

School Board Work Sessions

BE

The Board, as a decision-making body, is confronted with a continuing flow of problems, issues and needs, which require action. While the Board is determined to expedite its business, it is also mindful of the importance of planning, brainstorming and thoughtful discussion without action being taken.

Therefore, the Board may schedule work sessions from time to time in order to provide its members and the executive staff with such opportunities. Topics for discussion and study will be announced publicly.
