

1. We will be using Google Classroom as usual to turn in assignments. I am bummed I don't get to teach you to use a sewing machine but I have a few other ideas and hope you like them.
 - a. Google Classroom account – firstnamelastname@bethelwildcats.com
 - b. Google Classroom Password – either bethel17,bethel18 or your student ID +0 to equal 8 digits
 - c. REMINDER- You must be login through @bethelwildcats to summit on google classroom
2. Just in case any of you need the classroom code they are as followed, most of you are good to go:
 - a. 1st Hour – Marriage and Family = zxug74e
 - b. 2nd Hour – Marriage and Family = he55om3
 - c. 6th Hour – Marriage and Family = 5r3ctqt
3. This week I do not want to overwhelm you while you are getting the hang of this new way of completing school work, so we will be journaling. I want to hear from you but I also want you to have a document that you can maybe share with your kids and grandkids some day.
4. Please be thinking of a recipe or item that you can ask whoever is doing the grocery shopping in your house to get for Week 2's project. **My example is grilled cheese so you can NOT choose that.** You can do something simple or bake or grill. Once the ingredients are purchased please keep the receipt or you will have to look up cost online. You can defiantly choose something from the pantry that you already have.

Week 1 Assignments (I will be naming each weeks assignment with that weeks dates to help stay organized)

1. Watch the attached Video on Google Classroom - I do not know how you guys do TikTok Videos. It made me so nervous and I messed up a time or 5...but that's how I roll always... HAHA! I love to laugh at myself, right!
2. I have assigned 5 journal prompts – My idea is for you to write one a day but you procrastinators can get it all done Friday ☺ Please type all of these in one google doc and turn it in at once.
 1. What were your initial thoughts about having spring break extended 2 weeks and then getting the news all extracurricular activities and school is cancelled the rest of the year?
 2. What have you been doing to pass time and how has your family adapted to the new slower pace life? (unless they are essential workers, THANK THEM!) My family had a few tears and meltdowns before we were able to set up some ground rules. I had to stop nagging so much ☹ oops!
 3. If you had to choose to be a kid forever or an adult forever, which would you choose?
 4. What end of school activity are you most upset about missing out on? Why is this activity the most important to you?(You can talk about more than one.)
 5. I want this last prompt to be positive. Please think about something that this time off has allowed you to have time to do. I am loving being with my kids and my husband. We have been fishing with 10 year old stuff until my trip to WalMart today..., long walks, watching movies and of course working from home. It has not all been easy but it makes me want to reevaluate all the extras we do and simplify when this is all over. I know this is crazy because of all the dishes I have done, but I love using my kitchen 3 times a day and getting to sit at the table with no where else to be. I know you are teens and are missing friends and activities but please think about a positive take on this.

Until next week, stay safe, wash yo hands a lot and don't forget to say please and thank you!!!
