
Administrative Guide for Payroll Deductions

GCBC-R2

Employees of Crook County School District No. 1 may request payroll deductions for approved insurance, annuities and other savings plans. In order to be processed, there must be a minimum of five (5) employees for any given plan or for a new company before consideration will be given. Requests may be for initial enrollment or changes in enrollment. Employee termination requests may be processed at any time.

New employees may transfer in existing annuity plans as an exception to the minimal number restriction.
