

Professional Staff Lounge

GCKC

Areas will be provided in each building for teachers to take breaks, drink coffee, pop or other liquid refreshments available, and to eat lunch or snacks during times when they are not assigned to a specific duty. These activities should be confined to the lounge area, except for meetings outside the school day.

Note: This change will make this policy compatible with our new "Smoke Free Buildings" policy.

Adopted: November 19, 1987
