

**ASSIGNMENT OF TEACHERS**

As a rule, the assignment of a teacher as to position is made by the Superintendent. In general, after an employee's assignment to a school, the principal makes definite classroom and other specific assignments. Reassignment of any employee may be made when in the judgment of the Superintendent such reassignment is for the good of the school.

Such reassignment will be made only after conferences with the teachers involved and in so far as practical, they will be made before the end of the current school year.

The above does not apply in emergency situations, or where there is a change in teacher personnel during the current school term.
