

Potential Simms ISD Parents/Guardians,

In the upcoming 2020-2021 school year, Simms ISD plans to transition to an online enrollment and registration system for new and returning students. We will be using the Parent Portal program to complete registration and enrollment. We believe this transition is going to be a beneficial one for our district, students, and parents. In preparation for that transition, we ask that our potential parents complete a few simple tasks to help the process run smoothly. These tasks include: creating a Parent Portal account and completing online registration. The steps for each of these are outlined below. If you have questions or need any help, please email parentportal@simmsisd.net. Thank you for your attention to this matter.
