### **FUN ENRICHMENT OPPORTUNITY #1**

We are going to do something we don't take time to do in the classroom. You will create a video (in a tik tok style) and these are the elements to include:

1. MINIMUM of ONE- Movement, choreography or dancing
2. MINIMUM of ONE- Talking, singing or rapping
3. Music
4. School appropriate, MRS. FULLER appropriate :-)
5. INCLUDE somebody or a pet in the video

**GOAL:** doing something musical with family member/s

**DUE: Midnight on Friday, April 10th**

Tips- Think tik tok video, but instead of putting it on tik tok, **you will record and send it to me thru the remind app.** I will not post these videos, I will only watch them to grade them. So please don't worry that they will end up on social media because of me. However, if you want to put them on tik tok, you are free to do that.

EXTRA FUN- I'm looking for different categories of videos. You can create funny videos, sad videos, serious videos, PSA videos, thoughtful videos... Use your imagination! You know, MIDDLE SCHOOLERS ROCK at having IMAGINATION! Maybe I will pick a winner in each category...

I love and miss you ALL SO MUCH! We have so much fun creating music together! Let's see if we can have fun with videos:-) Good luck!

Mrs. Fuller

**If you are not on remind, email me and I will give you the code! HAVE FUN!** [fullerj@bethel.k12.ok.us](mailto:fullerj@bethel.k12.ok.us)
