

Student User Agreement and Parental Permission Form

As a user of the Crook County School District #1 computer network, I hereby agree to comply with Policy IGAO and its rules pertaining to Internet communication, while honoring all relevant laws and restrictions. I agree to use the Internet only for legitimate, educational purposes.

As the parent or legal guardian of the student signing below, I grant permission for my son or daughter to access the Internet. We do hereby release CCSD#1, its Board of Trustees, staff, and agents, from any liability of any kind arising out of our son's or daughter's use of the computer/Internet system in school.

We do hereby authorize school district personnel, including teachers, paras, and administrators to access and review any computer files, email transmissions, and other computer data and/or information received by or sent from the student in order to ensure that CCSD#1 computers are being used appropriately and solely for educational purposes.

We give permission for CCSD#1 to use the Internet to offer online programs for the benefit of students and CCSD#1, such as communications regarding homework and grades and to facilitate online testing.

CCSD#1 requires that a service provider have in place a procedure or security system to maintain the confidentiality of all personal information the service provider may access. Because these services or programs will necessitate giving access to student personal information to an Internet or Web site operator who hosts or facilitates these programs, CCSD#1 must verify that it has parental permission. Your signature below grants that permission.
