

Mobile Pediatric Asthma Clinic

Dear Parents,

Does your child suffer with seasonal allergies or colds? Do they display shortness of breath when playing and have to take frequent rest periods? Is your child missing several days at school because of cold symptoms or are you making frequent trips to the ER with breathing problems?

We Want to Help

CHRISTUS St. Michael SPIRIT along with Genesis Prime Care will be coming to your child’s school and offering a **FREE** Asthma Screening clinic. A pulmonary function test will be performed and your child will be seen by a Nurse Practitioner who will perform a respiratory exam, explain the test results and answer any questions you may have. She will also order medications as needed

If your child needs an inhaler or breathing treatments during school hours, a Care Plan order will be written and given to your school nurse. If assistance with the cost of the medication is needed, we have special assistance programs in place.

The Spirit of St. Michael Pediatric Asthma Clinic will be set up at Jefferson ISD campuses

The Elementary School on

Tuesday and Wednesday

April 23rd and the 24th, 2019

For each child seen in the asthma clinic, your school district receives a monetary reward used in the health and wellness of its students. If you would like to take advantage of this free program and help your school too, please fill out the form below and return to your school nurse.

CHILDS NAME: _____

DOB: _____ AGE: _____ SEX: _____ GRADE: _____

PARENTS NAME: _____

PHONE NUMBER: _____

***All Children seen at clinic must be accompanied by a parent or guardian**

*(If you would like your child, 12 years and older, seen but you are unable to attend the clinic with your child, please call your school nurse for forms to complete before students can be seen.)
