

Interscholastic Athletics

IGDJ

The Board believes that students benefit from the experiences made possible by participation in school sports. Learning how to deal with success and failure, developing self-discipline, experiencing the successes of teamwork, and developing physical skills are some of the benefits which can come from these programs.

All interscholastic programs will require Board approval and shall operate under the general supervision of the principal. Qualified personnel will be assigned to supervise and coach the various sports as needed.

Membership of the high school in the Wyoming High School Activities Association will be subject to the approval of the Board.

The high school principals, with guidance from the superintendent, will serve as the district's voting representative at all meetings of the athletic associations or conferences in which the district maintains membership.

The eligibility of students to participate in athletic programs will be determined in accordance with regulations of the WHSAA. However, additional, district-wide requirements for academic eligibility may be established from time to time with the approval of the board. Other rules for participation, including training rules, will be uniformly established in each school and supervised by the building principal in consultation with the coaching staff.
