Superintendent

Sybil Norris
Asst. Superintendent

Dear MISD Stakeholders,

In keeping with Malakoff ISD's practices to respond to COVID-19, we are notifying Malakoff ISD personnel and other stakeholders that a staff member at the school district's central administration office tested positive for COVID-19 on Friday, February 5, 2021. Due to privacy requirements, we will not be releasing the name of the individuals or details that may identify them. The individual is quarantined at home. Out of an abundance of caution, the central administration offices closed Friday afternoon and the facility was sprayed. All other staff in the central office administration building were tested with negative results.

We thank everyone for their patience and understanding during this difficult time. You may also check our website, www.malakoff_isd.org, for any updated information. Any of the following symptoms indicate a possible COVID-19 infection:

- Temperature of 100 degrees Fahrenheit or higher when taken by mouth;
- Sore throat;
- New uncontrolled cough that causes difficulty breathing (or, for students with a chronic allergic/asthmatic cough, a change in their cough from baseline);
- Diarrhea, vomiting, or abdominal pain; or
- New onset of severe headache, especially with a fever.

If you or any member of the Malakoff community begin experiencing any of these symptoms in a way that is not typical, we encourage you to contact your physician. If you have any further questions, please contact the Malakoff ISD Administration office at 903-489-1152.

Sincerely,

Don Layton, Superintendent

Malakoff ISD
