

White Deer ISD

P.O. Box 517, White Deer Tx 79097 806-883-2311

March 31, 2020

As you may have heard, Governor Abbott announced today that schools will remain closed until May 4th. To comply with his executive order, White Deer ISD will be continuing to provide distance learning until this date. We will be communicating daily with the commissioner of education so that we may be able to continually provide the best distance learning plan possible for our students and community. It is important for you to know that the commissioner has emphasized the importance of all schools to provide educational services.

I believe our teachers, parents, and students have been doing an amazing job. Please continue to be flexible and supportive of our efforts. I know that our teachers, principals, and staff are very appreciative of the cooperation you have shown us. This is still a completely new concept for all of us, but we will continue to work hard to help every student be successful. It is important that all students/parents pick up packets or participate in our distance learning program. If you are having problems in any area, please reach out to the administrator of the campus where your child attends.

Campus principals will be communicating their plan to pick up work that has been completed along with plans to pass out new packets or information by Friday, April 3rd before noon.

Again, we would like to thank you for all of the support. Without you parents, none of this would be possible.

Dane Richardson – Superintendent

White Deer ISD
