Teresa Mathis

Elementary Principal

Dianna Gilmore

Counselor

Loren Sell

Secondary Principal

Parents and Students,

PWCISD teachers and staff have been working diligently developing alternative means of instruction for our students. Starting Monday, March 23rd, we will deploy our first round of instructional materials to our students. I will explain the deployment a bit later in this letter. Our main goal as educators at PWCISD is to continue providing instruction to our students in the best means we have available. For next week, the principals have asked the teachers to provide assignments that will allow for students to review previously taught materials. The assignments and coursework you will receive will be just that. We do have plans for more in-depth instruction in the weeks to come.

On Tuesday, March 17th, many of you received a phone call asking several questions about your current state of health, computer and internet access and school meals. If your family has not received a phone call at this point, please call the school as soon as possible. We did leave several messages on voicemails asking for a return phone call. It is imperative that this information be collected as it allows for more educated decisions on how to proceed.

Assigned coursework will be graded as normal by the teachers each week with a "Help, Do Not Hurt Approach". We are asking for parents and/or guardians to help ensure students complete the assignments that are sent home. Teachers have included a form of contact with this week's packets that students can use to ask questions if they need additional help with the assignments. Some students are enrolled in unique courses such as Distance Learning Spanish and Dual Credit Courses. These courses will continue as normal. Please log on to your specific classes, which are web based, and complete all assignments as normal. If you need assistance with technology, please contact the school or Mr. Martin directly at bmartin@pwcisd.net.

Schedule for Week of March 23rd-----

Monday - Packets for each student should be picked up at any of the following times.

Morning Session - 7:15am to 9:15am

Midday Session - 11:30am to 1:30pm

Evening Session - 4:30pm to 6:30pm

Parents or students should come to the office of their respective campuses to retrieve their week's packets. The instructional materials will be placed in a large envelope with the student's name and grade level written on the front. We ask that students return all items in the same envelope the following Monday and then the process will be repeated. When students return items the following Monday they can then pick-up the next week's assignments.

We fully understand these are unique times and things change daily with new reports from health officials. We hope that you will be patient as we navigate through this process.

Best Regards,

PWCISD Administration
