NextThought is an online learning management system that houses all of our state-required courses, as well as several other online learning courses. You can find modules like TLE Recertification, Board Training, MAP courses, and several others! To access all of this digital content, you will need to create an account and add your courses. Please see instructions below.

1. Visit opsrc.nextthought.com. Click the Create an Account button. You will be prompted to create a new account. Use your school email address to create your account. You will create a username and password. Make sure you save your username somewhere as it will be one that you create and you will NOT use your email address to sign-in.
2. Upon account creation, you will be prompted to complete a brief survey. Please choose all options that apply to ensure you appear in necessary reports.
3. Verify your email address once you receive a NextThought verification email. It may take up to five minutes to arrive in your inbox.
4. To view NextThought support training videos (all less than 3 minutes long), click [here](#). These videos will help you enroll in a course and navigate a course!
5. For help with issues, you can create a help desk ticket [here](#).

If you have any questions about the system or run into any hiccups, please email support@nextthought.com. They will get back with you as soon as possible. "
