of sign in. Meetings will require at least 2/3rds of Committee member to reply to be counted as a meeting.

New Business

1. Hearing / Vision / BMI and Scoliosis screenings are almost complete for the High School and Screenings for students who are virtual have been open if parents wish to have their student screened.
2. Covid-19 compliance for students return is being met when out for Isolation (student positive for Covid-19) and Quarantine (student is a close contact to person who is positive for Covid-19). Covid -19 release letters from the Arkansas Department of Health have been excepted for those student testing positive and anyone living in the household with a positive test result or probable close contacts.
3. John Denmon (Food Service Director) presented a Handout from the School Health index Resource Tab presentation Before the New Standards and After the New Standards showing Empty Calorie counts. Mr. Denmon also presented a handout about smart snack in school Beverage options. (**SEE ATTACHMENTS**).
4. **Annual SHI modules are attached** for each member to print out and fill out and return to me. Do not worry if you do not know the answer to a question. It is okay to leave that question blank. This is a group effort to show what we need to work on and there are no wrong answers. Please print the modules and write your name at the top and make sure to fill them out for Modules 1,2,3,4,8,10,11 and return modules to me by 3-12-2021 so that I can collect the scores for each question asked and place results into one set of modules in the system. PLEASE DO NOT WORRY ABOUT FILLING OUT THE PERCENTILES – THE SYSTEM WILL DO THIS WHEN I PLACE IT IN.
