

Distribution of Literature and Advertising Materials

KI

Neither the facilities, the staff, nor the children of the school shall be utilized in any manner during school hours for advertising or otherwise promoting the interest of any commercial, political or other non—school agency, individual or organization except that:

- a. The schools may cooperate in furthering the work of any nonprofit, community—wide social service agency, provided that such cooperation does not restrict or impair the educational programs of the school.
- b. The superintendent may, at his discretion, announce or authorize to be announced any lecture or community activity of particular educational merit.
- c. The school may, upon approval of the superintendent, cooperate with any governmental agencies in promoting activities in the general public interest, which are nonpartisan and non-controversial and would promote the education and other interests of the pupils.
- d. Demonstrations of educational materials and equipment shall be permitted only upon arrangement with the principal and with the consent of the superintendent.
