It is our vision to transform education....To make a fundamental change at the core of classroom learning. We envision a classroom that redefines success as it pertains to each child and we are charged with bringing this vision to life. Chapel Hill will be the future of education.... So let us begin.

Principal's Corner

Remind your child that school is their first and most important job!! Tardies and early release times count as "parts of days". It is important to show up and to show up on time.

Better attendance = Better Progress

Little Dribblers is an amazing program that teaches kids the fundamentals and structure of basketball skills. This program also teaches kids life-long skills such as teamwork, cooperation, sharing, camaraderie, support of one another, and so much more! We encourage our students to find an extra curricular program to be a part of. Little Dribblers is an excellent example of a program to belong to. Little Dribblers is for 2nd graders and up, boys and girls. Friday is the last day to sign up!!

Volunteer coaches are needed for Little Dribblers! This is a great way to support our students, our school, and our community. Please call the front office if you are interested in helping these teams out. Programs like this cannot be successful without volunteers like you!! We would LOVE for you to be a part!
