Tuesday, November 17, 2020

Dear Miller Families,

Due to the continued increase of COVID-19 cases in our area, the Miller R-II School District has determined that we will not have in-person learning on Monday, November 23rd and Tuesday, November 24th. Instead, instruction will occur at home through a method of instruction designed by your child's teacher. It is the goal of the Miller R-II School District to use this time for additional cleaning throughout the buildings and on buses. This time will also allow students and staff who are currently isolated or on quarantine to return after the Thanksgiving Break. Students will receive more information regarding instruction for these dates later this week.

As always, we are encouraging everyone to continue to follow all recommended health and safety protocols by the Lawrence County Health Department during this time. The Miller R-II School District intends to return to in-person learning on Tuesday, December 1, 2020.

Thank you for your patience and understanding as we navigate through these uncertain times.

Sincerely,

Dr. Dustin Storm
Superintendent of Schools
