

SHAC Meeting Agenda

December 7, 2017

1. Read the minutes of our last meeting held on September 14, 2017.
2. Review of employee programs completed since our last meeting.
3. Review of completed and upcoming student programs.
4. CATCH update.
5. Miscellaneous.

SHAC Meeting Minutes

December 7, 2017

The Lindsay ISD SHAC meeting was called to order in the high school library at 7:45 am on December 7, 2017.

Council members and LISD staff present were: Clara Hellinger, Pat Autry, Chelsea Yosten, Trevor Rogers, Rose Hermes, Robyn Hedrick, and Steve Cope.

Clara Hellinger, co-chairman, read the minutes from the last SHAC meeting held on September 14, 2017. Minutes were approved as read.

Clara reviewed the employee programs completed since the last meeting. Lindsay ISD had two teams of eight that competed in the Walk Across Texas Challenge, which is sponsored by Texas Agri-life Extension. The Lindsay Knight Strollers placed 3rd out of 10 Cooke County teams. Team members were: Captain Clara Hellinger, Rose Hermes, Mary Reiter, Bridget Anderle, Lorrie Brooks, Jane Otto, Ashley Jones, Ashley Anderson, and Brandi Dieter. They finished with a total of 2,054.75 miles in the eight week challenge surpassing the goal of 830 miles across Texas. The Lindsay Knight Pacesetters finished with 1,786.25 miles and came in 4th in the county. Team members were: Captain Janice Stoffels, Brenda Fuhrmann, Robin Hess, Diane Zimmerer, Sharon Hoenig, Janis Blackwell, Craig Hertel, Robyn Hedrick, and Jennifer Bozarth. In the Biggest Winner Contest, an employee exercise/weight loss contest, we had 10 employees enter. Each participant paid a 10 dollar entry fee and the employee with the most exercise/weight loss points at the end of the eight-week contest received the money collected. Ashley Jones was the winner with a total of 89.5 points and received the 100 dollars. Both contests ran concurrently from September 18th through November 13th. We will be having another Biggest Winner Contest starting in January. MMH Family Health Clinic came and gave flu vaccines and Vitamin B12 injections on October 11th and again on November 15th. A total of 39 flu and 10 vitamin B12 injections were given to employees, students, and community members on October 11th. There were 14 flu and 8 vitamin B12 administered on November 15. The hepatitis B first and second vaccine in the series of three was given to the employee who requested it. The clinic filed with each

individuals insurance, otherwise the cost was \$25 dollar for the flu. The vitamin B12 was \$10 and was not covered by insurance.

Rose Hermes gave a report on the programs that Coach Hess had for the K-6th grades this semester. The Little Knight Run was on September 23rd, before the Lindsay ISD Cross Country meet held at Knight Field. There were 71 runners participating with each paying a 5 dollar entry fee. A total of 355 dollars was donated to the LISD athletic fund. The American Heart Association Jump Rope for Heart kick off was on October 26th and the program ran from November 6th through November 17th. Students of LISD earned over \$6,000 dollars for the AHA. This surpassed their goal of 4,000 dollars, so Coach Hess and Rose will be duct taped to the gym wall by the students at 10:15 am on December 19th. The running club is also doing well with 95% of the K – 6th grade students having logged 10 miles and about 20 students have completed the 20 mile mark. Students accumulate miles by running the first 5 minutes of PE class and participating in fun runs. The elementary skating was from November 7th through November 17th during PE class, a 10 dollar fee was collected from each student to cover the cost of renting the equipment. Parents and grandparents were invited to come and many came and enjoyed watching the students skate. LISD students participated in Character Counts Week, October 16th -20th, formally known as Red Ribbon Week. Numerous activities were held throughout the week. Shannon McGuire, a guest speaker, presented anti-bullying programs to the student body. Heidi Hess is a counselor with McFadden Ranch, a half-way home for teen boys in Roanoke Texas. She visited LISD with four of her students on October 25th. Her students gave accounts of their lives, telling our 6th – 12th grade students how their bad choices made early in their lives, lead them to the juvenile correction center where they are today.

Clara stated she has completed the vision, hearing, and antes screening in September and October for the K -7 grades and new students in the 8th - 12th grades. Referrals were sent to the parents if the screenings showed a need for further evaluation. The annual Texas Immunization Status Report was electronically filed on November 1st with the “as of” date October 27th, by Nurse Clara. All 42 kindergarten and 36 seventh grade students were in compliance with the state of Texas immunization requirements. As of October 27th, LISD has a total of 3 students out of the 493 total district enrollment who have at least one conscientious exemption filed with the state.

The Aim for Success student abstinence program is scheduled for today. They will give three student presentations to the 6th – 12th grades. The parent program, which reviewed the student presentations, was held last evening from 6 – 7 pm in the cafeteria and 5 parents attended, Clara stated. Cost for this program was \$1,249.37. The Scott and White STD power point presentation will be scheduled in January or February for the 9th and 10th grade students.

The winning classes of the CATCH black out September bingo contest was 2A in the K-2 building and 6A in the 3–6 building. Students were to fill in each calendar day with a healthy activity, which is listed on the bottom of the calendar, and the classes which had the most filled in calendars won. The PTC awarded the winning classes with numerous playground balls and all classes were awarded 2 kick balls or classroom games for participation. Caroline Dieter, curriculum teacher for the 7th & 8th CATCH lessons, was unable to attend this meeting but wanted to share with the council that she is completing the CATCH lessons as scheduled per the coordination lesson plan.

Mr. Rogers stated he and other LISD administrators met with Ray Fletcher, Cooke County Emergency Manager, to discuss Lindsay ISD's emergency plan. Some changes suggested were to stock tourniquets and blood clotting gauze in each emergency classroom bucket. Nurse Clara is in the process of checking the prices of these items. She has also checked the emergency buckets and removed the soon expiring food bars and water as these will also need to be replaced. The expiring items were then donated to Mrs. Robyn Hedrick's recent FCCLA food drive. Robyn shared with the council that the total collected for the VISTO food drive was 570 pounds.

Clara checked with Leon Fleitman, St Peter's Church maintenance personnel, about the water fountain not working on the playground by Conrad Hall, as was brought up in our last SHAC meeting. He said the PTC had purchased it and had it installed years ago, and that it had not worked well since soon after installation.

With no further business the meeting was adjourned at 8:10 am. The next meeting is scheduled for February 22, 2018. Notices will be emailed to members.
