

## **PRIVACY ADDENDUM**

This Privacy Addendum (hereinafter "Addendum") is entered into by and between the Evangeline Parish School Board (hereinafter "School Board") and Parks Community Support Services (hereinafter "Vendor"). The Addendum is effective as of the 13th day of July, 2022.

During the 2014 Louisiana Legislative Session, the State of Louisiana enacted new laws governing the collection, disclosure and use of students' personally identifiable information (hereinafter "PII"). The new laws require that any contracts/agreements between a school system and a third-party, who is entrusted with personally identifiable information of any student, contain the statutorily prescribed minimum requirements as to the use of personally identifiable information. Vendor agrees to comply with those new laws which are now designated La. R.S. 17:3914, as amended, particularly subsection "F: thereto, and to protect the privacy of student data and PII.

In accordance with La. R.S. 17:3913(F), Vendor agrees to protect personally identifiable information in a manner that allows only those individuals, who are authorized by Vendor to access the information, the ability to do so. Personally identifiable information should be protected by appropriate security measures, including, but not limited to, the use of user names, secure passwords, encryption, security questions, etc. Vendor's network must maintain a high level of electronic protection to ensure the integrity of sensitive information and to prevent unauthorized access in these systems. The Vendor agrees to perform regular reviews of its protection methods and perform system auditing to maintain protection of its systems. Vendor agrees to maintain secure systems that are patched, up to date, and have all appropriate security updates installed.

To ensure that the only individuals and entities who can access student data are those that have been specifically authorized by Vendor to access personally identifiable student data, Vendor shall implement various forms of authentication to identify the specific individual who is accessing the information. Vendor must individually determine the appropriate level of security that will provide the necessary level of protection for the student data it maintains. Vendor shall not allow any individual or entity unauthenticated access to confidential personally identifiable student records or data at any time.

Vendor shall implement appropriate measures to ensure the confidentiality and security of personally identifiable information, protect against any unanticipated access or disclosure of information, and prevent any other action that could result in substantial harm to the School Board or any individual identified by the data.

Vendor agrees that any and all personally identifiable student data will be stored, processed, and maintained in a secure location and solely on designated servers. No School Board data, at any time, will be processed on or transferred to any portable computing device or any portable storage medium, unless that storage medium is in use as part of the vendor's designated backup and recovery processes. All servers, storage, backups, and network paths

utilized in the delivery of the service shall be contained within the United States unless specifically agreed to in writing by the School Board.

Vendor agrees that any and all data obtained from the School Board shall be used expressly and solely for the purposes enumerated in the original Contract. Data shall not be distributed, used, or shared for any other purpose. As required by Federal and State law, Vendor further agrees that no data of any kind shall be revealed, transmitted, exchanged or otherwise passed to other vendors or interested parties. Vendor shall not sell, transfer, share or process any student data for any purposes other than those listed in the Contract, including commercial advertising, marketing, or any other commercial purpose.

Vendor shall establish and implement a clear data breach response plan outlining organizational policies and procedures for addressing a potential breach. Vendor's response plan shall require prompt response for minimizing the risk of any further data loss and any negative consequences of the breach, including potential harm to affected individuals. A data breach is any instance in which there is an unauthorized release or access of personally identifiable information or other information not suitable for public release. This definition applies regardless of whether Vendor stores and manages the data directly or through a contractor, such as a cloud service provider.

Vendor shall develop a policy for the protection and storage of audit logs. The policy shall require the storing of audit logs and records on a server separate from the system that generates the audit trail. Vendor must restrict access to audit logs to prevent tampering or altering of audit data. Retention of audit trails shall be based on a schedule determined after consultation with operational, technical, risk management, and legal staff.

Vendor is permitted to disclose Confidential Information to its employees, authorized subcontractors, agents, consultants and auditors on a need to know basis only, provided that all such subcontractors, agents, consultants, and auditors have written confidentiality obligations to Vendor and the School Board. The confidentiality obligations shall survive termination of any agreement with Vendor for a period of fifteen (15) years or for so long as the information remains confidential, whichever is longer, and will inure to the benefit of the School Board.

Vendor acknowledges and agrees that unauthorized disclosure or use of protected information may irreparably damage the School Board in such a way that adequate compensation could not be obtained solely in monetary damages. Accordingly, the School Board shall have the right to seek injunctive relief restraining the actual or threatened unauthorized disclosure or use of any protected information, in addition to any other remedy otherwise available (including reasonable attorney fees). Vendor hereby waives the posting of a bond with respect to any action for injunctive relief. Vendor further grants the School Board the right, but not the obligation, to enforce these provisions in Vendor's name against any of Vendor's employees, officers, board members, owners, representatives, agents, contractors, and subcontractors.

Vendor agrees to comply with the requirements of La. R.S. 51:3071 *et seq.* (Louisiana Database Breach Notification Law) as well as any other applicable laws that require the notification of individuals in the event of unauthorized release of personally identifiable

information or other event requiring notification. In the event of a breach of any of the Vendor's security obligations or other event requiring notification under applicable law, Vendor agrees to notify the School Board immediately and assume responsibility for informing all such individuals in accordance with applicable law and to indemnify, hold harmless and defend the School Board and its employees from and against any and all claims, damages, or causes of action related to the unauthorized release.

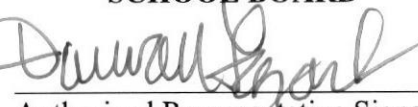

In accordance with applicable state and federal law, Vendor agrees that auditors from any state, federal, or other agency, as well as auditors so designated by the School Board, shall have the option to audit Vendor's service. Records pertaining to the service shall be made available to auditors and the School Board when requested.

Vendor agrees that if the original Contract is terminated or if the original Contract expires, Vendor shall return all data to the School Board in a useable electronic format. Vendor further agrees to erase, destroy, and render unreadable, all data in its entirety in a manner that prevents its physical reconstruction through the use of commonly available file restoration utilities. Vendor shall certify in writing that these actions have been completed within 30 days of the termination of the Contract or within seven (7) days from receipt of any request by the School Board, whichever comes first.

The terms of this Addendum shall supplement and supersede any conflicting terms or conditions of the original Contract between the Parties. Subject to the foregoing, the terms of the original Contract shall remain in full force and effect.

Superintendent Darwan Lazard  
Evangeline Parish School Board  
1123 Te Mamou Rd  
Ville Platte, Louisiana 70586

Dear Superintendent Lazard

Parks Community Support Service, Inc. is a non-profit organization, located in St. Martin Parish. We have contracted with the Acadian Area Human Resource District a division of the LA Dept. of Health and Hospital. We help provide the 16 hours of Drug Education required by the State. We have been providing The Life Skills Training Prevention Program to schools in St. Martin, Evangeline, Vermilion, and Lafayette Parishes for the last 10 years in grades 4<sup>th</sup>, 5<sup>th</sup>, and 6<sup>th</sup>. We met with students once a week for 10 weeks during their P.E. class period. We currently serve 25 schools in Acadiana.

We will be using The Life Skills Training Model Research Prevention Program. This program is designed to help change the attitudes of children concerning what they see, hear, think and feel in everyday life. Our goal is to teach The Life Skills Training Program about all illegal substances and the harm they will bring into their lives.

We will provide each student with a book to use in the classroom. Your students will be involved with activities that will help them understand the choices they make when placed in situations that leave them with a question in their mind to choose right or wrong. We are sure that your students will enjoy the program as they work with our trained retired teachers. With this program, we hope to show an increase in perceived harm to the use of any illegal substance and the knowledge of knowing what using would do to them and others.

We currently serve Ville Platte Elementary, Bayou Chicot, and Mamou High. We would like to continue providing the Life Skills Training Research Program to students in Evangeline Parish **virtually or in person**. We have provided a Memorandum to continue providing the Life Skills Training Program, please sign it and return it to us.

If you need more information, please feel free to contact me at the above number or email.

Sincerely,

---

Roger Wiltz, LLP

**Memorandums of Understanding or Agreement Between Parks Community Support Service, Inc. and Evangeline Parish School System School.**

Parks Community Supports Services, Inc. and Evangeline Parish School System agree to work cooperatively for the program year beginning September 2022 and ending May 2023.

Parks Community Supports Services, Inc. agrees to the following:

1. To provide a trained facilitator to implement the Model Drug Prevention Program Life Skills Training to students **virtually or in person**.
2. To provide educational materials needed to implement the program.
3. To provide incentives to promote good behavior.
4. Parks Community Support Services mandate privacy and confidentiality about personal, professional, medical, and any other related clients' information.

Evangeline Parish School System School agrees to the following:

1. To provide a platform to implement the LifeSkills Training Program, (i.e. Google Classroom, etc).
2. To provide a teacher in the classroom at all times while implementing the program.
3. The classroom teacher will handle all behavior problems.
4. To allow the facilitator access to share LifeSkills documents with the class.
5. To provide needed information on students (birth date, sex, and ethnicity).

Both agencies agree to the following:

1. Modifications to the document will be made by mutual agreement in writing.
2. Either party, upon giving thirty (30) days' written notice to the other party, may terminate the agreement without cause.

By signing this agreement the agencies acknowledge they will actively abide by its terms.
