ATHLETIC PAPERWORK

You will need to complete all paperwork to be eligible to participate in golf. All 9th and 11th graders will have to complete a physical examination by a doctor. If you are a 10th or 12th grader and had a physical on file last year with our athletic trainer, Sam Burton, you will not have to get another physical this year. If you are not sure, check with her and she will let you know if she has your physical form from last year. All athletes have to complete the rest of the paperwork online each new school year. I have listed directions below on how to complete the paperwork online:

Brock ISD student athletes' parents will need to fill out all the UIL paperwork online at the following website: www.rankonesport.com. You will need to go to "For Parents", then to "Fill Out Electronic Forms", then choose "Texas", then choose "Brock". You will need to complete log in information, then you will be able to complete all UIL required paperwork online. Student athletes will continue to turn in the hard copies of the physical examinations to Brock ISD Trainer, Sam Burton. If you have any questions, you can email Sam Burton at sburton@brockisd.net or Athletic Director, Chad Massey at chad.massey@brockisd.net.

All paperwork will be completed online except for the physical examination which will be turned in on a hard copy form.
