Dear Parents/Guardians,

This letter is to inform you that your child was unable to demonstrate the needed skills to be approved to attend this year's kindergarten class.

We take several areas under consideration during the screening process. The areas include academic preparation, social and emotional interactions, and balance and coordination. We also rely on our professional judgement when considering what is best for a child. After the screening process, it has been determined your child does not qualify for kindergarten this year, and it would be best to wait another year before enrolling your child in school.

We would be happy to provide suggestions and share activities to build a foundation for the upcoming year.

Best regards,

Kindergarten Screening Team
