

Staff Ethics/Conflict of Interest

GBCA

The board expects members of its staff to be familiar with the Code of Ethics that applies to their profession and to adhere to it in their relationships with students, parents, co-workers, and officials.

Employees of the district will not engage in or have a financial interest in any activity that raises a reasonable question of conflict of interest with their duties and responsibilities in the school district.

School staff who might profit directly from any transaction that the school district may have with a business, service, contractor or realtor will disclose that information to the district and will remove themselves from any discussion or voting that takes place concerning the transaction.

Employees will not engage in any type of work where the source of information concerning customer, client, or employer originates from information available to them through school sources.

Employees shall not sell books, instructional supplies, musical instruments, equipment, or other school supplies for personal gain when their position on the staff is used to influence the sale of goods or services to students or parents.

No school member shall engage in any type of private business during school time or on school property.

No relative of an employee will be shown preference for employment in any position. To the greatest extent possible, there should be no conflict of interest in the supervision or evaluation of employees.
