

December 18, 2015 Burns Flat-Dill City Schools Volume 55, Number 4

The Jingle Bell Jukebox Christmas

The Burns Flat-Dill City band held their Christmas program "The Jingle Bell Jukebox Christmas" on December 15 at 7p.m In the Cafetorium. The band played a song primarily featuring the saxophones, "Saxes We Have Heard on High". They also played "Canon for Christmas", and the annual closer "Feliz Navidad", as well as music ranging from traditional to rock. A few of the sixth grade band members really were delighted with some of the songs. Julie Dudgeon Morgan Loudermilk liked "Bell Carol Rock." And Alexis Cloyd really enjoyed "Let it Snow, Let it Snow, Let it Snow".

The Burns Flat-Dill City Vocal program had several students who sang solos during the show. The brave soloists of the program were Sam Hernandez singing "Santa Claus is Coming to Town" (a rendition by Bruce Springsteen), Andria Gearhart and Melody Jullian singing "All I Want for Christmas", and Marcie Diggs sang everyone's favorite "Have Yourself a Merry Little Christmas".

What would Christmas be without reindeer? Not to worry, many students were prepared for this special event. Rudolph was played by Elena Rodriguez, but never forget the other reindeer, played by Sam Hernandez, Dalton Morgan, Andria Gearhart, Jose Jackson, Brittany Archuleta, Makia Maxey, Layla Vincent, and Elizabeth Willis.

Hula Dudes? Yes Hula Dudes. These dudes were Zack Villarreal, Anthony Restivo, Hunter Gearhart, Dalton Morgan, Shelby Garcia, Justin Davis, Caden Murray, Ethan Rodriguez, Cameron Carter, Chandler Hoffman, and Aaron Schmidt.

Mrs. Brown would like to thank a few people for their outstanding help and effort in the program. Ms. Plummer with her Art Department, and Ms. Kliever with her Ag Department, as well as all the teachers who helped with the "special parts".

What is School Spirit?

What is school spirit? There are many answers to this questions depending on who is answering the question. Some folks will say it is the fans cheering at a sporting event. Others might say it is the school mascot. Wikipedia says that it is one's emotional support for one's educational institution. The truth is there are 15 boys at BF-DC High School that are what school spirit is all about.

The 2015-2016 BF-DC High School Football Team didn't start out much different than any other high school football team in the state of Oklahoma but they finished much differently.

These boys were given the chance to hang up their

uniforms and go about their lives without shame or judgment but they chose not to quit. They chose to keep fighting and representing their school, their peers, their parents, their towns, and to play the game they love. These boys are school spirit.

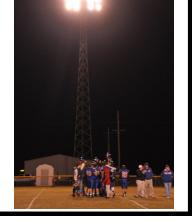

These boys have been written about and they have been filmed by news crews, not because they won games, they didn't, but because they are all winners. They win at sportsmanship. They win at school pride. They win at toughness. They win at school spirit.

We have all supported teams that went to state and won championship games but I have never

been prouder of any team than I am of the 2015-2016 BF-DC Football team. These boys deserve a pat on the back and a huge hug from all of us for showing us what school spirit is really all about.

Miss SWOSU, Maybree Rittenhouse, attended as the guest speaker for the December meeting. Her platform is Be(YOU)tiful. She gave several pointers regarding public speaking

to help the Junior 4-H members prepare for the Speech Contest in January.

The BF-DC Junior 4-H Officers have been elected. Morgan Loudermilk - President, Jaxon Selman - Vice President, Ayden Hargis - Secretary, Sage Adams - Treasurer, Ryun Hall - Reporter, Hunter Anderson - Recreation Leader, and Kimberlynn McAnally - Song Leader.

Deanna Williams Staff Reporter

John Robles, 6th grader in Mrs. Boone's reading class, did a book report on the biography of John Adams. He chose to present the report in the form of a mobile. Good job, John!

Will Rogers **Students Visit Nursing Home**

Will Rogers Pre-K, Kindergarten, and T-1 went to the Cordell Christian Home Thursday, November 19th.

The Pre-K sang several little animal songs and Thanksgiving songs. The kindergarten and transitional first sang their version of Turkey Tracks to help celebrate the Thanksgiving season with the residents. The students had the opportunity to wish the residents a happy Thanksgiving. The Residents seemed to thoroughly appreciate the students.

The students' teachers are Mrs. Raleigh, Mrs. Cansler, Ms. St. John, Ms. Balzer, and Mrs. Britton. The aides are Mrs. Donaldson and Mrs. Black. Mrs. Black accompanied the group on the piano while Mrs. Fite directed the Students.

Math and Science Club Host 3rd Grade Science Day

On Wednesday, December 2, the BFDC Math and Science Club hosted their semi -annual 3rd Grade Science Day. This day was instituted 2 years ago to expose the 3rd grade class to the excitement and wonder of high school science in hopes of sparking their interest in academics and, in particular, the sciences. It also allows the high school students to practice their research, organization, and presentation skills - and to show off their hard-earned knowledge about science.

Fifty third graders from Will Rogers Elementary came to BFDC High School immediately after lunch to view demonstrations chosen and performed by students from the Chemistry, Physics, and Anatomy classes. There were 15 separate performances demonstrating various science concepts such as combustion, chemical reaction gas formation, electricity, cryogenics, solar energy, fire, fluorescence, gravity, and the Combined Gas Laws. There was everything from electric pickles to loud explosions to microwaved soap!

The afternoon began with a welcome and introduction hosted by Mr. Price in the

old gymnasium. Then the third graders were split into 2 groups, with one group going to the lab for demonstrations, and the other group viewing some demonstrations in the parking lot and then going back inside the gym for a fire show and hovercraft rides. Halfway through, the two groups exchanged places so that everyone was able to participate in all the fun. Both the third graders and the high school students thoroughly enjoyed the day, and plans are to host another Science Day near the end of the school year!

Sophomore News

As the semester comes to a close the core classes are preparing for first semester testing. The tenth grade history class finished studying Rome just before semester test practice began. The Algebra II class has spent the majority of the month studying for the benchmark and semester test. Mrs. Sturgeon's English II class finished reading "Animal Farm" in time for test practice. The Biology I class finished learning about meiosis and mitosis, then began the benchmark and semester test practice. The students have been given their exemptions and now all that's left to do is study.

Library Holds Lock In

The BF-DC JH/HS Library held a Lock In on November 20th from 8:00 pm to 8:00 am on November 21st.

There were 56 students and 7 adult sponsors that stayed the night at the library. They played video games, made crafts, watched movies, ate pizza and other goodies, and were read too.

Mrs. Mitchell the mother of the Technology Director Connor Mitchell, came to the library and read stories to the students. Everyone really enjoyed her reading.

There were prize drawings through out the night. Students won Apple iTune Gift cards, Wal-Mart Gift Cards, books, little toys, and other items.

Many of the snack items were made possible by the generous donations of Caves Realty, Rudy's Convenience Store, the Cordell Untied Supermarket and the Monterey Mexican Food Restaurant. A great big thank you to these businesses for supporting the school library and the students of BF-DC Schools.

Mrs. Lee would also like to thank the 6 teachers and staff members that stayed the night with her at the Lock In and made it all possible, Mrs. Roskam, Mrs. Harbert, Mr. Mitchell, Mrs. Manuel, Mr. Foley and Mrs. Hileman.

Junior News

The Burns Flat- Dill City junior class recently finished the book "Farewell to Manzanar" and took a test over the book on Tuesday, December 8. They have been learning about and doing worksheets on simple, complex, compound, and compound-complex sentences.

They also started Section 3 out of 4 in Chapter 8 in U.S. History, which covers segregation and discrimination.

Hannah Baca Co-Editor

6th Grade News

In Math the BF-DC sixth graders are working on fractions. In Reading the BF-DC sixth grades are reading "All Summer in a Day " by Ray Bradbury and are getting ready to read "Gift of the Magi " by O.Henry. In Science the BF-DC sixth grades are studying states of matter. In Social Studies the BF-DC sixth grades are studying the population of the world.

HOROSCOPES

Aries (March 21st – April 19th): Keeping your emotions in check is important to do during this time. Holidays are approaching and your quick temper could possibly land you in some hot water. Think before you speak.

Taurus (April 21st - May 20th): The holidays are approaching, and you are starting to feel a bit antsy. Don't let your low motivation keep you from achieving your goals and finishing the year as strong as possible.

Gemini (May 21st – June 20th): You're a person that thinks a situation over before speaking. Some believe that you lack passion, or believe that your emotional rage is limited. Now is the perfect time to be a little careless and enjoy living in the moment.

Cancer (June 21st – July 22nd): During the past few weeks you've let loose and lived life to the fullest. There's nothing wrong with having a little fun, but you need to keep in mind that other responsibilities must be taken care of.

Leo (July 23rd – August 22nd): Keep your ego in check during this holiday season. While you are important in many people's lives, you are not the main attraction. Share the spotlight and allow others a chance to shine.

Virgo (August 23rd – September 22nd): All work and no play makes life dull. Try something new, make a new friend, or explore a subject that you've yet to learn about. Keeping a routine is important, but without the occasional adventure you will find yourself going through the motions with no real purpose.

Libra (September 23rd – October 22nd): You don't often commit to more than you can deliver, but you currently find yourself overwhelmed. Take a break, and find some time for yourself.

Scorpio (October 23rd – November 21st): Relaxation is something that you desperately need. Use the holidays to recharge yourself, and to gain back your motivation.

Sagittarius (November 22nd – December 21st): You've worked hard this year, and are beginning to gain rewards for the labor you've endured. Keep your head up, and remember that your hard work will continue to pay off.

Capricorn (December 22nd – January 19th): Now is the time to take a step back and evaluate the situations that have been weighing on your mind. Remember to think before you speak, otherwise your words may be taken differently than you meant them.

Aquarius (January 20th – February 18th): Keep doing what you're doing! You've found the balance between your academic and your social life. Ride the tide and you'll continue to have a wonderful holiday season.

Pisces (February 19th – March 20th): Keep your head up! Although this year has had many ups and downs, you've managed to show the inner strength you posses to those around you. Procrastination is not your friend, so remember to get things done with enough time to double check your work.

Star Wars: A New Hope: The Life of Luke Skywalker

By Ryder Windham

A New Hope, A New Hero, A New Jedi. Luke Skywalker was a simple farm boy, yet the introduction of two odd droids into his life changed his destiny into becoming a Hero of the Rebel Alliance and an Enemy of the Galactic Empire. Witness the space epic that has changed a galaxy, and will do so once again, through the eyes of a farm boy who became a hero and saw more of the Galaxy than he ever thought possible

Student Council Held Can Drive

The student council has been working on starting a themed student section at athletic events. It has been approved and now they are working on the organization of this new activity. The official name for this section will be "The Nest". The activity requires students to participate in the dress up, cheering, and attending the basketball games. Also, students must be respectful to officials and players; plus, school dress code is still required to be followed for the themes dress up. This is one of the many activities the student council has been working on that will encourage school-wide participation.

The student officers Ryne Garrison, Jake Mooney, Alexa Benedict, Donovan Webb, Cable Jacobsen, Lorsa Hughes, along with Ms. Smith and Mr. Mooney recently attended the OASC State Convention. A special thanks to Mr. Mooney for helping to chaperone the trip. The convention was hosted by Yukon High School's students and staff. The convention saw attendance in the thousands. With this many hardworking leaders, much was accomplished. The officers left with the knowledge of being a leader and how to get others involved. Many motivational speakers spoke during the main sessions over the weekend. They spoke of their lives and how they achieved success and happiness through leadership.

Student Council hosted a food drive December 8th through the 16th. There were 268 items donated to the local food bank. For each item brought, the students received a ticket. On Wednesday, December 16, 2015, a drawing was held for prizes. The more cans brought by a student, the better their chance(s) of winning.
