The 5th grade academic team has started practicing. They have 10 students that are practicing with them. They have been having fun and learning many new things. They have been very surprised by what they know and what some of their classmates know. Fifth grade no longer travels to meets. They spend most of there time learning Academic team procedures. Hopefully, it will help when they move to 6th grade and begin traveling to meets.

They are working on their DARE essays. The essays are a contest between the two classes to see which class can write the best essays. Awards are given to the top three essays.

Book Review

After his best friend basketball superstar Bunny Thompson transfers schools for a better shot at college scholarships, Nasir is left angry and alone, abandoned for bigger and better things. When Nasir's cousin Wallace gets into serious trouble trying to raise money to prevent his grandmother's eviction, Nasir sees only one way out—asking his former best friend to throw the state championship game. Bunny must choose between losing his best friend and throwing away everything he has ever hoped for. Ribay's depictions of Bunny's and Nasir's lives are beautifully—if not tragically—drawn using alternating points of view, allowing Ribay to revisit the same scenes from alternate angles. He painstakingly shows the state of (sometimes violent) desperation for many young men of the inner city, buoyed only by the distant chance of a better life through stardom. Despite its downbeat aspects, the story nevertheless manages to infuse humanity into the boys' lives by showcasing the importance of family, the value of friendship, and the role of courage in the face of difficult situations. Josh and Kaden also ran great races, Josh with a 22:18 and Kaden with a 22:42, both boys will be ready for next year. Dalton ran 19:01, placing 13th qualified for state.

2A State Cross Country was held in Shawnee at the Gordon Cooper Technology Center, on October 19, 2019. Dalton Webb competed in a very strong group of 163 young men. He placed 61st with a time of 19:35. Dalton will begin his winter training soon and will no doubt be back at state his senior year. Coach Lori Schneberger said, "Dalton has been a runner since he was in the 4th grade, running with older kids. I have seen this young man grow in ability and mental toughness. He has given up his personal time to improve his times and he is internally driven to get better. I am looking forward to watching this young man run at state this year, he will no doubt push himself to be the best he can be."
