

Hanna Garden Club Scholarship:

To apply the student needs to send me a short essay on who they are, what graduating from HEM means to them, where they see themselves going from here, and to share their interest and/or experience in agriculture. The student awarded the scholarship will need to attend the May meeting to meet the group and accept the gift. They will also need to supply a picture that we can use for our records and to farther advertise future scholarships.

Email essay to: freeman_ellen@yahoo.com
And address it as Hanna Garden Club.
