards. Students and parents may determine a student's personal dress and grooming standards, provided that they comply with the following:

- Hats, caps, headscarves and bandanas are not permitted unless approved by principal. No hoodies may be worn over the head in the buildings during school hours.
- Clothing with lettering or designs referring to alcoholic beverages, tobacco products, drugs, or that which is improper, vulgar or suggestive will not be permitted.
- All students will wear shoes while at school (including sandals). House slippers/shoes, wheels, or noisemakers are not permitted. Tennis shoes are strongly encouraged to be worn for P.E. classes
- There shall be no bare midriffs or backs with arms extended horizontally. All clothing made of see-through fabrics, such as lace or eyelet, are not allowed unless worn with other appropriate garments underneath. Shirts and blouses with holes in areas required to be covered are not allowed. All clothing must be free of holes and cuts above the knee. Any holes above the knee should be patched.
- Shirts and blouses should be buttoned up to the first button below the collar unless another appropriate shirt is worn underneath.
- **GIRLS** - top must have at least a two inch strap over each shoulder that connects front to back and cover any undergarments. Tank tops, cutout undershirts, muscle shirts, crop tops, spaghetti straps, halter tops, razor or racer back shirts are not permitted. **BOYS** are not allowed to wear sleeveless shirts.
- A moderate garment length shall be observed. Dress, skirt and shorts length shall be no shorter than mid-thigh front and back. Lower out garments i.e. shorts, pants, etc. must be worn with the waist of the garment at the waist-line of the student at all times.
- No visible tattoos are allowed.
- Students are not allowed to write on or in any other manner intentionally damage each other's clothing.
- Students are not allowed to paint, draw, or write on themselves or each other.
- No sunglasses may be worn inside the building.
- No visible body piercings are allowed except to the ear for girls only. No devices which will stretch the earlobes will be allowed.
- Wallet chains and other similar chains i.e. apparel chains, waist chains, belt chains, etc., and any other chain that can be used as a weapon are prohibited.
- Spandex pants (leggings) or oversized clothing will be considered inappropriate (i.e. baggy pants).
- Leggings will only be permitted when accompanied by a garment of the appropriate length. Ex: If the clothing does not meet dress code without the leggings, then it is not permitted with leggings.
- Costumes are not to be worn unless approved by the administration.
- Sleepwear is not permitted (i.e. pajamas).
- Hair shall be kept clean and groomed. Painting or writing on the hair, face, or body is not permitted.

Hair color is limited to natural colors only. **BOYS:** The length of the boys' hair shall not cover the eyes, shirt collar, or extend below the ear. Boys may not wear pony or pig tails. No facial hair is allowed. Sideburns must be neatly trimmed and not exceed below the ear lobe. **GIRLS:** Girls' hair shall not cover the eyes or be unnaturally painted/colored/dyed (distracting colors, blue/green, etc.) or styled in any way, which attracts undue attention (no feathers, colored streaks, etc.)

If the principal determines that a student's grooming or clothing violates the school's dress code, the student will be given an opportunity to correct the problem at school. If not corrected, the student may be assigned to in-school suspension for the remainder of the day, until the problem is corrected, or until a parent or designee brings an acceptable change of clothing to the school. Repeated offenses may result in more serious disciplinary action in accordance with the Student Code of Conduct.

Energy Drinks

Students are not allowed to have energy drinks (Monster, Red Bull, etc.) on the school campus at any time.

Electronic Devices and Technology Resources (All Grade Levels)

Possession and Use of Personal Telecommunications Devices, Including Mobile Telephones

For safety purposes, the district permits students to possess personal mobile telephones; however, these devices must remain turned off during the instructional day, including during all testing, unless they are being used for approved instructional purposes. A student must have approval to possess other telecommunications devices such as netbooks, laptops, tablets, or other portable computers.

The use of mobile telephones or any device capable of capturing images is strictly prohibited in locker rooms or restroom areas while at school or at a school-related or school-sponsored event.

If a student uses a telecommunications device without authorization during the school day, the device will be confiscated. The student may pick up the confiscated telecommunications device from the principal's office for a fee of \$10.

Confiscated telecommunications devices that are not retrieved by the student or the student's parents will be disposed of after the notice required by law. [See policy FNCE.]

In limited circumstances and in accordance with law, a student's personal telecommunications device may be searched by authorized personnel. [See **Searches** on page 89 and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for damaged, lost, or stolen telecommunications devices.

Possession and Use of Other Personal Electronic Devices

Except as described below, students are not permitted to possess or use personal electronic devices such as MP3 players, video or audio recorders, DVD players, cameras, games, e-readers, or other electronic devices at school, unless prior permission has been obtained. Without such permission, teachers will collect the

items and turn them in to the principal's office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

In limited circumstances and in accordance with law, a student's personal electronic device may be searched by authorized personnel. [See **Searches** on page 89 and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for any damaged, lost, or stolen electronic device.

Instructional Use of Personal Telecommunications and Other Electronic Devices

In some cases, students may find it beneficial or might be encouraged to use personal telecommunications or other personal electronic devices for instructional purposes while on campus. Students must obtain prior approval before using personal telecommunications or other personal electronic devices for instructional use. Students must also sign a user agreement that contains applicable rules for use (separate from this handbook). When students are not using the devices for approved instructional purposes, all devices must be turned off during the instructional day. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

Acceptable Use of District Technology Resources

To prepare students for an increasingly technological society, the district has made an investment in the use of district-owned technology resources for instructional purposes; specific resources may be issued individually to students. Use of these technological resources, which include the district's network systems and use of district equipment, is restricted to approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding use of these district resources. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

Unacceptable and Inappropriate Use of Technology Resources

Students are prohibited from possessing, sending, forwarding, posting, accessing, or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal. This prohibition also applies to conduct off school property, whether the equipment used to send such messages is district-owned or personally owned, if it results in a substantial disruption to the educational environment.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as "sexting," will be disciplined according to the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement. Because engaging in this type of behavior can lead to bullying or harassment, as well as possibly impede future endeavors of a student, we encourage you to review with your child ['Before You Text' Sexting Prevention Course](#), a state-developed program that addresses the consequences of engaging in inappropriate behavior using technology.

In addition, any student who engages in conduct that results in a breach of the district's computer security will be disciplined in accordance with the Student Code of Conduct, and, in some cases, the consequence may rise to the level of expulsion.

End-of-Course (EOC) Assessments

[See **Graduation** and **Standardized Testing**.]

English Language Learners (All Grade Levels)

A student who is an English language learner is entitled to receive specialized services from the district. To determine whether the student qualifies for services, a Language Proficiency Assessment Committee (LPAC) will be formed, which will consist of both district personnel and at least one parent representative. The student's parent must consent to any services recommended by the LPAC for an English language learner. However, pending the receipt of parental consent or denial of services, an eligible student will receive the services to which the student is entitled and eligible.

In order to determine a student's level of proficiency in English, the LPAC will use information from a variety of assessments. If the student qualifies for services, and once a level of proficiency has been established, the LPAC will then designate instructional accommodations or additional special programs that the student will require to eventually become proficient at grade level work in English. Ongoing assessments will be conducted to determine a student's continued eligibility for the program.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR Spanish, as mentioned at **Standardized Testing** on page 91, may be administered to an English language learner for a student up to grade 5. In limited circumstances, a student's LPAC may exempt the student from an otherwise required state-mandated assessment or may waive certain graduation requirements related to the English I end-of-course (EOC) assessment. The Texas English Language Proficiency Assessment System (TELPAS) will also be administered to English language learners who qualify for services.

If a student is considered an English language learner and receives special education services because of a qualifying disability, the student's ARD committee will make instructional and assessment decisions in conjunction with the LPAC.

Exemption Plans

High School Semester Exam

The BHS exemption plan is designed to assist in meeting the established campus goals of high academic achievement, regular attendance, self-discipline and student acceptance of personal responsibility.

1. Students have the opportunity to qualify for semester exam exemption for each course based on the following criteria: Under 75 not exempt; Zero (0) absences with a 75 average; One (1) absence with an 80 average; Two (2) absences with an 85 average; Three (3) absences with a 90 average.
2. We are looking at the entire semester absences. Absences are counted up to the day the exam is administered. School related absences do not count for the purpose of this rule. Teacher records of class attendance will be the final authority.
3. Students with discipline referrals lose their exemption status for that semester. An exemption

for a semester/final exam is not granted, if during the semester, the student is sent to SAC for one or more days. The exemption is also not granted if the student is placed in DAEP, is suspended, expelled or fails to clear all obligations such as library fines and textbook responsibilities.

4. Students who have not been registered in a school, after the fifth day of a semester are not eligible for semester/final exam exemptions. Transfer students have the responsibility to provide attendance and disciplinary information from the previous school to be considered for exemptions.
5. Any student who qualifies for an exemption has the option to take the semester/final exam. The student's overall grade may only be raised as a result of the exam. The grade may not be lowered because the student voluntarily took the exam. The semester/final exam is weighed at 20% of the semester grade. The numerical average for the three six- weeks periods will be the semester grade if the student is exempt and does not take a final exam.

Junior High School Final Exam Exemption Plan

The BJH exemption plan is designed to assist in meeting the established campus goals of high academic achievement, regular attendance, self-discipline, and student acceptance of personal responsibility.

1. Students have the opportunity to qualify for final exam exemption for each course based on the following criteria: Under 75 not exempt; Three (3) absences with a 75 average; Four (4) absence with an 80 average; Five (5) absences with an 85 average; Six (6) absences with a 90 average.
2. We are looking at the entire school year absences. Absences are counted up to the day the exam is administered. School related absences do not count for the purpose of this rule. Teacher records of class attendance will be the final authority.
3. Students with discipline referrals lose their exemption status. An exemption for a final exam is not granted, if during the school year, the student is sent to SAC for one or more days. The exemption is also not granted if the student is placed in DAEP, is suspended, expelled or fails to clear all obligations such as library fines and textbook responsibilities.
4. Students who have not been registered in a school, after the fifth day of the school year are not eligible for final exam exemptions. Transfer students have the responsibility to provide attendance and disciplinary information from the previous school to be considered for exemptions.
5. Any student who qualifies for an exemption has the option to take the final exam. The student's overall grade may only be raised as a result of the exam. The grade may not be lowered because the student voluntarily took the exam. The numerical average for the sixth six-weeks periods will be the final grade if the student is exempt and does not take a final exam.

Extracurricular Activities, Clubs, and Organizations (All Grade Levels)

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

Participation in some of these activities may result in events that occur off-campus. When the district arranges transportation for these events, students are required to use the transportation provided by the district to and from the events. Exceptions to this may only be made with the approval of the activity's coach or sponsor. [See **Transportation**.]

Eligibility for initial and continuing participation in many of these activities is governed by state law and the rules of the University Interscholastic League (UIL)—a statewide association overseeing interdistrict competition. If a student is involved in an academic, athletic, or music activity governed by UIL, the student and parent are expected to know and follow all rules of the UIL organization. Students involved in UIL athletic activities and their parents can access the [UIL Parent Information Manual](#); a hard copy can be provided by the coach or sponsor of the activity on request. To report a complaint of alleged noncompliance with required safety training or an alleged violation of safety rules required by law and the UIL, please contact the curriculum division of TEA at (512) 463-9581 or curriculum@tea.texas.gov.

[See [UIL Texas](#) for additional information on all UIL-governed activities.]

In addition, the following provisions apply to all extracurricular activities:

- A student who receives at the end of a grading period a grade below 70 in any academic class—other than an Advanced Placement (AP) or International Baccalaureate (IB) course; or an honors or dual credit course in English language arts, mathematics, science, social studies, economics, or language other than English—may not participate in extracurricular activities for at least three school weeks.
- A student who receives special education services and who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.
- An ineligible student may practice or rehearse but may not participate in any competitive activity.
- A student is allowed in a school year up to 10 absences not related to post-district competition; Additional days may be permitted by the campus principal as long as the student has maintained acceptable academic standing.
- An absence for participation in an activity that has not been approved will receive an unexcused absence.

Standards of Behavior

Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the

Student Code of Conduct or by board policy will apply in addition to any consequences specified by the organization's standards of behavior.

Extracurricular Conflict Plan

Students are expected to alert coaches and sponsors in advance when they have conflicts between school programs to avoid ill feelings caused by lack of communication. If the parent or student chooses a priority that does not follow the plan the student will be subject to penalty from the program/s of higher priority. Students and parents who choose a non-school priority may cause the student to be subject to penalty. Since scheduling conflicts are sometimes unavoidable the following conflict plan is to be followed in order to minimize conflicts reducing student anxiety and competition between coaches and sponsors.

- Participation in a school U.I.L. competition (athletic games, Literary competition, Band contests, etc.) will always take priority over a non-competitive school performance i.e. cheerleading, pep squad, band concert, etc., without penalty from the conflicting program.
- Participation in a school performance i.e. cheerleading, pep squad, band concert, etc will always take priority over a school practice or meeting without penalty from the conflicting program.
- Participation in district competitions will always take priority over non district competitions performances, practices, or meeting without penalty from the conflicting program.
- During the week of a scheduled competition the program competing will have practice priority the five school days prior to the competition, without penalty from the practice or meeting of a conflicting program.
- Students will be allowed to choose without penalty from the conflicting program when conflicts of equal priority occur.

Priority Order:

1. U.I.L. District Competitions (games, Literary competition, Band, etc.)
2. U.I.L. Non District Competitions (games, Literary competition, Band, etc.)
3. School Performances (cheerleading, pep squad, band concert, etc.)
4. School Practices/Meetings (student council, Cougar Club, CIA, etc.)
5. Non School Activities (Competitions, Performances, Practices, Meetings. etc)

Offices and Elections

The Student Council will hold elections for student officers.

Fees (All Grade Levels)

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, erasers, and notebooks and may be required to pay certain other fees or deposits, including:

- Costs for materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations and admission fees to extracurricular activities.
- Security deposits.

- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, etc.
- Voluntarily purchased student accident insurance.
- Musical instrument rental and uniform maintenance, when uniforms are provided by the district.
- Personal apparel used in extracurricular activities that becomes the property of the student.
- Parking fees and student identification cards.
- Fees for lost, damaged, or overdue library books.
- Fees for driver training courses, if offered.
- Fees for optional courses offered for credit that require use of facilities not available on district premises.
- Summer school for courses that are offered tuition-free during the regular school year.
- A reasonable fee for providing transportation to a student who lives within two miles of the school. [See **Buses and Other School Vehicles.**]
- A fee not to exceed \$50 for costs of providing an educational program outside of regular school hours for a student who has lost credit or has not been awarded a final grade because of absences and whose parent chooses the program in order for the student to meet the 90 percent attendance requirement. The fee will be charged only if the parent or guardian signs a district-provided request form.
- In some cases, a fee for a course taken through the Texas Virtual School Network (TXVSN).

Any required fee or deposit may be waived if the student and parent are unable to pay. Application for such a waiver may be made to the campus principal. [For further information, see policy FP.]

Art Fees – Jr. High

The art program at Buna Junior High School is offered to students in grades 6th through 8th. Sixth grade art is offered to meet State Fine Arts requirements and requires no fee. Seventh grade art and eighth grade art are offered as elective courses, and an art fee is assessed to cover the cost of supplies used during the year. Any required fee or deposit may be waived if the student and parent are unable to pay. Application for such a waiver may be made to the principal. [For further information, see policy FP.]

Fundraising (All Grade Levels)

Student groups or classes and/or parent groups may be permitted to conduct fundraising drives for approved school purposes in accordance with administrative regulations. [For further information, see policies FJ and GE.]

Gang-Free Zones (All Grade Levels)

Certain criminal offenses, including those involving organized criminal activity such as gang-related crimes, will be enhanced to the next highest category of offense if they are committed in a gang-free zone. For purposes of the district, a gang-free zone includes a school bus and a location in, on, or within 1,000 feet of any district-owned or leased property or campus playground.

Gender-Based Harassment

[See **Dating Violence, Discrimination, Harassment, and Retaliation.**]

Grade-Level Classification (Grades 9–12 Only)

After the ninth grade, students are classified according to the number of credits earned toward graduation.

Credits Earned	Classification
6	Grade 10 (Sophomore)
14	Grade 11 (Junior)
22	Grade 12 (Senior)

Grading Guidelines

Grading guidelines for each grade level or course will be communicated and distributed to students and their parents by the classroom teacher. These guidelines have been reviewed by each applicable curriculum department and have been approved by the campus principal. These guidelines establish the minimum number of assignments, projects, and examinations required for each grading period. Grading guidelines also outline in what circumstances a student will be allowed to retake a test for which the student originally made a failing grade. Procedures for a student to follow after an absence will also be addressed.

Grading reflects a student’s relative mastery of an assignment and that a sufficient number of grades are taken to support the grade average assigned. Teachers will have their online gradebook **updated by the Tuesday of each week.**

Students and parents should not receive “surprises” when report cards are disseminated at the end of a six-week period. Grades shall reflect mastery of the Texas Essential Knowledge and Skills. A sufficient number of grades (ongoing and periodic) should be used to substantiate any six-week or final grade in each subject. A minimum of **ten** grades per six-weeks shall be recorded. A minimum of **seven** shall be daily grades (homework, class work, and quizzes), and a minimum of **three** shall be test grades. The minimum number of grades for the first three-weeks of a grading period will consist of **four** daily grades and **one** test grade. Policies for grading shall be clearly communicated to students and parents. Teachers shall not use grades for disciplinary purposes other than as permitted by District policy for academic dishonesty.

Grades 1 - 12:

Student achievement shall be determined using a numerical score on a scale of 0 – 100

A	90 – 100
B	80 – 89
C	75 – 79
D	70 – 74
F	69 – Below

Pre-K – Kindergarten

Pre-K students shall be graded through teacher observation of students’ mastery of the Texas Essential Knowledge and Skills (TEKS). Grades will be recorded as:

E	Excellent	90 – 100
S	Satisfactory	80 – 89
N	Needs Improvement	70 – 79
U	Unsatisfactory	69 and below

Elementary Grades 1-5:

The Language Arts grade will consist of:

Reading – 75%•

Language/Composition/Spelling – 25%

E, S, N, U, will be used for P.E., Fine Arts and Citizenship.

E	Excellent	90 – 100
S	Satisfactory	80 – 89
N	Needs Improvement	70 – 79
U	Unsatisfactory	69 and below

Students in Elementary shall be assigned six weeks grades based on the following:

100% all grades equal for 1st and 2nd grade

70% daily/30% test for grades for 3rd through 5th grade

Secondary Grades 6-12:

Students in grades 6 – 12 shall be assigned six weeks grades based on the following:

- 50% of the grade shall be based on tests
- 50% of the grade shall be based on daily work
- E, S, N, U will be used for Citizenship

SEMESTER AVERAGE FOR ONE SEMESTER COURSES (ONE-HALF CREDIT):

In computing the semester average, grades are averaged based on the 50% - 50% grade ratio. If a semester test is given it will count 25%.

FINAL AVERAGE FOR YEAR-LONG (TWO SEMESTER) COURSES (ONE CREDIT):

For year-long classes the final average is determined by averaging the first and second semester grades. A final average of 70 or above earns full credit.

Example 1

1st Semester – 75
2nd Semester – 65
Final Average – 70
(Full Credit Earned)

Example 2

1st Semester – 75
2nd Semester – 55
Final Average – 65
(Credit earned for passing semester only)

Retest

In accordance with grading guidelines, a student shall be permitted a reasonable opportunity to retake a test for which the student received a failing grade. Students may retest only after participating in tutoring. A retest must cover the same essential knowledge and skills and must be of the same difficulty as the original test. Students will receive a maximum grade of 70 for the retest. Ex: The student takes the retest and makes a 80, the retest grade will be recorded as a 70. Students will not be allowed to retest for semester or final exams

Academic Dishonesty

Students found to have engaged in academic dishonesty shall be disciplined in accordance with the Student Code of Conduct. Academic dishonesty includes cheating or copying the work of another student, plagiarism, unauthorized communication between students during an examination, and the use of unauthorized websites. The determination that a student has engaged in academic dishonesty shall be based on the judgment of the classroom teacher or another supervising professional employee, taking into consideration written materials, observation, or information from students. The penalty for academic dishonesty will be a zero. No retest will be offered for students involved in academic dishonesty.

Make-Up Work

Students shall be expected to make up assignments and tests after absences. When a student is absent from school for any reason (including extracurricular events, field trips, etc.), it is the student's responsibility to complete any work assigned. If the absence is due to a school activity, the assignment is due the day the student returns to class. For any other absence, the student will have one day to make up work for every day missed. If a test is missed, arrangements should be made with the teacher of that class to make up the test. A student who does not obtain and complete assigned makeup work within the time allotted will receive a grade of zero for the assignment.

A student will be permitted to make up tests and to turn in projects due in any class missed because of absence. Teachers may assign a late penalty to any long-term project in accordance with time lines approved by the principal and previously communicated to students. Students shall receive a zero for any assignment or test not made up within the allotted time.

Please remember the importance of student attendance at school and that, even though absences may be excused or unexcused, all absences account for the 90 percent threshold in regards to the state laws surrounding “attendance for credit.” [See also **Attendance for Credit.**]

Late Penalties

Teachers may assign a late penalty to any project turned in after the due date in accordance with previously established guidelines approved by the principal and disseminated to students.

Unexcused Absences

The District shall not impose a grade penalty for make-up work after an unexcused absence.

Suspension

The District shall not impose a grade penalty for make-up work after an absence because of suspension.

Accelerated Reader - Junior High

It is the goal of the Accelerated Reader (AR) program for all students to become successful readers. Research shows that learning to read well requires practice. Book reports each six weeks are typically required in reading classes. On our campus, AR replaces book reports and gives the student a variety of choices for grade level reading, insuring that students read varied selections. The AR test grade is based on an accumulation of points earned for reading books and taking on-line tests during a six-week grading period. If a student fails an AR test, he/she is able to read another book and take another test during this six-week period to accumulate more points. At the end of the six weeks, a test grade is given based on the total number of points. Students are not able to retest for AR. See the **APPENDIX** for additional information on Accelerated Reader and the AR Grading Scale.

Also see **Report Cards/Progress Reports and Conferences** for additional information on grading guidelines.

Graduation (Secondary Grade Levels Only)

Requirements for a Diploma Beginning with the 2014–15 School Year

Beginning with students who entered grade 9 in the 2014–15 school year, a student must meet the following requirements to receive a high school diploma from the district:

- Complete the required number of credits established by the state and any additional credits required by the district;
- Complete any locally required courses in addition to the courses mandated by the state;
- Achieve passing scores on certain end-of-course (EOC) assessments or approved substitute assessments, unless specifically waived as permitted by state law; and
- Demonstrate proficiency, as determined by the district, in the specific communication skills required by the State Board of Education (SBOE).

Testing Requirements for Graduation

Students are required, with limited exceptions and regardless of graduation program, to perform satisfactorily on the following EOC assessments: English I, English II, Algebra I, Biology, and U.S. History. A student who has not achieved sufficient scores on the EOC assessments to graduate will have opportunities to retake the assessments. State law and state rules also provide for certain scores on norm-referenced national standardized assessments or on the state-developed assessment used for entrance into Texas public universities to substitute for the requirement to meet satisfactory performance on an applicable EOC assessment, should a student choose this option. [See the school counselor for more information on the state testing requirements for graduation.]

If a student fails to perform satisfactorily on an EOC assessment, the district will provide remediation to the student in the content area for which the performance standard was not met. This may require participation of the student before or after normal school hours or at times of the year outside normal school operations.

In limited circumstances, a student who fails to demonstrate proficiency on two or fewer of the required assessments may still be eligible to graduate if an individual graduation committee, formed in accordance with state law, unanimously determines that the student is eligible to graduate.

[See **Standardized Testing** for more information.]

Foundation Graduation Program

Every student in a Texas public school who entered grade 9 in the 2014–15 school year and thereafter will graduate under the “foundation graduation program.” Within the foundation graduation program are “endorsements,” which are paths of interest that include Science, Technology, Engineering, and Mathematics (STEM); Business and Industry; Public Services; Arts and Humanities; and Multidisciplinary Studies. Endorsements earned by a student will be noted on the student’s transcript. The foundation graduation program also involves the term “distinguished level of achievement,” which reflects the completion of at least one endorsement and Algebra II as one of the required advanced mathematics credits. A personal graduation plan will be completed for each high school student, as described on page 66.

State law and rules prohibit a student from graduating solely under the foundation graduation program without an endorsement unless, after the student’s sophomore year, the student and student’s parent are advised of the specific benefits of graduating with an endorsement and submit written permission to the school counselor for the student to graduate without an endorsement. A student who anticipates graduating under the foundation graduation program without an endorsement and who wishes to attend a four-year university or college after graduation must carefully consider whether this will satisfy the admission requirements of the student’s desired college or university.

Graduating under the foundation graduation program will also provide opportunities to earn “performance acknowledgments” that will be acknowledged on a student’s transcript. Performance acknowledgments are available for outstanding performance in bilingualism and biliteracy, in a dual credit course, on an AP or IB exam, on certain national college preparatory and readiness or college entrance exams, or for earning a state recognized or nationally or internationally recognized license or certificate. The criteria for earning

these performance acknowledgments are prescribed by state rules, and the school counselor can provide more information about these acknowledgments.

Credits Required

The foundation graduation program requires completion of the following credits:

Course Area	Number of Credits: Foundation Graduation Program	Number of Credits: Foundation Graduation Program with an Endorsement
English/Language arts	4	4
Mathematics	3	4
Science	3	4
Social studies, including economics	3	3
Physical education	1	1
Language other than English	2	2
Fine arts	1	1
Locally required course	1 credit in technology, ½ credit in health, ½ credit in speech	1 credit in technology, ½ credit in health, ½ credit in speech
Electives	3	5
Total	26 credits	26 credits

Additional considerations apply in some course areas, including:

- Mathematics.** In order to obtain the distinguished level of achievement under the foundation graduation program, which will be included on a student’s transcript and is a requirement to be considered for automatic admission purposes to a four-year Texas college or university, a student must complete an endorsement and take Algebra II as one of the 4 mathematics credits.
- Physical education.** A student who is unable to participate in physical activity due to a disability or illness may be able to substitute a course in English language arts, mathematics, science, social studies, or another locally determined credit-bearing course for the required credit of physical education. This determination will be made by the student’s ARD committee, Section 504 committee, or other campus committee, as applicable.
- Language other than English.** Students are required to earn 2 credits in the same language other than English to graduate. Any student may substitute computer programming languages for these credits. In limited circumstances, a student may be able to substitute this requirement with other courses, as determined by a district committee authorized by law to make these decisions for the student.

Available Endorsements

A student must specify upon entering grade 9 the endorsement he or she wishes to pursue:

- Science, Technology, Engineering, and Mathematics;
- Business and Industry;
- Public Services;
- Arts and Humanities; or
- Multidisciplinary Studies.

Personal Graduation Plans

A personal graduation plan will be developed for each high school student. The district encourages all students to pursue a personal graduation plan that includes the completion of at least one endorsement and to graduate with the distinguished level of achievement. Attainment of the distinguished level of achievement entitles a student to be considered for automatic admission to a public four year college or university in Texas, depending on his or her rank in class. The school will review personal graduation plan options with each student entering grade 9 and his or her parent. Before the end of grade 9, a student and his or her parent will be required to sign off on a personal graduation plan that includes a course of study that promotes college and workforce readiness and career placement and advancement, as well as facilitates the transition from secondary to postsecondary education. The student's personal graduation plan will denote an appropriate course sequence based on the student's choice of endorsement.

Please also review [TEA's Graduation Toolkit](#).

The school will send written notice of any such amendment made by the student to the student's parent.

Available Course Options for All Graduation Programs

Information regarding specific courses required or offered in each curriculum area will be distributed to students each spring in order to enroll in courses for the upcoming school year. **Note:** The district may require the completion of certain courses for graduation even if these courses are not required by the state for graduation.

Please be aware that not all courses are offered at every secondary campus in the district. A student who wants to take a course not offered at his or her regular campus should contact the school counselor about a transfer or other alternatives. If the parents of at least 22 students request a transfer for those students to take a course in the required curriculum other than fine arts or CTE, the district will offer the course for the following year either by teleconference or at the school from which the transfers were requested.

Certificates of Coursework Completion

A certificate of coursework completion will be issued to a student who has successfully completed state and local credit requirements for graduation but has not yet demonstrated satisfactory performance on the state-mandated tests required for graduation.

Students with Disabilities

Upon the recommendation of the admission, review, and dismissal (ARD) committee, a student with a disability who receives special education services may be permitted to graduate under the provisions of his or her IEP and in accordance with state rules.

A student who receives special education services and has completed four years of high school, but has not met the requirements of his or her IEP, may participate in graduation ceremonies and receive a certificate of attendance. Even if the student participates in graduation ceremonies to receive the certificate of attendance, he or she may remain enrolled to complete the IEP and earn his or her high school diploma; however, the student will only be allowed to participate in one graduation ceremony. [See policy FMH(LEGAL).]

ARD committees for students with disabilities who receive special education services will make instructional and assessment decisions for these students in accordance with state law and rules. In order to earn an endorsement under the foundation program, a student must perform satisfactorily on the EOC assessments and receive no modified curriculum in the student's chosen endorsement area. A student may still be awarded an endorsement when the student fails to perform satisfactorily on no more than two EOC assessments but meets the other requirements for graduation under state law.

Admission into Honors Courses (High School)

Admission into Honors classes requires a two-step process as outlined below.

1. Students must have an A average in the correlating course.

Students in regular classes who are requesting admission into an honors course must have an overall A average in the correlating subject area at the conclusion of the current instructional year. For example, if a student is requesting to be in AP U.S. History, he/she must have an overall A average in world history at the end of the instructional year. If a student is requesting to be admitted into honors Chemistry at the end of the current instructional year they must have an A average in Biology. Students coming from the junior high who are requesting to be admitted into Honors courses at the High School must have also maintained an A average in the related course area for the current school year. If there is not a related course for the subject area being requested, then the student will proceed automatically to the second requirement.

2. Students must secure the needed recommendation scores from their current teachers.

After the student meets the criteria outlined in step one, they must then request recommendations from their current teachers. The form that the students will be responsible for distributing to their current

teachers will include a rating rubric consisting of the following categories: 1. Performance 2. Participation 3. Attitude 4. Effort 5. Discipline. The scoring rubric will include a one through five rating for each of these categories. The scoring rubric is as follows: 1= Fails to meet expectations, 2= Below Expectations, 3= Meets Expectations, 4= Above Expectations, 5 = Exceeds Expectations. The teacher will have a comment section provided for each of the rating categories and will be required to provide a written explanation for any score of three or below. When all of the rubric scores are combined, the student must have an average score of 4 or higher (Above Expectations) in order to be admitted into the requested Honors course. Completed recommendation forms will be accessible to parents upon request, and teachers will be available to meet in order to discuss scores and provide relevant data that supports any sub-average designations. A student seeking entry into multiple Honors subject areas must have an overall A average in every correlating subject area but must only get one set of recommendation forms completed by current teachers.

3. Student retention in Honors Courses

Students admitted into Honors classes must maintain an 80 average or above to stay in that Honors course. If a student's average drops below an 80 at the end of a six week grading period, but remains above 75, the student will be given a probationary period of 6 weeks in order to raise their grade average to an 80 or above. At the end of the instructional year, an honor student's overall average must be an 80 or above in order to be eligible to continue in Honors classes in that subject area for the next year. Current honors students must also secure teacher recommendations from all of their classroom teachers at the conclusion of the instructional year. The recommendation process for current Honor students will be identical to those seeking admission for the first time.

Graduation Activities

Graduation activities will include:

- Commencement
- Award Ceremony

Students who have met coursework requirements for graduation but have not yet demonstrated satisfactory performance on end-of-course assessments and have not been declared eligible to graduate by an individual graduation committee, if applicable, will be allowed to participate in graduation activities. However, please keep in mind that participating in the activities and ceremonies is not synonymous with graduating. Ultimately, the final awarding of a diploma will be contingent upon the student's completion of all applicable requirements for graduation.

Graduation Attire

Strict dressing guidelines are in place in order to maintain the traditional integrity of Buna High School's graduation ceremonies. All students must wear a Buna High School cap, gown, and tassel. The gown will be royal blue and white mingled. There are no color or style exceptions made with regards to these articles of clothing. This apparel also should not have any additional print or placed or monogrammed upon them. Any student who fails to comply with these criteria will be provided the appropriate garment at additional cost

to that student. Any student who refuses to comply with the dress requirement set forth will not be allowed to participate in the graduation ceremonies.

In order to recognize the various academic achievements of our graduating seniors, the following items will be allowed in addition to the basic graduation attire:

- Valedictorian and Salutatorian: Golden sashes with Valedictorian and Salutatorian (respectively) emblazoned in royal blue.
- National Honor Society: White collars with the NHS emblem monogrammed upon them.
- Honor Graduates: Golden (double) cords.
- Distinguished Graduates: Blue and gold mingled (double) cords.

In order to recognize all other participatory accomplishments of our graduating seniors, the following items will be allowed in addition to the basic graduation attire:

Every recognized extra-curricular group is eligible to receive permission from the graduation committee to have students honored by wearing a single cord of per-approved color. The cord may be multi-colored but must not exceed a single cord in circumference. The graduation committee has final authority in the approval/disapproval of the requested colors and eligibilities of groups. The graduation committee also maintains the discretion to review the process of extra-curricular recognition during graduation to determine the degree of which the tradition of the ceremony is impacted by this recent allowance.

Graduation Speakers

Certain graduating students will be given an opportunity to have speaking roles at graduation ceremonies.

A student must meet local eligibility criteria, which may include requirements related to student conduct, to have a speaking role. Students eligible for speaking roles will be notified by the principal and given an opportunity to volunteer. . In addition to the opening and closing remarks, the following neutral criteria positions of honor shall be eligible to use the limited public forum: the top three academically ranked graduates and the senior class president may also have speaking roles at the graduation ceremony.

Graduation Expenses

Because students and parents will incur expenses in order to participate in the traditions of graduation—such as the purchase of invitations, senior ring, cap and gown, and senior picture—both the student and parent should monitor progress toward completion of all requirements for graduation. The expenses often are incurred in the junior year or first semester of the senior year. [See **Fees.**]

Scholarships and Grants

Students who have a financial need according to federal criteria and who complete the foundation graduation program, may be eligible under the TEXAS Grant Program for tuition and fees to Texas public universities, community colleges, and technical schools, as well as to private institutions.

Contact the school counselor for information about other scholarships and grants available to students.

Harassment

[See **Dating Violence, Discrimination, Harassment, and Retaliation.**]

Hazing (All Grade Levels)

Hazing is defined as any intentional, knowing, or reckless act occurring on or off campus directed against a student that endangers the mental or physical health or the safety of a student for the purpose of pledging, being initiated to, affiliating with, holding office in, or maintaining membership in any organization whose members are or include other students.

Hazing will not be tolerated by the district. If an incident of hazing occurs, disciplinary consequences will be handled in accordance with the Student Code of Conduct. It is a criminal offense if a person engages in hazing; solicits, encourages, directs, aids, or attempts to aid another in hazing; or has firsthand knowledge of an incident of hazing being planned or having occurred and fails to report this to the principal or superintendent.

[See **Bullying** and policies FFI and FNCC.]

Health-Related Matters

Student Illness (All Grade Levels)

When your child is ill, please contact the school to let us know he or she won't be attending that day. It is important to remember that schools are required to exclude students with certain illnesses from school for periods of time as identified in state rules. For example, if your child has a fever over 100 degrees, he or she must stay out of school until fever-free for 24 hours without fever-reducing medications. In addition, students with diarrheal illnesses must stay home until they are diarrhea free without diarrhea-suppressing medications for at least 24 hours. A full list of conditions for which the school must exclude children can be obtained from the school nurse.

If a student becomes ill during the school day, he or she must receive permission from the teacher before reporting to the school nurse. If the nurse determines that the child should go home, the nurse will contact the parent.

The district is also required to report certain contagious (communicable) diseases or illnesses to the Texas Department of State Health Services (DSHS) or our local/regional health authority. The school nurse can provide information from DSHS on these notifiable conditions.

Contact the school nurse if you have questions or if you are concerned about whether or not your child should stay home.

Bacterial Meningitis (All Grade Levels)

State law requires the district to provide information about bacterial meningitis:

What is meningitis?

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is common and most people recover fully. Parasitic and fungal meningitis are very rare. Bacterial meningitis is very serious and may involve complicated medical, surgical, pharmaceutical, and life support management.

What are the symptoms?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Children (over 2 years old) and adults with bacterial meningitis commonly have a severe headache, high fever, and neck stiffness. Other symptoms might include nausea, vomiting, discomfort looking into bright lights, confusion, and sleepiness. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body.

The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

How serious is bacterial meningitis?

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability.

How is bacterial meningitis spread?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. They are spread when people exchange respiratory or throat secretions (such as by kissing, coughing, or sneezing).

The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body's immune system and cause meningitis or another serious illness.

How can bacterial meningitis be prevented?

Maintaining healthy habits, like getting plenty of rest, can help prevent infection. Using good health practices such as covering your mouth and nose when coughing and sneezing and washing your hands frequently with soap and water can also help stop the spread of the bacteria. It's a good idea not to share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.

There are vaccines available to offer protection from some of the bacteria that can cause bacterial meningitis. The vaccines are safe and effective (85–90 percent). They can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

What should you do if you think you or a friend might have bacterial meningitis?

You should seek prompt medical attention.

Where can you get more information?

Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Department of State Health Services office to ask about a meningococcal vaccine. Additional information may also be found at the websites for the [Centers for Disease Control and Prevention](#), and the [Department of State Health Services](#).

Note: DSHS requires at least one meningococcal vaccination on or after the student’s 11th birthday, unless the student received the vaccine at age 10. Also note that entering college students must show, with limited exception, evidence of receiving a bacterial meningitis vaccination within the five-year period prior to enrolling in and taking courses at an institution of higher education. Please see the school nurse for more information, as this may affect a student who wishes to enroll in a dual credit course taken off campus.

[See **Immunization** for more information.]

Food Allergies (All Grade Levels)

The district requests to be notified when a student has been diagnosed with a food allergy, especially those allergies that could result in dangerous or possibly life-threatening reactions either by inhalation, ingestion, or skin contact with the particular food. It is important to disclose the food to which the student is allergic, as well as the nature of the allergic reaction. Please contact the school nurse or campus principal if your child has a known food allergy or as soon as possible after any diagnosis of a food allergy.

The district has developed and annually reviews a food allergy management plan, which addresses employee training, dealing with common food allergens, and specific strategies for dealing with students diagnosed with severe food allergies. When the district receives information that a student has a food allergy that puts the student at risk for anaphylaxis, individual care plans will be developed to assist the student in safely accessing the school environment.

Head Lice (All Grade Levels)

Head lice, although not an illness or a disease, is very common among children and is spread very easily through head-to-head contact during play, sports, or nap time and when children share things like brushes, combs, hats, and headphones. If careful observation indicates that a student has head lice, the school nurse will contact the student’s parent to determine whether the child will need to be picked up from school and to discuss a plan for treatment with an FDA-approved medicated shampoo or cream rinse that may be purchased from any drug or grocery store. After the student has undergone one treatment, the parent should check in with the school nurse to discuss the treatment used. The nurse can also offer additional recommendations, including subsequent treatments and how best to get rid of lice and prevent their return.

Notice will also be provided to parents of elementary school students in the affected classroom.

More information on head lice can be obtained from the DSHS website [Managing Head Lice](#).

Physical Activity Requirements

Elementary School

In accordance with policies at EHAB, EHAC, EHBG, and FFA, the district will ensure that students in full-day prekindergarten–grade 5 engage in moderate or vigorous physical activity for at least 30 minutes per day or 135 minutes per week.

For additional information on the district’s requirements and programs regarding elementary school student physical activity requirements, please see the principal.

Junior High/Middle School

In accordance with policies at EHAB, EHAC, EHBG, and FFA, the district will ensure that students in middle or junior high school will engage in 30 minutes of moderate or vigorous physical activity per day for at least four semesters OR at least 225 minutes of moderate or vigorous physical activity within each two-week period for at least four semesters.

For additional information on the district's requirements and programs regarding junior high and middle school student physical activity requirements, please see the principal.

School Health Advisory Council (SHAC) (All Grade Levels)

During the preceding school year, the district's School Health Advisory Council (SHAC) held 4 meetings. Additional information regarding the district's SHAC is available on the districts website at www.bunaisd.net.

The duties of the SHAC range from recommending curriculum to developing strategies for integrating curriculum into a coordinated school health program encompassing issues such as school health services, counseling services, a safe and healthy school environment, recess recommendations, improving student fitness, mental health concerns, and employee wellness.

[See policies at BDF and EHAA. See **Human Sexuality Instruction** for additional information.]

Student Wellness Policy/Wellness Plan (All Grade Levels)

Buna ISD is committed to encouraging healthy students and therefore has developed a board-adopted wellness policy at FFA(LOCAL) and corresponding plans and procedures to implement the policy. You are encouraged to contact the Superintendent's office with questions about the content or implementation of the district's wellness policy and plan.

Other Health-Related Matters

Physical Fitness Assessment (Grades 3–12)

Annually, the district will conduct a physical fitness assessment of students in grades 3–12 who are enrolled in a physical education course or a course for which physical education credit is awarded. At the end of the school year, a parent may submit a written request to the campus principal in order to obtain the results of his or her child's physical fitness assessment conducted during the school year.

Vending Machines (All Grade Levels)

The district has adopted and implemented the state and federal policies and guidelines for food service, including the guidelines to restrict student access to vending machines. For more information regarding these policies and guidelines, see the Jodie Carr, Food Service Director. [See policies at CO and FFA.]

Tobacco and E-Cigarettes Prohibited (All Grade Levels and All Others on School Property)

Students are prohibited from possessing or using any type of tobacco product, electronic cigarettes (e-cigarettes), or any other electronic vaporizing device, while on school property at any time or while attending an off-campus school-related activity.

The district and its staff strictly enforce prohibitions against the use of all tobacco products, e-cigarettes, or any other electronic vaporizing device, by students and all others on school property and at school-sponsored and school-related activities. [See the Student Code of Conduct and policies at FNCD and GKA.]

Asbestos Management Plan (All Grade Levels)

The district works diligently to maintain compliance with federal and state law governing asbestos in school buildings. A copy of the district's Asbestos Management Plan is available in the superintendent's office. If you have any questions or would like to examine the district's plan in more detail, please contact George Talbert, the district's designated asbestos coordinator, at 409-994-5101.

Pest Management Plan (All Grade Levels)

The district is required to follow integrated pest management (IPM) procedures to control pests on school grounds. Although the district strives to use the safest and most effective methods to manage pests, including a variety of non-chemical control measures, pesticide use is sometimes necessary to maintain adequate pest control and ensure a safe, pest-free school environment.

All pesticides used are registered for their intended use by the U.S. Environmental Protection Agency and are applied only by certified pesticide applicators. Except in an emergency, signs will be posted 48 hours before indoor application. All outdoor applications will be posted at the time of treatment, and signs will remain until it is safe to enter the area. Parents who have further questions or who want to be notified prior to pesticide application inside their child's school assignment area may contact Joe Menard, the district's IPM coordinator, at 409-994-4880.

Homeless Students (All Grade Levels)

You are encouraged to inform the district if you or your child are experiencing homelessness. District staff can share resources with you that may be able to assist you and your family.

For more information on services for homeless students, contact the district's homeless education liaison, Steve Hyden, at 409-994-5101.

[See **Students Who Are Homeless.**]

Homework (All Grade Levels)

Homework should represent independent practice or independent study related to a concept taught through direct instruction. Homework should be evaluated in a timely manner and students should be provided with specific feedback on their performance of the assigned task. Homework may be part of the six weeks grade as well as a very important aspect of a child's academic growth and development of responsible behavior, conduct, and study habits.

Illness

[See **Student Illness** under **Health-Related Matters.**]

Immunization (All Grade Levels)

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be

immunized. For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (DSHS), Immunization Branch, can be honored by the district. This form may be obtained by writing the DSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347; or online at [Affidavit Request for Exemption from Immunization](#). The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are: diphtheria, tetanus, and pertussis; rubeola (measles), mumps, and rubella; polio; hepatitis A; hepatitis B; varicella (chicken pox); and meningococcal. The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by TDSHS. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. registered and licensed physician stating that, in the doctor's opinion, the immunization required is medically contraindicated or poses a significant risk to the health and well-being of the student or a member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a lifelong condition.

As noted at **Bacterial Meningitis**, entering college students must also, with limited exception, furnish evidence of having received a bacterial meningitis vaccination within the five years prior to enrolling in and attending classes at an institution of higher education. A student wanting to enroll in a dual credit course taken off campus may be subject to this requirement.

[For further information, see policy FFAB(LEGAL) and the DSHS website at [Texas School & Child-Care Facility Immunization Requirements](#).]

Law Enforcement Agencies (All Grade Levels)

Questioning of Students

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation. In other circumstances:

- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.
- The principal ordinarily will make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.
- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.

Students Taken Into Custody

State law requires the district to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.

- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- By an authorized representative of Child Protective Services, Texas Department of Family and Protective Services, a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student's physical health or safety.
- To comply with a properly issued directive to take a student into custody.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer's identity and, to the best of his or her ability, will verify the official's authority to take custody of the student.

The principal will immediately notify the superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student's release to a law enforcement officer, any notification will most likely be after the fact.

Notification of Law Violations

The district is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been taken into custody, arrested, or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who is thought to have committed certain offenses or who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors.
- All appropriate district personnel in regards to a student who is required to register as a sex offender.

[For further information, see policy FL(LEGAL).]

Leadership Eligibility (Junior High) ***(Cheerleaders, Class & Student body Officers, Cougar Mascot etc.)***

To be eligible for leadership elections, students **must** meet the following requirements:

1. Grade average requirements of either:
 - a. Overall average of 80 (or more) through the fourth six weeks (or most recently completed six weeks), with **no more than one failing six (6) weeks grade during the current school year.**

b. Overall average of 75 (or more) through the fourth (4th) six weeks (or most recently completed six weeks) with **NO FAILING GRADE** during any six (6) weeks of the current school year.

2. For elections held in the first semester of the school year, grades for the previous six weeks will be considered for eligibility.

a. Must be in compliance with the state attendance law.

1. Must have no serious disciplinary offense during the current school year as attested by a signed release from the Principal.

2. Those students qualifying under 1-b above must have been participating in an extra-time activity (such as athletics, band, cheerleading, class officer, student council, etc.) for at least one (1) year during the last two (2) years for the duration of the activity.

3. The student and parent must sign a pledge to follow and support the rules and guidelines of the activity.

4. After the election participation will be based on standard UIL eligibility requirements (no pass - no play).

5. Some programs may have particular guidelines in addition to these basic requirements.

Leaving Campus (All Grade Levels)

Please remember that student attendance is crucial to learning. We ask that appointments be scheduled outside of school hours as much as reasonably possible. Also note that picking up a child early on a regular basis results in missed opportunities for learning. Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the school day.

State rules require that parental consent be obtained before any student is allowed to leave campus for any part of the school day. The district has put the following procedures in place in order to document parental consent:

- For students in elementary and middle school, a parent or otherwise authorized adult must come to the office and sign the student out. Please be prepared to show identification. Once an identity is verified, a campus representative will then call for the student or collect the student and bring him or her to the office. For safety purposes and stability of the learning environment, we cannot allow you to go to the classroom or other area unescorted to pick up the student. If the student returns to campus the same day, the parent or authorized adult must sign the student back in through the main office upon the student's return. Documentation regarding the reason for the absence will also be required.
- For students in high school, the same process will be followed. If the student's parent will authorize the student to leave campus unaccompanied, a note provided by the parent must be submitted to the main office in advance of the absence, no later than two hours prior to the student's need to leave campus. A phone call received from the parent may be accepted, but the school may ultimately require a note to be submitted for documentation purposes. Once the office has received

information that the student's parent consents to the student leaving campus, a pass will be issued to the student to hand to his or her teacher with the necessary information. The student must sign out through the main office and sign in upon his or her return, if the student returns the same day. If a student is 18 years of age or is an emancipated minor, the student may produce a note on his or her own behalf. Documentation regarding the reason for the absence will be required.

- If a student becomes ill during the school day and the school nurse or other district personnel determines that the student should go home, the nurse will contact the student's parent and document the parent's wishes regarding release from school. Unless directed by the parent to release the student unaccompanied, the parent or other authorized adult must follow the sign-out procedures as listed above. If a student is allowed to leave campus by himself or herself, as permitted by the student's parent, or if the student is age 18 or is an emancipated minor, the nurse will document the time of day the student was released. Under no circumstances will a child in elementary or middle school be released unaccompanied by a parent or adult authorized by the parent.

During Lunch

The campus is a closed campus and students are not allowed to leave during lunch without a parent.

At Any Other Time During the School Day

Students are not authorized to leave campus during regular school hours for any other reason, except with the permission of the principal.

Students who leave campus in violation of these rules will be subject to disciplinary action in accordance with the Student Code of Conduct.

Lost and Found (All Grade Levels)

A "lost and found" collection box is located in the campus office. If your child has lost an item, please encourage him or her to check the lost and found box. The district discourages students from bringing to school personal items of high monetary value, as the district is not responsible for lost or stolen items. The campus will dispose of lost and found items at the end of each semester.

Makeup Work

Makeup Work Because of Absence (All Grade Levels)

For any class missed, the teacher may assign the student makeup work based on the instructional objectives for the subject or course and the needs of the individual student in mastering the essential knowledge and skills or in meeting subject or course requirements.

A student will be responsible for obtaining and completing the makeup work in a satisfactory manner and within the time specified by the teacher. A student who does not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment.

A student is encouraged to speak with his or her teacher if the student knows of an absence ahead of time, including absences for extracurricular activities, so that the teacher and student may plan any work that can

be completed before or shortly after the absence. Please remember the importance of student attendance at school and that, even though absences may be excused or unexcused, all absences account for the 90 percent threshold in regards to the state laws surrounding “attendance for credit or final grade.” [See **Attendance for Credit or Final Grade.**]

A student involved in an extracurricular activity must notify his or her teachers ahead of time about any absences.

A student will be permitted to make up tests and to turn in projects due in any class missed because of absence. Teachers may assign a late penalty to any long-term project in accordance with time lines approved by the principal and previously communicated to students.

DAEP Makeup Work

Elementary and Middle/Junior High School Grade Levels

Grades 9–12

A high school student removed to a disciplinary alternative education program (DAEP) during the school year will have an opportunity to complete, before the beginning of the next school year, a foundation curriculum course in which the student was enrolled at the time of removal. The district may provide the opportunity to complete the course through an alternative method, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FOCA(LEGAL).]

In-School Suspension (ISS) Makeup Work (All Grade Levels)

A student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FO(LEGAL).]

Medicine at School (All Grade Levels)

Medication that must be administered to a student during school hours must be provided by the student’s parent. All medication, whether prescription or nonprescription, must be kept in the nurse’s office and administered by the nurse or another authorized district employee, unless the student is authorized to possess his or her own medication because of asthma or a severe allergy as described below or as otherwise allowed by law.

The district will not purchase nonprescription medication to give to a student. District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, with the following exceptions:

Only authorized employees, in accordance with policy FFAC, may administer:

- Prescription medication, in the original, properly labeled container, provided by the parent, along with a written request.
- Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container.
- Nonprescription medication, in the original, properly labeled container, provided by the parent along with a written request.
- Herbal or dietary supplements provided by the parent only if required by the student's individualized education program (IEP) or Section 504 plan for a student with disabilities.

Students whose schedules provide for regular time spent outdoors, including for recess and physical education classes, should apply sunscreen before coming to school.

For students at the elementary level, the student's teacher or other district personnel will apply sunscreen to a student's exposed skin if the student brings the sunscreen to school and requests assistance with the application of the sunscreen. Nothing prohibits a student at this level from applying his or her own sunscreen if the student is capable of doing so.

For students at the secondary level, a student may possess and apply sunscreen when necessary. If the student will need assistance with this application, please address the need for assistance with the school nurse.

Whether a student is at the elementary or secondary level, if sunscreen needs to be administered to treat any type of medical condition, this should be handled through communication with the school nurse so that the district is made aware of any safety and medical issues.

A student with asthma or severe allergic reaction (anaphylaxis) may be permitted to possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her physician or health-care provider and to the school nurse the ability to use the prescribed medication, including any device required to administer the medication.

If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse or principal.

In accordance with a student's individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or principal for information. [See policy FFAF(LEGAL).]

Psychotropic Drugs

A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on perception, emotion, or behavior and is commonly described as a mood- or behavior-altering substance.

Teachers and other district employees may discuss a student's academic progress or behavior with the student's parents or another employee as appropriate; however, they are not permitted to recommend use

of psychotropic drugs. A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [For further information, see policy FFAC.]

Nondiscrimination Statement (All Grade Levels)

In its efforts to promote nondiscrimination and as required by law, Buna ISD does not discriminate on the basis of race, religion, color, national origin, gender, sex, disability, age, or any other basis prohibited by law, in providing education services, activities, and programs, including CTE programs, and provides equal access to the Boy Scouts and other designated youth groups. The following district representatives have been designated to coordinate compliance with these legal requirements:

- Title IX Coordinator, for concerns regarding discrimination on the basis of sex, including sexual harassment or gender-based harassment.
- ADA/Section 504 Coordinator, for concerns regarding discrimination on the basis of disability.
- All other concerns regarding discrimination: See the superintendent, Steve Hyden.

[See policies FB, FFH, and GKD.]

Nontraditional Academic Programs (All Grade Levels)

Parent and Family Engagement (All Grade Levels)

Working Together

Both experience and research tell us that a child's education succeeds best when there is good communication and a strong partnership between home and school. Your involvement and engagement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child on a daily basis to make the most of the educational opportunities the school provides.
- Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.
- Becoming familiar with all of your child's school activities and with the academic programs, including special programs, offered in the district.
- Discussing with the school counselor or principal any questions you may have about the options and opportunities available to your child.
- Reviewing the requirements and options for graduation with your child in middle school and again while your child is enrolled in high school.
- Monitoring your child's academic progress and contacting teachers as needed. [See **Academic Counseling**.]
- Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a teacher, school counselor, or principal, please call the

school office for an appointment. The teacher will usually return your call or meet with you during his or her conference period or before or after school. [See **Report Cards/Progress Reports and Conferences.**]

- Becoming a school volunteer. [For further information, see policy GKG and **Volunteers** on page 99.]
- Participating in campus parent organizations. Parent organizations include: PTO/PTA.
- Serving as a parent representative on the district-level or campus-level planning committees, assisting in the development of educational goals and plans to improve student achievement. [For further information, see policies at BQA and BQB, and contact the campus principal.
- Serving on the School Health Advisory Council (SHAC), assisting the district in ensuring local community values are reflected in health education instruction and other wellness issues. [See policies at BDF, EHAA, FFA, and information in this handbook at **School Health Advisory Council (SHAC).**]
- Being aware of the school's ongoing bullying and harassment prevention efforts.
- Contacting school officials if you are concerned with your child's emotional or mental well-being.
- Attending board meetings to learn more about district operations. [See policies at BE and BED for more information.]

Physical Examinations/Health Screenings

Athletics' Participation (Secondary Grade Levels Only)

A student who wishes to participate in, or continue participation in, the district's athletics program governed by the UIL must submit certification from a health-care provider authorized under UIL rules that the student has been examined and is physically able to participate in the athletic program.

This examination is required in the first year of middle school competition and the first and third years of high school competition. During the alternate years, the student must complete a medical appraisal form, and the results of this appraisal may prompt the district to require a physical examination.

Other Examinations and Screenings (All Grade Levels)

Students are required to undergo a risk assessment for Type 2 diabetes at the same time the district screens students for hearing and vision issues, or for abnormal spinal curvatures.

[See policy FFAA.]

Pledges of Allegiance and a Minute of Silence (All Grade Levels)

Each school day, students will recite the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge. [See **Reciting the Pledges to the U.S. and Texas Flags.**]

State law requires that one minute of silence follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity

does not interfere with or distract others. In addition, state law requires that each campus provide for the observance of one minute of silence at the beginning of the first class period when September 11 falls on a regular school day in remembrance of those who lost their lives on September 11, 2001.

[See policy EC for more information.]

Prayer (All Grade Levels)

Each student has a right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not encourage, require, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

Prohibited Items

Students are not allowed to carry any article that could be considered dangerous or disruptive on campus at any time. These articles will be taken up and brought to the assistant principal's office. Any discipline action will be in accordance with the Student Code of Conduct. Students who bring prohibited articles by mistake may turn them in voluntarily to the office without penalty. Students should bring only items related to school activities.

Promotion and Retention

A student will be promoted only on the basis of academic achievement or demonstrated proficiency in the subject matter of the course or grade level, the recommendation of the student's teacher, the score received on any criterion-referenced or state-mandated assessment, and any other necessary academic information as determined by the district.

In addition, at certain grade levels a student—with limited exceptions—will be required to pass the State of Texas Assessments of Academic Readiness (STAAR), if the student is enrolled in a public Texas school on any day between January 1 and the date of the first administration of the STAAR.

Elementary and Middle/Junior High Grade Levels

In order to be promoted to grade 6, students enrolled in grade 5 must perform satisfactorily on the mathematics and reading sections of the grade 5 assessment in English or Spanish.

In order to be promoted to grade 9, students enrolled in grade 8 must perform satisfactorily on the mathematics and reading sections of the grade 8 assessment in English.

If a student in grade 5 or 8 is enrolled in a course that earns high school credit and for which an end-of-course (EOC) assessment will be administered, the student will not be subject to the promotion requirements described above for the relevant grade 5 or 8 assessment. The student will instead take the corresponding EOC assessment.

If a student in grades 3–8 is enrolled in a class or course intended for students above his or her current grade level in which the student will be administered a state-mandated assessment, the student will be required to take an applicable state-mandated assessment only for the course in which he or she is enrolled, unless otherwise required to do so by federal law.

[See **Standardized Testing.**]

A student in grade 5 or 8 will have two additional opportunities to take a failed assessment. If a student fails a second time, a grade placement committee, consisting of the principal or designee, the teacher, and the student's parent, will determine the additional special instruction the student will receive. After a third failed attempt, the student will be retained; however, the parent can appeal this decision to the committee. In order for the student to be promoted, based on standards previously established by the district, the decision of the committee must be unanimous and the student must complete additional special instruction before beginning the next grade level. Whether the student is retained or promoted, an educational plan for the student will be designed to enable the student to perform at grade level by the end of the next school year. [See policy EIE.]

Certain students—some with disabilities and some classified as English language learners—may be eligible for exemptions, accommodations, or deferred testing. An admission, review, and dismissal (ARD) committee meeting will be convened if a student receiving special education services in grade 5 or 8 fails to meet satisfactory performance after the first STAAR administrations in reading or math. For more information, see the principal, school counselor, or special education director.

Parents of a student at or above grade level 3 who does not perform satisfactorily on his or her state-mandated exams will be notified that their child will participate in special instructional programs designed to improve performance. The student may be required to participate in this instruction before or after normal school hours or outside of the normal school year. Failure of a student to attend these programs may result in violations of required school attendance as well as the student not being promoted to the next grade level.

A Personal Graduation Plan (PGP) will be prepared for any student at the middle school or junior high level who did not perform satisfactorily on a state-mandated assessment or is determined by the district as not likely to earn a high school diploma before the fifth school year following enrollment in grade 9. The PGP will be designed and implemented by a school counselor, teacher, or other staff member designated by the principal. The plan will, among other items, identify the student's educational goals, address the parent's educational expectations for the student, and outline an intensive instruction program for the student. [For additional information, see the school counselor or principal and policy EIF(LEGAL).] For a student receiving special education services, the student's IEP may serve as the student's PGP and would therefore be developed by the student's ARD committee.

[For information related to the development of personal graduation plans for high school students, see **Personal Graduation Plans.**]

High School Grade Levels

To earn credit in a course, a student must receive a grade of at least 70 based on course-level or grade-level standards.

A student in grades 9–12 will be advanced a grade level based on the number of course credits earned. [See **Grade Level Classification.**]

Students will also have multiple opportunities to retake EOC assessments. [See **Graduation and Standardized Testing** for more information about EOC assessments.]

Relationships Between Boys and Girls

Students should conduct themselves in a dignified manner at all times. To preserve their dignity, it is considered inappropriate for girls and boys to have their hands on each other. Public display of affection is not permitted.

Release of Students from School

[See **Leaving Campus.**]

Report Cards/Progress Reports and Conferences (All Grade Levels)

Report cards with each student's grades or performance and absences in each class or subject are issued at least once every 6 weeks.

At the end of the first three weeks of a grading period, parents will receive a progress report if their child's performance in any course/subject area is near or below 70, or is below the expected level of performance. If the student receives a grade lower than 70 in any class or subject at the end of a grading period, the parent will be requested to schedule a conference with the teacher of that class or subject. [See **Working Together** for how to schedule a conference.]

Teachers follow grading guidelines that have been approved by the principal pursuant to the board-adopted policy and are designed to reflect each student's relative mastery of each assignment for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district's grading policy. [See policy EIA(LOCAL) and **Grading Guidelines.**]

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

Report cards and unsatisfactory progress reports must be signed by the parent and returned to the school within 3 days. The district may use an electronic program to communicate academic information about your child, including for report card and progress reporting purposes. An electronic signature of the parent will be accepted by the district, but you are entitled to request the option to provide a handwritten signature of acknowledgment instead.

Retaliation

[See **Dating Violence, Discrimination, Harassment, and Retaliation.**]

Safety (All Grade Levels)

Student safety on campus, at school-related events, and on district vehicles is a high priority of the district. Although the district has implemented safety procedures, the cooperation of students is essential to ensuring school safety. A student is expected to:

- Avoid conduct that is likely to put the student or others at risk.
- Follow the behavioral standards in this handbook and the Student Code of Conduct, as well as any additional rules for behavior and safety set by the principal, campus behavior coordinator, teachers, or bus drivers.
- Remain alert to and promptly report to a teacher or the principal any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.

Accident Insurance

Soon after the school year begins, parents will have the opportunity to purchase low-cost accident insurance that would help meet medical expenses in the event of injury to their child.

Insurance for Career and Technical Education (CTE) Programs

If the board purchases accident, liability, or automobile insurance coverage for students or businesses involved in the district's CTE programs, the district will notify the affected students and parents.

Preparedness Drills: Evacuation, Severe Weather, and Other Emergencies

From time to time, students, teachers, and other district employees will participate in preparedness drills of emergency procedures. When the command is given or alarm is sounded, students need to follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

Fire Drill Bells

3 bells	leave the building
1 bell	halt; stand at attention
2 bells	return to the classroom

Tornado Drill Bells

1 continuous bell/siren	move quietly but quickly to the designated locations
2 bells	return to the classroom

Emergency Medical Treatment and Information

If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school may have to rely on previously provided written parental consent to obtain emergency medical treatment, and information about allergies to medications, foods, insect bites, etc. Therefore, parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the school nurse to update any information that the nurse or the teacher needs to know.

Emergency School-Closing Information

Each year, parents are asked to complete an emergency release form to provide contact information in the event that school is dismissed early or opening is delayed because of severe weather or another emergency, or if the campus must restrict access due to a security threat.

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. It is crucial to notify your child's school when a phone number previously provided to the district has changed.

If the campus must close, delay opening, or restrict access to the building because of an emergency, the district will also alert the community in the following ways: local news stations, local radio stations, and alerts sent out through the School Messenger automated phone system.

SAT, ACT, and Other Standardized Tests

Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. Students are encouraged to talk with the counselor early during their junior year to determine the appropriate exam to take; these exams are usually taken at the end of the junior year. (Prior to enrollment in a Texas public college or university, most students must take a standardized test, such as the Texas Higher Education Assessment.

School Facilities

Use by Students Before and After School (All Grade Levels)

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.

Unless the teacher or sponsor overseeing an activity gives permission, a student will not be permitted to go to another area of the building or campus.

After dismissal of school in the afternoon, unless a student is involved in an activity under the supervision of a teacher or other authorized employee or adult, or unless students are granted permission to remain on campus in accordance with policy FNAB, students must leave campus immediately.

Junior High Before School

At 7:30 a.m., students will be allowed to enter the cafeteria for breakfast, report to classrooms for tutoring, go to the library to check out books, and to the band hall to put away instruments. No loitering will be

allowed in the hallways before school. Classes begin at 8:00 am. Students not involved in morning activities will stay in their designated area until the bell rings to report to class.

Conduct Before and After School (All Grade Levels)

Teachers and administrators have full authority over student conduct at before- or after-school activities on district premises and at school-sponsored events off district premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the Student Code of Conduct or any stricter standards of behavior established by the sponsor for extracurricular participants.

Use of Hallways During Class Time (All Grade Levels)

Loitering or standing in the halls during class is not permitted. During class time, a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the Student Code of Conduct.

Cafeteria Services (All Grade Levels)

The district participates in the School Breakfast Program and National School Lunch Program and offers students nutritionally balanced meals daily in accordance with standards set forth in state and federal law.

Free and reduced-price meals are available based on financial need or household situation. Information about a student's participation is confidential; however, disclosure of a student's eligibility may be made without prior notice or consent to programs, activities, and individuals that are specifically authorized access under the National School Lunch Act (NSLA), which is the law that sets forth the disclosure limits for the district's child nutrition programs. A student's name, eligibility status, and other information may be disclosed to certain agencies as authorized under the NSLA to facilitate the enrollment of eligible children in Medicaid or the state children's health insurance program (CHIP) unless the student's parent notifies the district that a student's information should not be disclosed. A parent's decision will not affect the child's eligibility for free and reduced price meals or free milk. See Jodie Carr, Food Service Director, 994-4839, to apply for free or reduced price meal services.

Parents are strongly encouraged to continually monitor their child's meal account balance. Buna ISD has established a meal account for each student for their use in paying for meals. The account may be replenished by sending cash or check with your child for credit to the account, or through the on-line payment system, using a credit or debit card. Please call 994-7438 if you would like assistance in navigating the on-line system. Buna ISD discourages overdrawn or charge accounts; however, we understand that, sometimes, our students and your children may not get the message to their parents that additional funds are needed in their meal account. In the event that a student has reached "charge" status, the following guidelines will be observed:

- A notice will be sent to parents once an account reaches a negative balance at the end of each six weeks grading period for any account on "charge" status.
- Hyper Alert will contact you when a negative balance is reached.
- A 2nd notice will be sent by certified mail once an account reaches \$30 in charges.
- A 3rd notice will be sent by certified mail once an account reaches \$99 in charges and further legal

action will be taken.

It is not our desire to have to ask your assistance in keeping a positive balance in your child's meal account.

Library (All Grade Levels)

The library is a learning laboratory with books, computers, magazines, and other materials available for classroom assignments, projects, and reading or listening pleasure. The library is open for independent student use during the following times with a teacher permit:

- High School Monday-Friday 7:30-3:30
- Junior High School Monday-Friday 7:30-3:20
- Elementary Monday-Friday 7:30-3:00

Meetings of Noncurriculum-Related Groups (Secondary Grade Levels Only)

Student-organized, student-led noncurriculum-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB(LOCAL).

A list of these groups is available in the principal's office.

Searches

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, district officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.

Students' Desks and Lockers (All Grade Levels)

Students' desks and lockers are school property and remain under the control and jurisdiction of the school even when assigned to an individual student.

Students are fully responsible for the security and contents of their assigned desks and lockers. Students must be certain that their lockers are locked, and that the combinations are not available to others.

Searches of desks or lockers may be conducted at any time there is reasonable suspicion to believe that they contain articles or materials prohibited by policy, whether or not a student is present.

The parent will be notified if any prohibited items are found in the student's desk or locker.

Telecommunications and Other Electronic Devices (All Grade Levels)

Use of district-owned equipment and its network systems is not private and will be monitored by the district. [See policy CQ for more information.]

Any searches of personal telecommunications or other personal electronic devices will be conducted in accordance with law, and the device may be confiscated in order to perform a lawful search. A confiscated device may be turned over to law enforcement to determine whether a crime has been committed.

Vehicles on Campus (Secondary Grade Levels Only)

A student has full responsibility for the security and content of his or her vehicle parked on district property and must make certain that it is locked and that the keys are not given to others. [See the Student Code of Conduct.]

Vehicles parked on district property are under the jurisdiction of the district. School officials may search any vehicle any time there is reasonable suspicion to do so, with or without the permission of the student. If a vehicle subject to search is locked, the student will be asked to unlock the vehicle. If the student refuses, the student's parent will be contacted. If a search is also refused by the student's parent, the district will turn the matter over to law enforcement. The district may, in certain circumstances, contact law enforcement even if permission to search is granted.

Trained Dogs (All Grade Levels)

The district will use trained dogs to alert school officials to the presence of prohibited or illegal items, including drugs and alcohol. At any time, trained dogs may be used around lockers and the areas around vehicles parked on school property. Searches of classrooms, common areas, or student belongings may also be conducted by trained dogs when students are not present. An item in a classroom, a locker, or a vehicle to which a trained dog alerts may be searched by school officials.

Metal Detectors (All Grade Levels)

[For further information, see policy FNF(LOCAL).]

Drug Testing (Secondary Grade Levels Only)

[For further information, see policy FNF(LOCAL). Also see **Steroids**.]

Sexual Harassment

[See **Dating Violence, Discrimination, Harassment, and Retaliation**.]

Special Programs (All Grade Levels)

The district provides special programs for gifted and talented students, homeless students, students in foster care, bilingual students, migrant students, English language learners, students diagnosed with dyslexia, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the district or by other organizations. A student or parent with questions about these programs should contact the Counselor's office.

Standardized Testing

Secondary Grade Levels

SAT/ACT (Scholastic Aptitude Test and American College Test)

Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. Students are encouraged to talk with the school counselor early during their junior year to determine the appropriate exam to take; these exams are usually taken at the end of the junior year. The Preliminary SAT (PSAT) and ACT-Aspire are the corresponding preparatory and readiness assessments for the SAT and ACT, and more information can be obtained on these assessments from the school counselor.

Note: Participation in these assessments may qualify a student to receive a performance acknowledgment on his or her transcript under the foundation graduation program and may qualify as a substitute for an end-of-course testing requirement in certain circumstances. A student's performance at a certain level on the SAT or ACT also makes the student eligible for automatic admission to a Texas public institution of higher education.

TSI (Texas Success Initiative) Assessment

Prior to enrollment in a Texas public college or university, most students must take a standardized test called the Texas Success Initiative (TSI) assessment. The purpose of the TSI assessment is to assess the reading, mathematics, and writing skills that entering freshmen-level students should have if they are to perform effectively in undergraduate certificate or degree programs in Texas public colleges and universities. This assessment may be required before a student enrolls in a dual credit course offered through the district as well. Achieving certain benchmark scores on this assessment for college readiness may also waive certain end-of-course assessment requirements in limited circumstances.

STAAR (State of Texas Assessments of Academic Readiness)

Grades 3–8

In addition to routine tests and other measures of achievement, students at certain grade levels are required to take the state assessment, called STAAR, in the following subjects:

- Mathematics, annually in grades 3–8
- Reading, annually in grades 3–8
- Writing, including spelling and grammar, in grades 4 and 7
- Science in grades 5 and 8
- Social Studies in grade 8

Successful performance on the reading and math assessments in grades 5 and 8 is required by law in order for the student to be promoted to the next grade level, unless the student is enrolled in a reading or math course intended for students above the student's current grade level. Exceptions may apply for students enrolled in a special education program if the ARD committee concludes the student has made sufficient

progress in the student’s individual education plan (IEP). [See **Promotion and Retention** for additional information.]

STAAR Alternate 2 is available for eligible students receiving special education services who meet certain state-established criteria as determined by the student’s ARD committee.

STAAR Spanish is available for eligible students for whom a Spanish version of STAAR is the most appropriate measure of their academic progress.

High School Courses—End-of-Course (EOC) Assessments

STAAR end-of-course (EOC) assessments are administered for the following courses:

- Algebra I
- English I and English II
- Biology
- U.S. History

Satisfactory performance on the applicable assessments will be required for graduation, unless otherwise waived or substituted as allowed by state law and rules.

There are three testing windows during the year in which a student may take an EOC assessment, which will occur during the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have additional opportunities to retake the assessment.

STAAR Alternate 2 is available for eligible students receiving special education services who meet certain criteria established by the state as determined by the student’s ARD committee.

An ARD committee for a student receiving special education services will determine whether successful performance on the EOC assessments will be required for graduation within the parameters identified in state rules and the student’s personal graduation plan.

[See **Graduation** on page 60 for additional information.]

Steroids (Secondary Grade Levels Only)

State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for medical use only, and only a physician can prescribe use.

Body building, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

Students in Foster Care (All Grade Levels)

In an effort to provide educational stability, the district will assist any student who is currently placed or newly placed in foster care (temporary or permanent custody of the state, sometimes referred to as substitute care) with the enrollment and registration process, as well as other educational services throughout the student’s enrollment in the district.

Please contact Dr. Steve Hyden, who has been designated as the district's foster care liaison, at (409) 994-5101 with any questions.

Student Speakers (All Grade Levels)

The district provides students the opportunity to introduce the following school events: football games; opening announcements and greetings for the school day; graduation; pep rallies, and club inductions. If a student meets the eligibility criteria and wishes to introduce one of the school events listed above, the student should submit his or her name in accordance with policy FNA(LOCAL).

Substance Abuse Prevention and Intervention (All Grade Levels)

If you are worried that your child may be using or is in danger of experimenting, using, or abusing illegal drugs or other prohibited substances, please contact the school counselor. The school counselor can provide you with a list of community resources that may be of assistance to you. The Texas Department of State Health Services (DSHS) maintains information regarding children's mental health and substance abuse intervention services on its website: [Services for Children and Adolescents](#).

Suicide Awareness and Mental Health Support (All Grade Levels)

The district is committed to partnering with parents to support the healthy mental, emotional, and behavioral development of its students. If you are concerned about your child, please access [Texas Suicide Prevention](#) or contact the school counselor for more information related to suicide prevention services available in your area.

Summer School (All Grade Levels)

Summer school is offered FREE of charge for Buna ISD students only. At Buna Elementary and Buna Junior High to be eligible students must have a final grade above 65 in a math or language arts course or both that the student needs to pass in order to be promoted to the next grade. The High School offers summer school for students who have failed a semester in a course. The student will qualify for promotion by passing the required number of classes to meet campus promotion requirements. Once a student has been identified as a candidate for summer school, parents will be notified by telephone. Classes are offered on campus from 8 AM to 12 PM Monday through Thursday during three consecutive weeks in June. Bus services will be provided. If you have any questions concerning summer school, please contact the campus principal.

Tardies (All Grade Levels)

Repeated instances of tardiness will result in disciplinary action in accordance with the Student Code of Conduct.

Textbooks, Electronic Textbooks, Technological Equipment, and Other Instructional Materials (All Grade Levels)

Textbooks and other district-approved instructional materials are provided to students free of charge for each subject or class. Any books must be covered by the student, as directed by the teacher, and treated with care. Electronic textbooks and technological equipment may also be provided to students, depending on the course and course objectives. A student who is issued a damaged item should report the damage to the teacher. Any student failing to return an item in acceptable condition loses the right to free textbooks

and technological equipment until the item is returned or the damage paid for by the parent; however, the student will be provided the necessary instructional resources and equipment for use at school during the school day.

Transfers (All Grade Levels)

The principal is authorized to transfer a student from one classroom to another.

[See **Safety Transfers/Assignments, Bullying, and Students Who Have Learning Difficulties or Who Need Special Education Services**, for other transfer options.]

Transportation (All Grade Levels)

Bus Riders

The Buna School District provides bus transportation for all students who live a specified distance from school. The administration encourages all eligible students to ride the buses provided by the school district. The Buna School District assumes responsibility for the supervision of students to and from school only when said students are being transported to and from school on school operated vehicles. A student who rides the bus to school in the morning will be expected to ride the bus home in the afternoon, unless the student's parents make arrangements with the respective principal's office.

Bus Rules

1. Bus riders must stay in their assigned seats and in a sitting position at all times on the bus.
2. Bus riders should not move to board a bus until it is completely stopped and the door is open.
3. Pupils must be on time at their bus stops. It would be advisable to be there three to five (3-5) minutes early. Drivers may wait for students who are in sight, if they are hurrying. Students are to load and unload the bus at the designated bus stop.
4. Bus riders may leave their seats only after the bus has come to a complete stop at their bus stop.
5. Bus riders in the elementary grades who must cross a street or road at their bus stop should wait for the driver to signal them.
6. No part of the student's body is allowed outside of a bus window.
7. Loud talking, profane or vulgar language, horseplay, or fighting is a distraction to the driver and cannot be tolerated.
8. The school dress code also applies while riding buses.
9. No dangerous items may be carried on a school bus. Firecrackers, knives, etc. will not be tolerated.
10. Any damage to a bus shall be paid for by the person inflicting the damage.
11. All riders should help to keep the bus clean and sanitary on the inside. Eating on the regular routes, therefore, cannot be tolerated.

12. Be courteous and obedient to your bus driver. Your help and cooperation will enable the driver to make your school bus ride safer.
13. Bus drivers may reassign seats to individuals on buses if they feel it is advisable.
14. Conduct on the school bus should be similar to conduct in the classroom, except that ordinary conversation may be permitted. All school rules apply while riding the bus.
15. The bus driver has complete authority on all bus runs and is to enforce all rules.
16. Students must ride the bus to which they are assigned. No student may change buses without the consent of the Director of Transportation.
17. Remember that bus riding is a privilege, not an absolute right--students must obey the bus rules to keep this privilege. Repeated bus misbehavior will ultimately result in removal from the bus.
18. Throwing or shooting objects in or out of the bus (littering) creates an unsafe condition and is prohibited.
19. All bus routes are subject to being monitored by video camera without notice.
20. Junior High students are not allowed to get on or off the bus at the high school campus except in case of emergency or to be released to the parent, or when authorized by school personnel.
21. Students who miss the bus will report to the office for assistance.
22. For the violation of any of these rules or for failure to obey the bus driver, students will be reported to their principal who can bar any student, temporarily or permanently, from riding the school buses.
23. Musical instruments that are too large to fit under the bus seat create an unsafe environment and are prohibited.
24. Students are not allowed to have objects in the mouth. Objects in the mouth create a potential danger to student safety, if the bus makes a sudden stop or is involved in an accident.

Changing Regular Bus Route

When a child is enrolled at Buna Public Schools, a form will be filled out and signed by the parent/guardian listing his/her regular way of getting home. If a child is to make a change in bus schedules, he/she must have a note from a parent asking the office to give permission to make the change.

If your plans change during the day, you may come by the principal's office and leave a note to be delivered to your child. Telephone messages are not accepted. A parent note is also needed for the bus driver if the change involves a different route or bus stop. Examples of this would be changing buses to go someplace other than his/her home, going home with another child, or having someone pick the child up instead of riding the bus. This rule would be applicable to children who are picked up by someone other than a parent for music lessons, dancing lessons, Blue Birds, Boy Scouts, or any other activity. One permanent written permit filed with the child's principal will serve for these recurring activities. All students who ride the bus home will board their bus on the campus and remain on the bus until they arrive at home. No students will

be allowed to get on or off the bus at the high school campus except in case of emergency, to be released to a parent, or with administrative approval as described below.

Students who miss the bus will report to the office for assistance. Missing the bus is not a valid reason for walking to or riding another bus to high school or elementary school.

Route Descriptions

- 34: Hwy 96 North/ Quigley Road/ to CR 608/ Paradise Park
- 35: Gum Slough/ Williams Road/ Ball Park Road/Callier Loop
- 36: Rogers Road/Tram Road/ Ferrell Road/ Lewis Road/Behind County Barn
- 37: Hwy 96 S./Evadale Cut-off/ Studmill Road/Gum Slough/ Lester Jackson Rd.; Idlewood
- 38: Hwy 62 S; Parkwood Area; Dempsey Turner Road-Beasley Smokehouse Rd/Hwy. 253
- 39: Thicket Road (CR. 777)/Morse Cemetery Rd./Gum Slough/Evadale cut-off East
- 40: Hwy 1004; Weiss Bluff; Whitehead Refinery Road
- 41: Wright Cemetery Road; Sheppard Road/Hwy 253/Ira Richardson Road
- 45: Redbud; Bessmay
- 49.: Hwy 96 S; Reese Road; Deer Run Estates; Timberlane Drive
- 52: Hwy 1004; Farrell Road; Pleasant Grove Road/Behind Sr. Toro's
- 54: Hwy 96 S; Lone Oak Rd; Hwy 1004; Lewis Road; C.R. 636
- 56: Gist Area; East of Hwy 62; CR 804
- 57: Gist-Eaves Road; Woodridge Country
- 58: Cougar Country; 5-Acre Tracts
- 62: Bond Loop; Pope Drive; Dogwood
- 63: Cougar Country; Front Area

School-Sponsored Trips

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. As approved by the principal, a coach or sponsor of an extracurricular activity may establish procedures related to making an exception to this requirement when a parent requests that the student be released to the parent or to another adult designated by the parent.

Buses and Other School Vehicles

The district makes school bus transportation available to all students living two or more miles from school. This service is provided at no cost to students.

Bus routes and stops will be designated annually, and any subsequent changes will be posted at the school and on the district's website. For the safety of the operator of the vehicle and all passengers, students must board buses or other vehicles only at authorized stops, and drivers must unload passengers only at authorized stops.

A parent may also designate a child-care facility or grandparent's residence as the regular pickup and drop-off location for his or her child. The designated facility or residence must be on an approved stop on an approved route. For information on bus routes and stops or to designate an alternate pickup or drop-off location, you may contact the transportation office at 994-4880.

See the Student Code of Conduct for provisions regarding transportation to the DAEP.

Students are expected to assist district staff in ensuring that buses and other district vehicles remain in good condition and that transportation is provided safely. When riding in district vehicles, including buses, students are held to behavioral standards established in this handbook and the Student Code of Conduct.

Students must:

- Follow the driver's directions at all times.
- Enter and leave the vehicle in an orderly manner at the designated stop.
- Keep feet, books, instrument cases, and other objects out of the aisle.
- Not deface the vehicle or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the vehicle.
- Not possess or use any form of tobacco or e-cigarettes in any district vehicle.
- Observe all usual classroom rules.
- Be seated while the vehicle is moving.
- Fasten their seat belts, if available.
- Wait for the driver's signal upon leaving the vehicle and before crossing in front of the vehicle.
- Follow any other rules established by the operator of the vehicle.

Misconduct will be punished in accordance with the Student Code of Conduct; the privilege to ride in a district vehicle, including a school bus, may be suspended or revoked.

Vandalism (All Grade Levels)

The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended—

both this year and for years to come—littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

Video Cameras (All Grade Levels)

For safety purposes, video and audio recording equipment is used to monitor student behavior, including on buses and in common areas on campus. Students will not be told when the equipment is being used.

The principal will review the video and audio recordings routinely and document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

Upon written request of a parent of a student who receives special education services, a staff member (as this term is defined by law), a principal or assistant principal, or the board, state law requires the district to place video and audio recording equipment in a classroom in which the student spends at least 50 percent of his or her instructional day, referred to in the law as a self-contained classroom. The majority of students in this type of classroom must also be students who receive special education services. Before the district places a video camera in a classroom or other setting in which your child receives special education services, the district will provide notice to you. Please speak directly with the principal or other, who has been designated by the district to coordinate the implementation of and compliance with this law, for further information or to request the installation and operation of this equipment.

[See EHBAF(LOCAL).]

Visitors to the School (All Grade Levels)

General Visitors

Parents and others are welcome to visit district schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must first report to the main office and must comply with all applicable district policies and procedures. When arriving on campus, all parents and other visitors should be prepared to show identification.

Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher and only so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment. Even if the visit is approved prior to the visitor's arrival, the individual must check in at the main office first.

All visitors are expected to demonstrate the highest standards of courtesy and conduct; disruptive behavior will not be permitted.

Unauthorized Persons

In accordance with Education Code 37.105, a school administrator, school resource officer(SRO), or district police officer has the authority to refuse entry or eject a person from district property if the person refuses to leave peaceably on request and:

- The person poses a substantial risk of harm to any person; or

- The person behaves in a manner that is inappropriate for a school setting and the person persists in the behavior after being given a verbal warning that the behavior is inappropriate and may result in refusal of entry or ejection.

Appeals regarding refusal of entry or ejection from district property may be filed in accordance with FNG(LOCAL) or GF(LOCAL).

(See also Student Code of Conduct.)

Visitors Participating in Special Programs for Students

On Buna High School Career day the district invites representatives from colleges and universities and other higher education institutions, prospective employers, and military recruiters to present information to interested students.

The district may invite representatives from patriotic societies listed in Title 36 of the United States Code to present information to interested students about membership in the society.

Volunteers (All Grade Levels)

We appreciate so much the efforts of parent and grandparent volunteers that are willing to serve our district and students. If you are interested in volunteering, please contact the campus administrator for more information and to complete an application.

Voter Registration (Secondary Grade Levels Only)

A student who is eligible to vote in any local, state, or federal election may obtain a voter registration application at the main campus office.

Withdrawing from School (All Grade Levels)

A student under age 18 may be withdrawn from school only by a parent. The school requests notice from the parent at least three days in advance so that records and documents may be prepared. The parent may obtain a withdrawal form from the principal's office.

On the student's last day, the withdrawal form must be presented to each teacher for current grade averages and book and equipment clearance; to the librarian to ensure a clear library record; to the clinic for health records; to the school counselor for the last report card and course clearance; and finally, to the principal. A copy of the withdrawal form will be given to the student, and a copy will be placed in the student's permanent record.

A student who is age 18 or older, who is married, or who has been declared by a court to be an emancipated minor may withdraw without parental signature.

Glossary

Accelerated instruction is an intensive supplemental program designed to address the needs of an individual student in acquiring the knowledge and skills required at his or her grade level and/or as a result of a student not meeting the passing standard on a state-mandated assessment.

ACT-Aspire refers to an assessment that took the place of ACT-Plan and is designed as a preparatory and readiness assessment for the ACT. This is usually taken by students in grade 10.

ACT refers to one of the two most frequently used college or university admissions exams: the American College Test. The test may be a requirement for admission to certain colleges or universities.

ARD is the admission, review, and dismissal committee convened for each student who is identified as needing a full and individual evaluation for special education services. The eligible student and his or her parents are members of the committee.

Attendance review committee is responsible for reviewing a student's absences when the student's attendance drops below 90 percent, or in some cases 75 percent, of the days the class is offered. Under guidelines adopted by the board, the committee will determine whether there were extenuating circumstances for the absences and whether the student needs to complete certain conditions to master the course and regain credit or a final grade lost because of absences.

DAEP stands for disciplinary alternative education program, a placement for students who have violated certain provisions of the Student Code of Conduct.

EOC assessments are end-of-course tests, which are state-mandated, and are part of the STAAR program. Successful performance on EOC assessments are required for graduation. These exams will be given in English I, English II, Algebra I, Biology, and U.S. History.

ESSA is the Every Student Succeeds Act passed by the federal government in December 2015.

FERPA refers to the federal Family Educational Rights and Privacy Act that grants specific privacy protections to student records. The law contains certain exceptions, such as for directory information, unless a student's parent or a student 18 or older directs the school not to release directory information.

IEP is the written record of the individualized education program prepared by the ARD committee for a student with disabilities who is eligible for special education services. The IEP contains several parts, such as a statement of the student's present educational performance; a statement of measurable annual goals, with short-term objectives; the special education and related services and supplemental aids and services to be provided, and program modifications or support by school personnel; a statement regarding how the student's progress will be measured and how the parents will be kept informed; accommodations for state or districtwide tests; whether successful completion of state-mandated assessments is required for graduation, etc.

IGC is the individual graduation committee, formed in accordance with state law, to determine a student's eligibility to graduate when the student has failed to demonstrate satisfactory performance on no more than two of the required state assessments.

ISS refers to in-school suspension, a disciplinary technique for misconduct found in the Student Code of Conduct. Although different from out-of-school suspension and placement in a DAEP, ISS removes the student from the regular classroom.

PGP stands for Personal Graduation Plan, which is required for high school students and for any student in middle school who fails a section on a state-mandated test or is identified by the district as not likely to earn a high school diploma before the fifth school year after he or she begins grade 9.

PSAT is the preparatory and readiness assessment for the SAT.

SAT refers to one of the two most frequently used college or university admissions exams: the Scholastic Aptitude Test. The test may be a requirement for admissions to certain colleges or universities.

SHAC stands for School Health Advisory Council, a group of at least five members, a majority of whom must be parents, appointed by the school board to assist the district in ensuring that local community values and health issues are reflected in the district's health education instruction, along with providing assistance with other student and employee wellness issues.

Section 504 is the federal law that prohibits discrimination against a student with a disability, requiring schools to provide opportunities for equal services, programs, and participation in activities. Unless the student is determined to be eligible for special education services under the Individuals with Disabilities Education Act (IDEA), general education with appropriate instructional accommodations will be provided.

STAAR is the State of Texas Assessments of Academic Readiness, the state's system of standardized academic achievement assessments.

STAAR Alternate 2 is an alternative state-mandated assessment designed for students with severe cognitive disabilities receiving special education services who meet the participation requirements, as determined by the student's ARD committee.

STAAR Spanish is an alternative state-mandated assessment administered to eligible students for whom a Spanish version of STAAR is the most appropriate measure of their academic progress.

State-mandated assessments are required of students at certain grade levels and in specified subjects. Successful performance sometimes is a condition of promotion, and passing the STAAR EOC assessments is a condition of graduation. Students have multiple opportunities to take the tests if necessary for promotion or graduation.

Student Code of Conduct is developed with the advice of the district-level committee and adopted by the board and identifies the circumstances, consistent with law, when a student may be removed from a classroom, campus, or district vehicle. It also sets out the conditions that authorize or require the principal or another administrator to place the student in a DAEP. It outlines conditions for out-of-school suspension and for expulsion. The Student Code of Conduct also addresses notice to the parent regarding a student's violation of one of its provisions.

TELPAS stands for the Texas English Language Proficiency Assessment System, which assesses the progress that English language learners make in learning the English language, and is administered for those who meet the participation requirements in kindergarten–grade 12.

TSI assessment is the Texas Success Initiative assessment designed to measure the reading, mathematics, and writing skills that entering college-level freshmen students should have if they are to be successful in undergraduate programs in Texas public colleges and universities.

TXVSN is the Texas Virtual School Network, which provides online courses for Texas students to supplement the instructional programs of public school districts. Courses are taught by qualified instructors, and courses are equivalent in rigor and scope to a course taught in a traditional classroom setting.

UIL refers to the University Interscholastic League, the statewide voluntary nonprofit organization that oversees educational extracurricular academic, athletic, and music contests.

APPENDIX I

Acceptable Use Regulations for Technology

Buna Independent School District

2017-2018

Purpose

Providing students and staff with a 21st century digital learning environment is part of the Buna ISD core values. Use of devices to enhance learning in the classroom will be pursued when deemed appropriate at individual teacher discretion. In addition to bringing their own devices, secondary students will have access to their own Google Apps account, including Gmail, within the Buna ISD student domain (k12.bunaisd.net). With teacher approval, students may use their devices in the classroom to access and save information from the internet, collaborate with other learners, and utilize the productivity tools available to them through their student Google Apps accounts.

Wireless Information

When a student brings his/her own technology device to a middle school or high school campus, it is **mandatory** that the device utilize the BISD wireless network. By logging into the BISD wireless network, he/she is accepting the terms of Buna ISD Student Acceptable Use Policy. Once on the BISD wireless network, all users will have filtered internet access just as they would on a district owned device. Alternative internet connections (cellular, 3G/4G) are N O T **ALLOWED** due to CIPA (Children's Internet Protection Act) compliance.

Plan

BYOD(Bring your own device) program will permit students grades 6-12 to bring their own internet-connected devices to school. The success of the BYOD program will depend on (1) the success of students adhering to the guidelines and policies for use of their own technology at school; and (2) success of adapting instruction and improving learning in the classroom. Buna retains the right to amend or change any policies surrounding the BYOD program at any time. We fully expect this to be a wonderful addition to our district's learning environment and appreciate your patience as we implement this large, far-reaching program. We will continue to refine and add to this plan to meet Buna ISD's needs over the life time of the program.

Guidelines:

Using functions on electronic devices in any manner that disrupts the educational environment, from within or from outside the classroom, or violates the rights of others, including, but not limited to using the device to cheat, violate school conduct rules, harass or bully staff or students or use their device for unlawful purposes will be subject to disciplinary action, up to and including suspension, expulsion and will be reported to the local authorities.

Using any device that permits recording the voice or image of another in any way that either disrupts the educational environment, invades the privacy of others, or is made without the prior consent of the individuals being recorded is prohibited. Also, using any device that permits recording the voice or image of another to take, disseminate, transfer or share audio, images, video or photographs that reveal private parts of the body that are ordinarily covered by clothing is prohibited. The possession of pornographic images or video on any electronic device is prohibited.

ACCEPTABLE USE POLICY

Buna ISD provides students with access to the district's electronic communications system for educational purposes. The electronic communications system is defined as the district's network, servers, computers, mobile devices, peripherals, applications, databases, online resources, internet access, email, and any other technology designated for use by students. With this educational opportunity comes responsibility. While the district uses filtering technology and protective measures to restrict access to inappropriate material, it is not possible to absolutely prevent such access. It will be each student's responsibility to follow the rules for appropriate and acceptable use. Access to the Buna ISD network is a privilege and administrators and faculty may review files and messages to maintain system integrity and ensure that users are acting responsibly.

ALL STUDENTS IN BUNA ISD MUST ADHERE TO THE FOLLOWING STANDARDS OF ACCEPTABLE USE:

- The district may review files and communications to maintain system integrity and ensure that users are using the system responsibly. Users **SHOULD NOT** expect that files stored on districts servers will always be private.
- Students are responsible at all times for their use of the district's electronic communication system and **MUST** assume personal responsibility to behave ethically and responsibly, even when technology provides them the freedom to do otherwise.
- Students **MUST** log in and use the Buna ISD filtered wireless network during the school day on personal electronic devices.
- Students **MUST NOT** access, modify, download, or install computer programs, files, or information belonging to others.
- Students **MUST NOT** waste or abuse school resources through unauthorized system use (e.g. playing online games, downloading music, watching video broadcasts, participating in chat rooms, etc.).
- Students **MUST NOT** alter computers, networks, printers or other equipment except as directed by a staff member.
- Technology, including electronic communication, **SHOULD** be used for appropriate educational purposes only and **SHOULD** be consistent with the educational objectives of Buna ISD.
- Students **MUST NOT** release personal information on the internet or other electronic communications.
- Personal BISS network access information **SHOULD NOT** be conveyed to other students nor should attempts be made to use anyone else's accounts.
- If a student finds an inappropriate site or image, he or she **MUST** immediately minimize the program and contact the instructor.
- Students **MUST NOT** create/publish/submit or display any materials/media that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal and should report any instances encountered.
- Students **SHALL** adhere to all laws and statutes related to issues of copyright or plagiarism.
- Violation of any of these standards may result in suspension of computer use, internet privileges and/or other disciplinary action as per the BISS Student Code of Conduct.
- Buna ISD assumes **NO** responsibility for theft, loss or damage of an electronic device brought to school

FREQUENTLY ASKED QUESTIONS

STUDENTS:

1. What type of device is allowed?

Students may use any laptop, tablet, eReader, smartphone, iPod Touch or like device. Game system devices will not be allowed. (Nintendo DS, PlayStation Portable/Vita etc.)

2. How will the device connect to the internet?

Buna ISD provides wireless connectivity throughout the district. The Children's Internet Protection Act (CIPA) requires all internet access to be filtered if accessed from any public school. Due to this act, students will not be allowed to use alternative connections. Wired connections will not be provided.

3. Am I required to use the Buna BYOD network? Can I use my 3G or 4G data plan?

You will not be allowed to use your personal data plan to connect to the internet. Students are required to use the Buna BYOD wireless network. Using your own wireless provider during school is an agreement breach and the violation will result in loss of this privilege.

4. Will there be "charging stations" to charge devices?

No official "charging stations" will be provided. With current battery technology, most devices will meet the demands of classroom instruction as not all classrooms will be using said devices.

5. Will software need to be purchased to participate?

No software purchases will be required. Google Apps will be provided by Buna ISD which includes most productivity tools including word processing, spreadsheets, and presentation software. This software works through the web browser and is platform independent not limiting device choice.

6. Will there be a penalty to my grade if I do not have my own device?

No, Devices are never required. Students who choose not to participate in this pilot will be given an alternate method of completing an assignment.

7. Who will pay for the device?

Devices will be purchased by the family, and will remain their property.

8. Who is responsible for repairs and updates to the device?

Students and their families are responsible for their devices. Buna ISD cannot provide resources for repair and troubleshooting.

9. When can students use their device at school?

After the student and parent(s)/guardian(s) attend a mandatory BYOD training session and complete necessary forms, students may use devices in participating classrooms.

10. Will students be able to print from their devices?

No. Students will not have access to printers provided by Buna ISD. Using Google Apps, Provided by Buna ISD, students will be able to electronically submit work for review and grading.

11. Where will student work be stored? *Students will not have access to their current home directory on their device. Google Apps provides storage with Google Drive. This platform will allow the student to access his/her files from any device on any internet capable network connection.*

12. I brought my iPad to school to use in the classroom but my teacher said I couldn't use it in her classroom. Can I still use it?

The teacher in the classroom is the final say on procedures in the classroom. If he or she asks you not to use your technology tool, then you should follow those directions. Access is only available, not guaranteed for each classroom situation.

13. Who is responsible for damage, loss, or theft of the device?

Bringing your own technology tools to school can be useful, however some risks are involved as well. It is always a good idea to record the device's serial number to have in case of theft. Buna ISD is not responsible for the theft of a device nor are we responsible for any damage done to the device while at school. Any time a theft occurs, you should contact a school administrator to make him or her aware of the offense. Installing tracking software can help locate the equipment if it is stolen.

PARENTS:

1. Is internet access required at home?

No. While it allows full use of educational resources, it is not required for student use of the device at school.

2. Will the program be expanded to cover the entire district?

After the conclusion of the pilot program data will be collected and examined. The data will be shared with administration and the school board, who will evaluate any plans for expansion.

3. Will my child have access to communication tools like email or message boards while on the BYOD network?

Yes, district approved, educational, curriculum supported communication tools will be available to support learning activities. Students will not have access to outside communication tools. All email and communication tools are for intradistrict only.

4. My student does not have a device. What do we do?

It is not mandatory for students to bring a device, even if they do own one. Keep in mind that learning can be enhanced greatly for the entire class even if only a handful of students have a device.

5. What will students be able to do with devices?

Students will be able to use web-based applications and other tools available on their device.

6. What district network resources can the students use with their personal devices?

District network resources (network printers, My Documents folders, network shared folders, etc) will not be available when using personal technology.

STAFF:

1. Do I, as the teacher, have the choice when students can use their technology devices?

Students may use technology at the discretion of the teachers as the lesson warrants the use.

1. Some of my students cannot access the network on their laptops or phones. I don't have

time in a class period to help them with this. Should I put in a help request or call the help desk? *No. Students who cannot access the BYOD wireless network, or who may have technical issues need to take care of this issue out of the classroom by working with their user's manual that came with the device. These are not Buna ISD devices, and the district is not allocating resources at this time to troubleshoot issues. You are welcome to help if you choose, but it is not a staff member's responsibility.*

3. One of my students was using his laptop to bully another student on campus. Should I Call the central technology office concerning this problem?

No. Any disciplinary infractions that occur from using technology tools should be referred to a campus administrator. This would be a student code of conduct issue.

4. Will students have access to any common software packages via the BYOD Buna wireless network access?

Students will have access to Buna ISD's Google Drive and possibly some online textbooks on their device. They will not have access to other software due to license limitations.

5. Should I call central office if one of my student's laptops is damaged or stolen?

No. Any theft issues should be handled as you normally would on your campus. Buna ISD is not responsible for any damage or theft of student owned technology tools. It would be good to remind students to keep a record of the device's serial number just in case a theft occurs.

APPENDIX II

ACCELERATED READER (Jr. High):

The following guidelines have been set for this program:

1. See the point system on the reverse side of this page.
2. G/T and Pre-honors students will follow the G/T and Pre-honors point system. All books for G/T and Pre-honors students will be near grade level (with teacher approval only), on grade level, or above grade level books only.
3. Students with disabilities in reading will be assessed according to IEP functional levels by taking a grade for the average of the AR tests completed, or points earned, whichever is the higher grade.
4. The Accelerated Reader (AR) grade will be recorded as a test grade each six weeks grading period.
5. There are no retests for Accelerated Reader tests failed.

ACCELERATED READER GRADE SCALE (Jr. High)

Reg Ed. Students

*Counts as a Test Grade each Six Weeks

Test Grade	100	95	90	85	80	75	70	65	60	55	50	45	40	35	30	25	0
7/8 Gr. - Points	16	15	14	13	12	11	10	9	8	7	6	5	4	3	2	1	0
6 Gr. - Points	12	11	10	9	8	7	6	5	4.5	4	3.5	3	2.5	2	1.5	1	0

GT/Pre-Honors Students

*Counts as a Test Grade each Six Weeks

Test Grade	100	95	90	85	80	75	70	65	60	55	50	45	40	35	30	25	20	15	0
6 Gr. Points	18	17	16	15	14	13	12	11	10	9	8	7	6	5	4	3	2	1	0

APPENDIX III – REQUIRED FORMS

Use of Student Work in District Publications

Occasionally, the Buna ISD wishes to display or publish student artwork or special projects on the district’s Web site and in district publications. The district agrees to only use these student projects in this manner.

Parent: Please circle one of the choices below:

I, parent of _____
(student’s name)

(do give) (do not give) the district permission to use my child’s artwork or special project on the district’s Web site and in district publications.

Parent signature:

Date: _____

NOTICE REGARDING DIRECTORY INFORMATION AND PARENT'S RESPONSE REGARDING RELEASE OF STUDENT INFORMATION

State law requires the district to give you the following information:

Certain information about district students is considered directory information and will be released to anyone who follows the procedures for requesting the information unless the parent or guardian objects to the release of the directory information about the student. If you do not want BUNA ISD to disclose directory information from your child's education records without your prior written consent, you must notify the district in writing by September 5, 2015.

This means that the district must give certain personal information (called "directory information") about your child to any person who requests it, unless you have told the district in writing not to do so. In addition, you have the right to tell the district that it may, or may not, use certain personal information about your child for specific school-sponsored purposes. The district is providing you this form so you can communicate your wishes about these issues. [See **Directory Information** on page 10 for more information.]

For the following school-sponsored purposes, Buna ISD has designated the following information as directory information:

- | | |
|--|---|
| <input type="checkbox"/> Student's name | <input type="checkbox"/> Grade level |
| <input type="checkbox"/> Address | <input type="checkbox"/> Most recent school previously attended |
| <input type="checkbox"/> Telephone listing | <input type="checkbox"/> Participation in officially recognized activities and sports |
| <input type="checkbox"/> Photograph | <input type="checkbox"/> Weight and height, if a member of an athletic team |
| <input type="checkbox"/> Date and place of birth | <input type="checkbox"/> Enrollment status |
| <input type="checkbox"/> Honors, and awards received | |
| <input type="checkbox"/> Dates of attendance | |

Directory information identified only for limited school-sponsored purposes remains otherwise confidential and will not be released to the public without the consent of the parent or eligible student.

Parent: Please circle one of the choices below:

I, parent of _____
(student's name),

(do give) (do not give) the district permission to use the information in the above list for the specified school-sponsored purposes.

Parent signature _____ Date _____

For all other purposes other than school sponsored, Buna ISD has designated the following information as directory information:

- Student's name
- Honors, and awards received
- Grade level
- Participation in officially recognized activities and sports
- Enrollment status

Parent: Please circle one of the choices below:

I, parent of _____
(student's name),

(do give) (do not give) the district permission to release the information in this list in response to a request unrelated to school-sponsored purposes.

Parent signature _____ Date _____

PARENT’S OBJECTION TO THE RELEASE OF STUDENT INFORMATION TO MILITARY RECRUITERS AND INSTITUTIONS OF HIGHER EDUCATION

Federal law requires that the district release to military recruiters and institutions of higher education, upon request, the name, address, and phone number of secondary school students enrolled in the district, unless the parent or eligible student directs the district not to release information to these types of requestors without prior written consent. [See **Release of Student Information to Military Recruiters and Institutions of Higher Education.**]

Parent: Please complete the following only if you do not want your child’s information released to a military recruiter or an institution of higher education without your prior consent.

I, parent of _____
(student’s name),

request that the district **not** release my child’s name, address, and telephone number to a military recruiter or institutions of higher education upon their request without my prior written consent.

Parent signature _____ Date _____

Buna Independent School District

ACCEPTABLE USE REGULATION FOR TECHNOLOGY - OPT OUT FORM

PLEASE DO NOT COMPLETE THIS FORM IF YOU WISH YOUR CHILD TO PARTICIPATE IN THESE PROGRAMS. THIS IS ONLY TO BE COMPLETED FOR STUDENTS WHO WILL NOT BE PARTICIPATING

Student Name:			
Graduation Year:		Student ID #:	

I. Bring Your Own Device (BYOD)

_____ I **DO NOT** give my permission for my student to participate in the Bring Your Own Device Program. I understand that if BYOD is denied, the student does not have permission to bring his/her electronic communication device or personal computer to school. District employees have the authority to secure any electronic communication device or personal computer belonging to a student if he/she is not involved in the current Program. If a device is secured by a teacher, it will be handed over to the campus administration. Parents shall be notified. The device may be returned to either the parent or the student.

II. Internet Access

_____ I **DO NOT** give my permission for my student to access the Internet. I understand that if Internet access is denied, the student will remain subject to all remaining terms of the Technology Acceptable Use Regulation and will be required to complete alternative assignments. While the District will take reasonable measures to prevent Internet access where permission is denied, it is not technologically feasible to guarantee that such access is preventable under all circumstances.

III. Posting of Student Work or Images

_____ I **DO NOT** give permission for the above-named student’s work, photograph, video image, and/or recorded statement(s) to be posted on District web sites and/or other electronic media in order to highlight student achievement, portray examples of educational experiences, etc.

**** RETURN FORM TO CAMPUS SECRETARY ONLY IF OPTING OUT****

Acknowledgment of Electronic Distribution of Student Handbook

My child and I have been offered the option to receive a paper copy of or to electronically access at www.bunaisd.net the Buna ISD Student Handbook and the Student Code of Conduct for 2017-2018.

I have chosen to:

- Receive a paper copy of the Student Handbook and the Student Code of Conduct.
- Accept responsibility for accessing the Student Handbook and the Student Code of Conduct by visiting the
Web address listed above.

I understand that the handbook contains information that my child and I may need during the school year and that all students will be held accountable for their behavior and will be subject to the disciplinary consequences outlined in the Student Code of Conduct. If I have any questions regarding this handbook or the Code, I should direct those questions to the principal.

Printed name of student: _____

Signature of student: _____

Signature of parent: _____

Date: _____

**** THIS FORM MUST BE RETURN TO CAMPUS SECRETARY.**
