

Employee Conduct

The Winn Parish School Board believes the teaching profession occupies a position of public trust involving not only the individual teacher's personal conduct, but also the interaction of the school and the community. Education is most effective when these many relationships operate in a friendly, cooperative, and constructive manner. A teacher's conduct, as well as the conduct of all employees throughout the school district, should meet acceptable standards of the community and show respect for the law and the rights of others.

All employees, volunteers, student teachers, interns, and any other person affiliated with the Winn Parish School Board have the responsibility to be familiar with and abide by the laws of the state, the policies and decisions of the School Board, and the administrative regulations and procedures designed to implement Board policies. Employees and others shall also comply with the standards of conduct set out in this policy and with any other policies, regulations, procedures, or guidelines that impose duties, requirements, or standards of conduct attendant to their status as School Board employees.

Employees and all others shall be expected to observe **at least** the following standards of conduct:

- Be courteous to students, one another, and the public and conduct themselves in a professional and ethical manner.
- Recognize and respect the rights and property of students, other employees, and the public.
- Maintain confidentiality of all matters relating to students and other employees.
- Demonstrate dependable attendance and punctuality with regard to assigned activities and work schedules.
- Observe and adhere to all terms of an employee's contract or job description.
- Strive to keep current and knowledgeable about the employee's area of responsibility.
- Refrain from promoting personal attitudes and opinions for matters other than general discussion.
- Refrain from using undue influence to gain, or attempt to gain, promotion, leave, favorable assignments, or other individual benefit or advantage.
- Advocate positive personal behavior on or off campus and attempt to avoid improprieties or the appearance of improprieties.

While the operation of the School Board and its schools is governed by the provisions of this and all other Board policies, regulations, and procedures, as well as procedures of the individual schools, no policy manual can list each and every instance of misconduct that is precluded. Accordingly, employees are cautioned that the appropriateness of certain action or behavior must necessarily be dictated by the nature of the position held by the employee and standards of common sense. By virtue of one's education and experience, an employee knows and understands that certain actions or conducts are unacceptable even in the absence of formal Board policy. For instance, without the need of a specific prohibition or warning, a classroom teacher should be aware of the impropriety of certain practices such as leaving students unattended, using profanity or sexually suggestive language, or bringing a firearm onto campus. Such conduct constitutes both incompetence and willful neglect of duty. Such conduct, as well as violation of any state or federal law or Board policies, regulations, or procedures, or school regulations or procedures, shall result in the imposition of discipline up to and including termination.
