

## **Student Conduct on School Buses**

**EEACC**

The right of students to ride a school bus is contingent upon their good behavior and their observance of established regulations.

The driver of a school bus shall be responsible for the safety of students on the bus. It is the bus driver's duty to notify the principal of the student involved if any student persists in violating the established rules of conduct.

After warnings have been given to the student and his parents, the principal may withhold from the student the privilege of riding the school bus.
