INDEPENDENT AUDITOR'S REPORT

Unmodified Opinion on Basic Financial Statements Accompanied By Required Supplementary Information and Other Supplementary Information Including the Supplementary Schedule of Expenditures of Federal Awards

To the Board of Trustees
Dumas Independent School District
P.O. Box 615
Dumas, Texas

Members of the Board:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Dumas Independent School District as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Administration's Responsibility for the Financial Statements

The Administration is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by administration, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Dumas Independent School District as of June 30, 2019, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 6 through 13 and 72 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. The District has also included a Schedule of the District's Proportionate Share of the Net Pension Liability – Teacher Retirement System of Texas, Schedule of District's Contributions for Pensions – Teacher Retirement System of Texas, Schedule of the District's Proportionate Share of the Net OPEB Liability – Teacher Retirement System of Texas, and Schedule of District's Contributions for Other Post-Employment Benefits (OPEB) – Teacher Retirement System of Texas in the required supplementary information. We have applied certain limited procedures to

the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of administration about the methods of preparing the information and comparing the information for consistency with administration's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Dumas Independent School District's basic financial statements. The TEA Required Schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The TEA Required Schedules and the Schedule of Expenditures of Federal Awards are the responsibility of administration and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the TEA Required Schedules and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

To the Board of Trustees
Dumas Independent School District
Page 4

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 10, 2019, on our consideration of Dumas Independent School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contract and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Coy Barton, CPA

October 10, 2019

DUMAS INDEPENDENT SCHOOL DISTRICT
Introductory To Management's Discussion and Analysis
For the Year Ended June 30, 2019

To the Citizens and Taxpayers of Dumas Independent School District:

The Annual Financial Report of Dumas Independent School District for the year ended June 30, 2019, is hereby submitted. The District is responsible for the completeness and fairness of these financial statements.

The financial statements are presented in the following sections: Introductory, Management's Discussion and Analysis, Basic Financial Statements, Notes to the Financial Statements, Required Supplementary Information, Required TEA Schedules, and Reports on Internal Control, on Compliance and Other Matters, and Federal Awards.

This financial report is designed to provide the citizens and taxpayers of our District information concerning the financial condition of the District.

The state's school financial accountability rating system, known as the School Financial Integrity Rating System of Texas (FIRST), ensures that Texas public schools are held accountable for the quality of their financial management practices and that they improve those practices. The system is designed to encourage Texas public schools to better manage their financial resources to provide the maximum allocation possible for direct instructional purposes. Dumas Independent School District received a "Passed" status report by having a District Score of 100 for the fiscal year end 2018.

Dumas Independent School District was awarded a "B" rating from the Texas Education Agency for the District's student academic performance in the 2018-2019 school year. In addition, seven of nine campuses met the TEA standard of a "C" performance rating or above. Declining student enrollment has brought both challenges and opportunities for the Board of Trustees and Administration during the year covered by these financial statements.

Because long range planning, for both program and facility improvement, is an important part of the District's operations, we know that the continued success of our students is safeguarded. Dumas Independent School District is financially strong and well positioned for a good future in public education.

Sincerely,

Monty Hysinger

Monty Hysinger
Superintendent

DUMAS INDEPENDENT SCHOOL DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS

In this section of the Annual Financial and Compliance Report, we, the administrators of Dumas Independent School District, discuss and analyze the District's financial performance for the year ended June 30, 2019. Please read it in conjunction with our transmittal letter on page 6, the Independent Auditor's Report on pages 2-5, and the District's Basic Financial Statements, which begin on page 14.

FINANCIAL HIGHLIGHTS

The District's net position decreased by \$1.65 million compared to last year.

During the 2019 year, the District's expenses were \$1.65 million more than the \$44.88 million generated in taxes, charges for services, operating grants, and other revenues for governmental activities.

Total cost of all of the District's programs, after charges for services and operating grants, was \$37.10 million, which was an increase from last year of about \$5.31 million or 16.69%.

The General Fund ended the twelve month period with a fund balance of \$20.59 million which is less from last year's balance of \$21.60 million. This decrease was the result of total expenditures exceeding revenues by about \$1.01 million.

The resources available for appropriation were \$1.63 million less than the expenditures budgeted for in the General Fund.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The government-wide financial statements include the Statement of Net Position and the Statement of Activities (on pages 14 and 15). These provide information about the activities of the District as a whole and present a longer-term view of the District's property and debt obligations and other financial matters. They reflect the flow of total economic resources in a manner similar to the financial reports of a business enterprise.

Fund financial statements (starting on page 16) report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds. For governmental activities, these statements tell how services were financed in the short-term as well as what resources remain for future spending. They reflect the flow of current financial resources, and supply the basis for tax levies and the appropriations budget. The remaining fiduciary statements provide financial information about activities for which the District acts solely as a trustee or agent for the benefit of those outside of the District.

Dumas Independent School District
Management's Discussion and Analysis (continued)

The notes to the financial statements (starting on page 21) provide narrative explanations or additional data needed for full disclosure in the government-wide statements or the fund financial statements.

The sections labeled Required TEA Schedules and Reports on Internal Control, on Compliance and Other Matters, and Federal Awards contain data used by monitoring or regulatory agencies for assurance that the District is using funds supplied in compliance with the terms of grants.

Reporting the District as a Whole

The Statement of Net Position and the Statement of Activities

The analysis of the District's overall financial condition and operations begins on page 14. Its primary purpose is to show whether the District is better off or worse off as a result of the year's activities. The Statement of Net Position includes all the District's assets and liabilities at the end of the fiscal year, and the Statement of Activities includes all the revenues and expenses generated by the District's operations during the twelve month period. These apply the accrual basis of accounting, which is the basis used by private sector companies.

The District takes into account all of the current year's revenues and expenses regardless of when cash is received or paid. The District's revenues are divided into those provided by outside parties who share the costs of some programs, such as tuition received from students from outside the District and grants provided by the U.S. Department of Education to assist children with disabilities or from disadvantaged backgrounds (program revenues), and revenues provided by the taxpayers or by TEA in equalization funding processes (general revenues). All the District's assets are reported whether they serve the current year or future years. Liabilities are considered regardless of whether they must be paid in the current or future years.

These two statements report the District's net position and changes in them. The District's net position (the difference between assets and liabilities) provides one measure of the District's financial health, or financial position. Over time, increases or decreases in the District's net position is one indicator its financial health is improving or deteriorating. To fully assess the overall health of the District, however, you should consider nonfinancial factors as well, such as changes in the District's average daily attendance or its property tax base and the condition of the District's facilities.

In the Statement of Net Position and the Statement of Activities, we have the following activities:

- Governmental activities - Most of the District's basic services are reported here, including instruction, counseling, co-curricular activities, food services, transportation, maintenance, community services, and general administration. Property taxes, tuition, fees, and state and federal grants finance most of these activities.

Reporting the District's Most Significant Funds

Fund Financial Statements

The fund financial statements begin on page 16 and provide detailed information about the most significant funds - not the District as a whole. Laws and contracts require the District to establish some funds, such as grants received under the Every Student Succeeds Act from the U.S. Department of Education. The District's administration establishes many other funds to help it control and manage money for particular purposes (like campus activities). The District's governmental funds use the following accounting approach:

- Governmental funds - Most of the District's basic services are reported in governmental funds. These use modified accrual accounting (a method that measures the receipt and disbursement of cash and all other financial assets that can be readily converted to cash) and report balances that are available for future spending. The governmental fund statements provide a detailed short-term view of the District's general operations and the basic services it provides. We describe the differences between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliation schedules following each of the fund financial statements.

The District as Trustee

Reporting the District's Fiduciary Responsibilities

The District is the trustee, or fiduciary, for money raised by student activities. We exclude these resources from the District's other financial statements because the District cannot use these assets to finance its operations. The District is only responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the District's fiduciary activities are reported in the Statement of Net Position - Fiduciary Funds on page 20.

Dumas Independent School District
Management's Discussion and Analysis (continued)

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The District implemented GASB Statement No. 34 in prior years. We have presented both current and prior year data and discussed significant changes in accounts. Our analysis focuses on the net position (Table I) and changes in net position (Table II) of the District's governmental activities.

Net position of the District's governmental activities decreased from \$21.87 million to \$20.22 million. Unrestricted net position, the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements, was \$(7.71) million at June 30, 2019, down \$2.11 million from last year.

Dumas Independent School District
Management's Discussion and Analysis (continued)

The District took action this year to compensate for some increase in cost.

- The District's property tax rate decreased slightly compared to the prior year and tax revenue increased approximately \$0.38 million. Property tax revenues are budgeted to decrease by \$0.85 million next year.

The cost of all governmental activities this year was \$46.08 million compared to \$44.56 million last year. However, as shown in the Statement of Activities on page 15, the amount that our taxpayers ultimately financed for these activities through District taxes was only \$37.10 million because some of the costs were paid by those who directly benefited from the programs (\$0.50 million), and by other governments and organizations that subsidized certain programs with grants and contributions (\$8.48 million), or by state formula grants (\$12.90 million).

THE DISTRICT'S FUNDS

As the District completed the year, its governmental funds (as presented in the balance sheet on page 16) reported a combined fund balance of \$22.64 million, which is less than last year's total of \$23.43 million. The fund balance in the District's General Fund decreased by \$1.01 million.

Over the course of the year, the Board of Trustees revised the District's budget several times. These budget amendments fall into two categories. The first category includes amendments and supplemental appropriations that were approved shortly after the beginning of the year and reflect the actual beginning balances (versus the amounts we estimated in June 2018). The second category involved amendments moving funds from programs that did not need all the resources originally appropriated to them, to programs with resource needs.

The District's General Fund balance of \$20.59 million reported on page 16 differs from the General Fund's budgetary fund balance of \$19.83 million reported in the Statement of Revenues, Expenditures, and Changes in Fund Balances - Budget and Actual - General Fund on page 72. This is principally due to unspent salary, supply, and facilities maintenance appropriations.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of 2019, the District had \$42.41 million invested in a broad range of capital assets, including facilities and equipment for instruction, transportation, athletics, administration, and maintenance.

Dumas Independent School District
Management's Discussion and Analysis (continued)

This year's major additions included (in thousands):

Construction in progress paid for with local funds	\$ 6
Various building improvements paid for with local funds	27
Instructional, technology, and transportation equipment paid for with local funds	<u>1,220</u>
Total	<u><u>\$ 1,253</u></u>

The District's fiscal year 2020 capital budget calls for \$1.35 million in expenditures. More detailed information about the District's capital assets is presented in Note III.G. to the financial statements.

Debt

At year-end, the District had \$16.49 million in bonds and notes outstanding which was \$1.38 million less than the \$17.87 million last year. More detailed information about the District's long-term liabilities is presented in Note III.J. to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The District's elected and appointed officials considered many factors when setting the fiscal year 2020 budget and tax rates. Three of those factors are the impact of House Bill 3, increase state share of funding of public schools, and property tax compression. We experienced continued growth in special populations such as economically disadvantaged, career/tech, and special education in 2019. With that trend in mind, the Board of Trustees adopted a budget for 2020 that made the assumption that student population would continue to decrease from the 2019 level.

Amounts available for appropriation in the General Fund budget are \$39.33 million, an increase from last year's budget of \$36.52 million. Budgeted expenditures are expected to be up by about \$1.42 million compared to 2019, and we expect a slight budget surplus for 2020.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the District's finances, and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the District's business office at Dumas Independent School District, P. O. Box 615, Dumas, Texas, 79029.

DUMAS INDEPENDENT SCHOOL DISTRICT
 Reconciliation of the Governmental Funds Balance Sheet to the
 Statement of Net Position
 June 30, 2019

EXHIBIT C-2

Total Fund Balances - Governmental Funds	\$	22,637,364
1 Capital assets used in governmental activities are not financial resources and therefore are not reported in governmental funds. At the beginning of the year, the cost of these assets was \$81,327,748 and the accumulated depreciation was \$37,787,212. In addition, long-term liabilities, including bonds payable, are not due and payable in the current period and therefore, are not reported as liabilities in the funds. The net effect of including the beginning balances for capital assets (net of depreciation) and long-term debt in the governmental activities is to increase net position.		25,675,536
2 Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of including the 2019 capital outlays and debt principal payments is to increase net position.		2,628,374
3 Included in the items related to debt is the recognition of the District's proportionate share of the net pension liability required by GASB Statement No. 68. The net position related to TRS included a deferred resource outflow in the amount of \$6,709,995, a deferred resource inflow in the amount of \$1,337,440, and a net pension liability in the amount of \$13,661,350. This resulted in a decrease in net position.		(8,288,795)
4 Included in the items related to debt is the recognition of the District's proportionate share of the net OPEB liability required by GASB Statement No. 75. The net position related to TRS included a deferred resource outflow in the amount of \$2,152,853, a deferred resource inflow in the amount of \$5,383,777, and a net OPEB liability in the amount of \$17,025,193. This resulted in a decrease in net position.		(20,256,117)
5 The 2019 depreciation expense increases accumulated depreciation. The net effect of the current year's depreciation is to decrease net position.		(2,387,705)
6 Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing unavailable revenue from property taxes as revenue and recognizing the liabilities associated with maturing long-term debt and interest. The net effect of these reclassifications and recognitions is to increase net position.		209,852
19 Net Position of Governmental Activities	\$	20,218,509

and Changes in Fund Balances to the Statement of Activities
For the Year Ended June 30, 2019

EXHIBIT C-4

Total Net Change in Fund Balances - Governmental Funds	\$ (791,422)
Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of removing the 2019 capital outlays and debt principal payments is to increase net position.	2,628,374
Depreciation is not recognized as an expense in governmental funds since it does not require the use of current financial resources. The net effect of the current year's depreciation is to decrease net position.	(2,387,705)
Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing unavailable revenue from property taxes as revenue, adjusting current year revenue to show the revenue earned from the current year's tax levy, and recognizing the liabilities associated with maturing long-term debt and interest. The net effect of these reclassifications and recognitions is to increase net position.	152,746
GASB Statement No. 68 required that certain plan expenditures be de-expended and recorded as deferred resource outflows. These contributions made after the measurement date of the plan caused the change in ending net position to increase by \$683,496. Contributions made before the measurement date and during the previous fiscal year were also expended and recorded as a reduction in the net pension liability. This caused a decrease in net position totaling \$702,279. Finally, the proportionate share of the TRS pension expense on the plan as a whole had to be recorded. The net pension expense decreased the change in net position by \$943,793. The net result is a decrease in the change in net position.	(962,576)
GASB Statement No. 75 required that certain plan expenditures be de-expended and recorded as deferred resource outflows. These contributions made after the measurement date of the plan caused the change in ending net position to increase by \$192,661. Contributions made before the measurement date and during the previous fiscal year were also expended and recorded as a reduction in net OPEB liability. This caused a decrease in net position totaling \$197,300. Finally, the proportionate share of the TRS OPEB expense on the plan as a whole had to be recorded. The net OPEB expense decreased the change in net position by \$286,858. The net result is a decrease in the change in net position.	(291,497)

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Dumas Independent School District (the “District”) is a public educational agency operating under the applicable laws and regulations of the State of Texas. It is governed by a seven member Board of Trustees (the “Board”) elected by registered voters of the District. The District prepares its basic financial statements in conformity with generally accepted accounting principles (GAAP) promulgated by the Governmental Accounting Standards Board (GASB) and other authoritative sources identified in **GASB Statement No. 56**, and it complies with the requirements of the appropriate version of Texas Education Agency’s *Financial Accountability System Resource Guide* (the “Resource Guide”) and the requirements of contracts and grants of agencies from which it receives funds.

Pensions. The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities, and additions to/deductions from TRS’s fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

A. Reporting Entity

The Board of Trustees (the “Board”) is elected by the public and it has the authority to make decisions, appoint administrators and managers, and significantly influence operations. It also has the primary accountability for fiscal matters. Therefore, the District is a financial reporting entity as defined by the Governmental Accounting Standards Board (“GASB”) in its Statement No. 14, “*The Financial Reporting Entity.*” There are no component units included within the reporting entity.

B. Basis of Presentation, Basis of Accounting

Basis of Presentation

Government-wide Statements: The Statement of Net Position and the Statement of Activities include the financial activities of the overall government. Eliminations have been made to minimize the over-reporting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

DUMAS INDEPENDENT SCHOOL DISTRICT

Notes to the Financial Statements

June 30, 2019

B. Basis of Presentation, Basis of Accounting (continued)

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The District does not allocate indirect expenses in the Statement of Activities. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the District's funds, with separate statements presented for each fund category. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

The District reports the following major governmental funds:

1. **General Fund** - This is the District's primary operating fund. It accounts for all financial resources of the District except those required to be accounted for in another fund.

Additionally, the District reports the following fund type(s):

Governmental Funds:

1. **Special Revenue Funds** - These funds are used to account for resources restricted to, or designated for, specific purposes by a grantor. Federal financial assistance generally is accounted for in a special revenue fund. Except for the food service fund, any unused balances are returned to the grantor at the close of specific project periods. The Food Service Fund is the only required budgeted special revenue fund. For all other funds in this fund type, project accounting is employed to maintain integrity for the various sources of funds.
2. **Debt Service Fund** - This fund accounts for financial resources that are restricted, committed, or assigned to expenditures for principal and interest on long-term debt of governmental activities.

DUMAS INDEPENDENT SCHOOL DISTRICT

Notes to the Financial Statements

June 30, 2019

B. Basis of Presentation, Basis of Accounting (continued)

Fiduciary Funds:

1. **Agency Funds** - The District accounts for resources held for others in a custodial capacity in agency funds. The District's agency funds are the Activity or Class Funds.

C. Measurement Focus, Basis of Accounting

Government-wide Financial Statements: These financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, the revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the State are recognized under the susceptible-to-accrual concept. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received.

Grant funds are considered earned to the extent of expenditures made under the provisions of the grant. Accordingly, when such funds are received, they are recorded as deferred revenues until related and authorized expenditures have been made. If balances have not been expended by the end of the project period, grantors sometimes require the District to refund all or part of the unused amount.

Investment earnings are recorded as earned, since they are both measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims, and judgments, which are recognized as expenditures to the extent they have matured. General capital assets acquisitions are reported as expenditures in governmental funds. Proceeds from general long-term debt and acquisitions under capital leases are reported as other financing sources.

DUMAS INDEPENDENT SCHOOL DISTRICT

Notes to the Financial Statements

June 30, 2019

C. Measurement Focus, Basis of Accounting (continued)

The fiduciary funds are accounted for on a flow of economic resources measurement focus and utilize the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expenses in the accounting period in which they are incurred and become measurable.

D. Fund Balance Classification

Non-spendable: This classification includes amounts that cannot be spent either because they are in non-spendable form or because they are legally or contractually required to be maintained intact.

Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. Debt service resources are to be used for future servicing of bonds and are restricted by State statute. Capital projects are restricted by State statute and are legally segregated for funding of capital improvements.

Committed: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Trustees. These amounts cannot be used for any other purpose unless the Board of Trustees removes or changes the specified use by taking the same type of action (resolution) that was employed when the funds were initially committed.

Assigned: This classification includes amounts that do not meet the criteria to be classified as Restricted or Committed but that are intended to be used for specific purposes. Under the District's adopted policy, only the superintendent may assign for specific purposes.

Unassigned: This classification includes the residual fund balance for the General Fund.

The District would typically use Restricted fund balances first, followed by Committed resources, as appropriate opportunities arise, but reserves the right to selectively spend Unassigned resources first to defer the use of these other classified funds.

E. Financial Statement Amounts

1. Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

E. Financial Statement Amounts (continued)

State statutes authorize the District to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds, repurchase agreements, and State Treasurer's Investment Pools.

Investments for the District are reported at fair value. The State Treasurer's Investment Pools are operated in accordance with appropriate state laws and regulations. The reported value of the pools is the same as the fair value of the pool shares.

2. Property Taxes

Property taxes are levied by October 1st on assessed value listed as of the prior January 1st for all real and business personal property in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1st of the year following the year in which imposed. On January 31st of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available when they become due or past due and receivable within the current period.

Allowances for uncollectible tax receivables are based upon historical experience in collecting property taxes. As of June 30, 2019, the amount deemed uncollectible by this estimate was \$103,691. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature.

3. Inventories and Prepaid Items

The District records purchases of supplies as expenditures, utilizing the purchase method of accounting for inventory in accordance with the Resource Guide. Certain payments to vendors reflect the cost applicable to future periods and are recorded as prepaid items. The District reports inventories of supplies at weighted average cost including consumable maintenance, instructional, office, athletic, transportation items, and food supplies. Supplies are recorded as expenditures when they are consumed. Inventories of food commodities are recorded at market value supplied by the Texas Health and Human Services Commission. The school supplies inventories, at June 30, 2019, were \$68,155 for the General Fund. The food supplies inventories including commodities, at June 30, 2019, were \$29,795 for the Child Nutrition Fund.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

E. Financial Statement Amounts (continued)

4. Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the governmental activities column in the government-wide financial statements. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated fixed assets are recorded at their estimated fair market value at the date of the donation. The cost of normal maintenance and repairs that do not add to the value of the assets' lives are not capitalized. A capitalization threshold of \$5,000 is used.

Capital assets are being depreciated using the straight-line method over the estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Infrastructure	50
Buildings and improvements	25-50
Vehicles	7-10
Office equipment and furniture	5-20
Computer equipment	3-5

5. Interfund Activity

Interfund activity results from loans, services provided, reimbursements, or transfers between funds. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers In and Transfers Out are netted and presented as a single "Transfers" line on the government-wide Statement of Activities. Similarly, interfund receivables and payables are netted and presented as a single "Internal Balances" line on the government-wide Statement of Net Position.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

E. Financial Statement Amounts (continued)

6. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premiums or discounts.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

7. Use of Estimates

The preparation of financial statements in conformity with GAAP requires the use of administration's estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

8. Data Control Codes

Data Control Codes appear in the rows and above the columns of certain financial statements. The Texas Education Agency requires the display of these codes in the financial statements filed with the Agency in order to insure accuracy in building a Statewide database for policy development and funding plans.

9. Contingent Liability

Upon leaving employment, the District provides payment for accrued unused state and local leave to employees who have twenty or more years of service with the District as follows:

The first thirty days of unused leave multiplied by 75% of the employee's daily rate of pay plus any days in excess of thirty multiplied by 25% of the employee's daily rate plus the number of years of continuous service in Dumas Independent School District multiplied by 50% of the employee's daily rate of pay not to exceed \$5,000 for 20 to 24 years of service, \$7,500 for 25 to 29 years of service, and \$10,000 for over 29 years of service.

June 30, 2019

E. Financial Statement Amounts (continued)

The total for these payments for employees who were eligible at June 30, 2019, was \$455,252 and is reported as a contingent liability since it is contingent on their separation from the District.

10. Group Self-Insurance Pool

The District began to participate in a group self-insurance pool with TRS Active Care on September 1, 2006. The District has no risks or liabilities associated with the health insurance plan.

11. Other Post-Employment Benefits

The fiduciary net position of the Teacher Retirement System of Texas (TRS) TRS Care Plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities and additions to/deductions from TRS Care's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as-you-go plan and all cash is held in a cash account.

12. New Financial Accounting Standards

The GASB issued Statement No. 84, *Fiduciary Activities*, in January 2017. This Statement establishes a guideline for identifying fiduciary activities and determining if these activities should be reported in the governmental funds' financial statements as a Special Revenue Fund. The objective of this Statement is to make fiduciary activity reporting more consistent and comparable. This Statement is effective for reporting periods beginning after December 15, 2018. Administration is currently evaluating the impact of the adoption of this Statement on the District's financial statements.

The GASB issued Statement No. 87, *Leases*, in June 2017. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

E. Financial Statement Amounts (continued)

for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Administration is currently evaluating the impact of the adoption of this Statement on the District's financial statements.

The GASB issued Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements* in March 2018. The requirements of this Statement will improve financial reporting by providing users of financial statements with essential information that currently is not consistently provided. In addition, information about resources to liquidate debt and the risks associated with changes in terms associated with debt will be disclosed. As a result, users will have better information to understand the effects of debt on a government's resources flows. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. Administration is currently evaluating the impact of the adoption of this Statement on the District's financial statements.

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Data

The Board of Trustees adopts an "appropriated budget" for the General Fund, Food Service Fund of the special revenue funds, and Debt Service Fund. The District is required to present the adopted and final amended budgeted revenues and expenditures for each of these funds. The District compares the final amended budget to actual revenues and expenditures. The General Fund Budget report appears in Exhibit G-1 and the other two reports are in Exhibits J-2 and J-3.

The following procedures are followed in establishing the budgetary data reflected in the financial statements:

1. Prior to June 20th, the District prepares a budget for the next succeeding fiscal year beginning July 1st. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the Board is then called for the purpose of adopting the proposed budget. At least ten days public notice of the meeting must be given.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

A. Budgetary Data (continued)

3. Prior to July 1st, the budget is legally enacted through passage of a resolution by the Board. Once a budget is approved, it can only be amended at the function and fund level by approval of a majority of the members of the Board. Amendments are presented to the Board at its regular meetings. Each amendment must have Board approval. As required by law, such amendments are made before the fact, are reflected in the official minutes of the Board, and are not made after fiscal year-end. Because the District has a policy of careful budgetary control, several amendments were necessary during the year. The following amendments were significant:

General Fund

Function 11 - Salaries and transportation allotment	\$	915,816
Function 13 - Transportation reallocation allotment and salaries		205,687
Function 36 - Transportation allotment		542,245
Function 52 - Security and monitoring services		127,396
Function 53 - Data processing services		193,977
Function 81 - Facility construction		836,540

4. Each budget is controlled by the budget coordinator at the revenue and expenditure function/object level. Budgeted amounts are as amended by the Board. All budget appropriations lapse at year-end. A reconciliation of fund balances for both appropriated budget and nonappropriated budget special revenue funds is as follows:

		June 30, 2019 Fund Balance
Appropriated Budget Funds - Food Service Special Revenue Fund	\$	61,952
Nonappropriated Budget Funds		-
All Special Revenue Funds	\$	61,952

B. Finance-Related Legal and Contractual Provisions

In accordance with GASB Statement No. 38, *Certain Financial Statement Note Disclosures*, violations of finance-related legal and contractual provisions, if any, are reported below, along with actions taken to address such violations:

<u>Violation</u>	<u>Action Taken</u>
None Reported	Not Applicable

DUMAS INDEPENDENT SCHOOL DISTRICT

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS

A. Cash, Cash Equivalents, and Investments

Cash and Cash Equivalents

District Policies and Legal and Contractual Provisions Governing Deposits

Custodial Credit Risk for Deposits

State law requires governmental entities to contract with financial institutions in which funds will be deposited to secure those deposits with insurance or pledged securities with a fair value equaling or exceeding the amount on deposit at the end of each business day. The pledged securities must be in the name of the governmental entity and held by the entity or its agent. Since the District complies with this law, it has no custodial credit risk for deposits.

During the year, the District's deposits were covered by depository insurance and collateralized with securities held by the pledging financial institution's trust department or agent in the entity's name. At June 30, 2019, the District's deposits were covered with depository insurance in the amount of \$270,261 and collateralized with securities held by the pledging financial institution's trust department or agent in the District's name in the amount of \$9,880,779.

Foreign Currency Risk

The District limits the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit by limiting all deposits denominated in a foreign currency. The District was not exposed to any foreign currency risk at June 30, 2019.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

A. Cash, Cash Equivalents, and Investments (continued)

As of June 30, 2019, the following are the District's cash and cash equivalents with respective maturities and credit rating:

<u>Type of Deposit</u>	<u>Fair Value</u>	<u>Percent</u>	<u>Maturity in Less than 1 Year</u>	<u>Maturity in 1-10 Years</u>	<u>Maturity in Over 10 Years</u>	<u>Credit Rating</u>
FDIC Insured Accounts	\$ 11,152,497	100%	\$ 11,152,497	\$ -	\$ -	N/A
Investment Pools:						
Lone Star	5,619,581	100%	5,619,581	-	-	AAAm
TexPool	2,656,038	100%	2,656,038	-	-	AAAm
TexStar	3,564,516	100%	3,564,516	-	-	AAAm
Total Investment Pools:	<u>11,840,135</u>	<u>100%</u>	<u>11,840,135</u>	<u>-</u>	<u>-</u>	
Total Cash and Cash Equivalents	<u>\$ 22,992,632</u>	<u>100%</u>	<u>\$ 22,992,632</u>	<u>\$ -</u>	<u>\$ -</u>	

TexPool is a public funds investment pool created pursuant to the Interlocal Cooperation Act, Texas Government Code, Chapter 791, and Texas Government Code, Chapter 2256. The Trust Company has specifically identified the authorized investments consistent with the Investment Act. The District owns an undivided beneficial interest in the assets of TexPool in an amount proportional to the total amount of the District's accounts relative to the total amount of all the participants' accounts in TexPool, computed on a daily basis.

Lone Star Investment Pool is a public funds investment pool created under the Interlocal Cooperation Act, Chapter 791, of the Texas Government Code, and the Public Funds Investment Act, Chapter 2256, of the Texas Government Code. The Lone Star Investment Pool includes the Government Overnight Fund, in which the District participates, whose investments are confined to securities having effective maturities at various times within two years from the date of purchase of the securities. The average dollar-weighted maturity of the fund does not exceed 120 days. The Lone Star Investment Pool is authorized to invest in obligations of the United States; any obligations backed by the full faith and credit of the United States; fully collateralized repurchase agreements having a defined termination date secured by obligations of the United States; and no-load money market mutual funds regulated by the SEC with certain exceptions as defined in the Lone Star Investment Pool Information Statement.

DUMAS INDEPENDENT SCHOOL DISTRICT

Notes to the Financial Statements

June 30, 2019

A. Cash, Cash Equivalents, and Investments (continued)

Texas Short Term Asset Reserve Fund (TexStar) is a local government investment pool organized under the authority of the Interlocal Cooperation Act, Chapter 791, Texas Government Code, and the Public Funds Investment Act, Chapter 2256, of the Texas Government Code. J. P. Morgan Investor Services, Inc. provides custodial, transfer agency, fund accounting, and depository services. TexStar Cash Reserve Fund authorized investments are government securities unconditionally guaranteed or backed by the full faith and credit of the United States with no collateralized mortgage obligations greater than ten years; repurchase agreements and reverse repurchase agreements with defined termination date and fully collateralized; and money market mutual funds with a dollar-weighted average maturity of 90 days or fewer and a dollar-weighted average maturity of 60 days or fewer.

Investments

District Policies and Legal and Contractual Provisions Governing Investments

Compliance with the Public Funds Investment Act

The **Public Funds Investment Act** (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports, and establishment of appropriate policies. Among other things, it requires a governmental entity to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, and (9) bid solicitation preferences for certificates of deposit.

Statutes authorize the District to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas and its agencies; (2) guaranteed or secured certificates of deposit issued by state and national banks domiciled in Texas; (3) obligations of states, agencies, counties, cities, and other political subdivisions of any state having been rated as to investment quality not less than an "A"; (4) no load money market funds with a weighted average maturity of 90 days or less; (5) fully collateralized repurchase agreements; (6) commercial paper having a stated maturity of 270 days or less from the date of issuance and is not rated less than A-1 or P-1 by two nationally recognized credit rating agencies OR one nationally recognized credit agency and is fully secured by an irrevocable letter of credit; (7) secured corporate bonds rated not lower than "AA-" or the equivalent; (8) public funds investment pools; and (9) guaranteed investment contracts for bond proceeds investment only, with a defined termination date and secured by U.S. Government direct or agency obligations approved by the Texas Public Funds Investment Act in an amount equal to the bond proceeds. The Act also requires the District to have independent auditors perform test

DUMAS INDEPENDENT SCHOOL DISTRICT

Notes to the Financial Statements

June 30, 2019

A. Cash, Cash Equivalents, and Investments (continued)

procedures related to investment practices as provided by the Act. Dumas Independent School District is in substantial compliance with the requirements of the Act and with local policies.

Additional policies and contractual provisions governing investments for Dumas Independent School District are specified below:

Credit Risk

To limit the risk that an issuer or other counterparty to an investment will not fulfill its obligations, the District limits investments that comply with the Public Funds Investment Act and all federal, state, and local statutes, rules, or regulations. As of June 30, 2019, the District had no investments.

Custodial Credit Risk for Investments

To limit the risk that, in the event of the failure of the counterparty to a transaction, the District will not be able to recover the value of investment or collateral securities that are in possession of an outside party, the District requires counterparties to register the securities in the name of the District and hand them over to the District or its designated agent. This includes securities in securities lending transactions. The District had no investments at June 30, 2019.

Concentration of Credit Risk

To limit the risk of loss attributed to the magnitude of the District's investment in a single issuer, the District's investment policy emphasizes safety of principal and liquidity. The policy requires prudence with respect to single investments. During the year, the District invested in Texpool, Lone Star Investment Pool, and TexStar under the authority of the Interlocal Cooperation Act, Chapter 791, Texas Government Code, and Public Funds Investments Act, Chapter 2256, Texas Government Code. The District was not exposed to any concentration of credit risk for the year ended June 30, 2019.

Interest Rate Risk

To limit the risk that changes in interest rates will adversely affect the fair value of investments, the District requires that internally created pool fund groups have a maximum dollar weighted maturity of 180 days and other investments shall not exceed one year from time of purchase unless specifically authorized by the Board for a given investment. The District was not exposed to any investment rate risk at June 30, 2019.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

A. Cash, Cash Equivalents, and Investments (continued)

Foreign Currency Risk for Investments

The District limits the risk that changes in exchange rates will adversely affect the fair value of an investment by not investing in foreign investments. The District was not exposed to any foreign currency risk for investments at June 30, 2019.

Other Credit Risk Exposure

The District had no other known credit risk exposure at June 30, 2019.

Defaults and Recovery of Prior Period Losses

The District had no defaults or prior period losses for the year ended June 30, 2019.

The District categorizes its fair value measurements with the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy. In instances where inputs used to measure fair value fall into different levels in the fair value hierarchy, fair value measurement in their entirety are categorized based on the lowest level input that is significant to the valuation. The District's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

As of June 30, 2019, Dumas Independent School District had no investments subject to the fair value measurement.

B. Property Taxes

Property taxes are levied by October 1st on the assessed value listed as of the prior January 1st for all real and business personal property located in the District in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1st of the year following the year in which imposed. On January 31st of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available (1) when they become due or past due and receivable within the current period and (2) when they are expected to be collected during a 60-day period after the close of the school fiscal year.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

B. Property Taxes (continued)

The assessed value of the property tax roll on August 1, 2018, upon which the levy for the 2018-2019 fiscal year was based, was \$2,304,943,424. The roll was subsequently decreased to a year-end assessed value of \$1,858,340,725.

The tax rates assessed for the year ended June 30, 2019, to finance General Fund operations and the payment of principal and interest on general obligation long-term debt were \$1.04 and \$0.1079 per \$100 valuation, respectively, for a total of \$1.1479 per \$100 valuation.

C. Delinquent Taxes Receivable

Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. Allowances for uncollectible tax receivables within the General and Debt Service Funds are based on historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority for the Texas Legislature.

D. Interfund Balances and Transfers

Interfund balances at June 30, 2019, consisted of the following amounts:

Due to General Fund from:	
Nonmajor Governmental Funds	\$ 94,480
Trust and Agency Fund	1,529
Total Due to General Fund	<u>96,009</u>
Due to Nonmajor Governmental Funds from:	
General Fund	8
Total Due to Nonmajor Governmental Funds	<u>8</u>
Total Due from Other Funds	<u>\$ 96,017</u>

The purpose of these interfund balances is to allow for ease of funding the daily operations of the District. These interfund balances are expected to be repaid in the next fiscal year.

There were no interfund transfers for the year ended June 30, 2019.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

E. Disaggregation of Receivables and Payables

Receivables at June 30, 2019, were as follows:

	Property Taxes (Net)	Other Governments	Due From Other Funds	Other	Total Receivables
Governmental Activities:					
General Fund	\$ 548,062	\$ 3,440,646	\$ 96,009	\$ 16,957	\$ 4,101,674
Nonmajor Governmental Activities	<u>39,519</u>	<u>476,873</u>	<u>8</u>	<u>54,372</u>	<u>570,772</u>
Total - Governmental Activities	<u>\$ 587,581</u>	<u>\$ 3,917,519</u>	<u>\$ 96,017</u>	<u>\$ 71,329</u>	<u>\$ 4,672,446</u>
Amounts not scheduled for collection during the subsequent year	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

	General Fund	Nonmajor Governmental Funds	Total
Property Taxes (Net):			
Delinquent taxes receivable (ad valorem)	\$ 644,779	\$ 46,493	\$ 691,272
Less allowance for uncollectible taxes	<u>(96,717)</u>	<u>(6,974)</u>	<u>(103,691)</u>
Total - Property Taxes (Net)	<u>\$ 548,062</u>	<u>\$ 39,519</u>	<u>\$ 587,581</u>

The allowance for uncollectible taxes is calculated by the District. The allowance is 15% of the delinquent taxes receivable, which appears reasonable.

	General Fund	Nonmajor Governmental Fund	Total
Receivable - Other Governments:			
Receivable - State	<u>\$ 3,440,646</u>	<u>\$ 476,873</u>	<u>\$ 3,917,519</u>
Total Receivable - Other Governments	<u>\$ 3,440,646</u>	<u>\$ 476,873</u>	<u>\$ 3,917,519</u>

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

E. Disaggregation of Receivables and Payables (continued)

The other receivables consist of the following:

	General Fund	Nonmajor Governmental Funds	Total
Other Receivables:			
Due from miscellaneous vendors	\$ 16,957	\$ 54,372	\$ 71,329
Total - Other Receivables	<u>\$ 16,957</u>	<u>\$ 54,372</u>	<u>\$ 71,329</u>

All receivables (net) are expected to be collected within one year.

Aged receivables at June 30, 2019, were as follows:

	0-30 Days	31-60 Days	61-90 Days	Over 90 Days	Total Aged Receivables
Aged Receivables:					
Property taxes (net)	\$ -	\$ -	\$ -	\$ 587,581	\$ 587,581
Other governments	3,917,519	-	-	-	3,917,519
Due from other funds	-	-	-	96,017	96,017
Other receivables	71,329	-	-	-	71,329
Total Aged Receivables	<u>\$ 3,988,848</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 683,598</u>	<u>\$ 4,672,446</u>

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

E. Disaggregation of Receivables and Payables (continued)

Payables at June 30, 2019, were as follows:

	Accounts Payable	Loans, Leases, Bonds, and Other Liabilities Payable- Current Year	Salaries and Benefits	Due To Other Funds	Due to Other Governments	Other	Total Payables
Governmental Activities:							
General Fund	\$ 888,384	\$ -	\$ 3,013,277	\$ 8	\$ -	\$ -	\$ 3,901,669
Nonmajor Governmental Funds	2,062	-	408,526	94,480	-	225,303	730,371
Total - Governmental Activities	<u>\$ 890,446</u>	<u>\$ -</u>	<u>\$ 3,421,803</u>	<u>\$ 94,488</u>	<u>\$ -</u>	<u>\$ 225,303</u>	<u>\$ 4,632,040</u>
Amounts not scheduled for payment during the subsequent year	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

F. Deferred Outflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and, therefore, will *not* be recognized as an outflow of resources (expenditure/expense) until that time. The District has three types of this item, which arises only under a full accrual basis of accounting, that qualifies for reporting in this category. Accordingly, these items, *Deferred Charge for Refunding Bonds*, *Deferred Outflows Related to TRS Pension*, and *Deferred Outflows Related to TRS OPEB* are reported only in the Government-wide Statement of Net Position. The Government-wide Statement of Net Position reports the District's share of deferred charges for refunding bonds, the District's share of the unrecognized plan deferred outflows of resources which TRS uses in calculating the end net pension liability, as well as the District's contributions to TRS in the current fiscal year, and the District's share of the unrecognized OPEB deferred outflows of resources which TRS uses in calculating the end net OPEB liability. These amounts are deferred and recognized as an outflow of resources in the period that the amounts become available.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

G. Capital Asset Activity

Capital asset activity for the District for the year ended June 30, 2019, was as follows:

	Primary Government				Ending Balance
	Beginning Balance	Additions	Retirements	Other Reclassifications	
Governmental Activities:					
Land and improvements	\$ 986,825	\$ -	\$ -	\$ -	\$ 986,825
Total Assets Not Being Depreciated	986,825	-	-	-	986,825
Buildings and improvements	74,292,614	27,135	663,681	50,168	73,706,236

Capital Assets, Net	<u>\$43,540,536</u>	<u>\$ (1,134,331)</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$42,406,205</u>

Construction in progress consists of one project. This project is as follows:

Projects	Total Estimated Project Costs	Construction in Progress at 6-30-19	Percent Complete at 6-30-19	Estimated Completion Date
1. Tennis Court Resurfacing	\$ 72,400	\$ 6,107	8.44%	9-30-19

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

G. Capital Asset Activity (continued)

Depreciation expense was charged to governmental functions as follows:

Data Control Codes	Expense	Amount
11	Instruction	\$ 1,022,987
12	Instructional resources and media services	33,344
13	Curriculum development and instructional staff development	4,923
21	Instructional leadership	288
23	School leadership	34,249
31	Guidance, counseling and evaluation services	6,779
33	Health services	2,564
34	Student (pupil) transportation	209,701
35	Food services	77,714
36	Extracurricular activities	729,811
41	General administration	19,690
51	Facilities maintenance and operations	146,514
52	Security and monitoring services	82,162
53	Data processing services	16,979
	Total Depreciation Expense	<u>\$ 2,387,705</u>

H. Short-Term Debt Payable

The District accounts for short-term debts for maintenance purposes through the General Fund. Short-term debts include notes made in accordance with the provisions of the Texas Education Code Section 45.108. The District had no short-term loans payable at June 30, 2019.

I. Deferred Inflows of Resources

In addition to liabilities, both the Governmental Funds Balance Sheet and the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The District has three types of items that qualify for reporting in this category. One item, which arises only under a modified accrual basis of accounting, is *unavailable revenue*. Unavailable revenue is reported only in the Governmental Funds Balance Sheet. The governmental

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

I. Deferred Inflows of Resources (continued)

funds report unavailable revenue from property taxes. The next items are *Deferred Inflow Related to TRS Pension* and *Deferred Inflow Related to TRS OPEB*, which arises only under a full accrual basis of accounting, and are reported only in the Government-wide Statement of Net Position. The Government-wide Statement of Net Position reports the District's share of unrecognized plan deferred inflows of resources, which TRS uses in calculating the ending net pension liability and net other post-employment benefit liability. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

J. Bonds and Long-Term Debt Payable

Long-term debt includes long-term bonds. Current requirements for principal and interest expenditures are accounted for in the Debt Service Fund.

A summary of changes in general long-term debt for the year ended June 30, 2019, is as follows:

Governmental Activities Description	Interest Rate Payable	Amounts Original Issue	Interest Current Year	Amounts Outstanding 7/1/18	Issued/ Other	Retired/ Other	Amounts Outstanding 6/30/19

Notes to the Financial Statements

June 30, 2019

J. Bonds and Long-Term Debt Payable (continued)

Dumas Independent School District has entered into a continuing disclosure undertaking to provide Annual Reports and Material Event Notices to the State Information Depository of Texas (SID), which is the Municipal Advisory Council. This information is required under SEC Rule 15c2-12 to enable investors to analyze the financial condition and operations of Dumas Independent School District. These requirements to the Municipal Advisory Council are for the \$25,000,000 Series 2008 Unlimited Tax School Building Bonds, the \$8,355,000 Series 2015 Unlimited Tax Refunding Bonds, and the \$8,400,000 Series 2016 Unlimited Tax Refunding Bonds. There are a number of limitations and restrictions contained in the various general obligation bond indentures. Administration has indicated that the District is in compliance with all significant limitations and restrictions at June 30, 2019.

The \$25,000,000 Unlimited Tax School Building Bonds, Series 2008, dated July 1, 2008, were issued in accordance with the Constitution and laws of the State of Texas, including Chapter 45 of the Texas Education Code, as amended. The bonds were issued for the purpose of construction, renovation, and equipment of school buildings and purchase of necessary sites for school buildings; purchase of technology equipment and new school buses; and paying the costs of issuing the bonds. The bonds are payable from ad valorem taxes on each one hundred dollars valuation of taxable property within the District, at a rate sufficient without limit as to rate or amount to pay Debt Service when due and payable allowing for delinquencies and costs of collection, pursuant to the authority granted by the Constitution and laws of the State of Texas. The payment of the bonds is guaranteed, pursuant to Article 7, Section 5, of the Texas Constitution, and Section 45.051, et seq., of the Texas Education Code by the corpus of the Permanent School Fund with certain limitations. The closing date of the bonds was July 24, 2008, with the following as the purchase price of the bond obligation:

Par amount of bonds	\$	25,000,000
Premium		128,697
Accrued interest		72,995
Good faith check		(500,000)
Total Purchase Price of Bond Obligation	\$	<u><u>24,701,692</u></u>

The bonds are callable (at par) on August 1, 2018. The final payment was made on August 1, 2018. The interest rate ranges from 3.62% to 5.0% with an average yield of 4.686%. The bonds are guaranteed pursuant to the bond guarantee program administered by the Texas Education Agency. Ad valorem taxes have been pledged for payment of these bonds. The current year interest paid for the Series 2008 Unlimited Tax School Building Bonds was \$33,250. Current requirements for principal and interest were accounted for in the Debt Service Fund. The building project was completed in August of 2010.

J. Bonds and Long-Term Debt Payable (continued)

There was \$8,390,000 of bond principal that was paid with the Series 2015 Unlimited Tax Refunding Bonds, dated May 11, 2015. For financial reporting purposes, the portion of the Series 2008 Unlimited Tax School Building Bonds that were refunded were considered defeased, therefore, they were removed as a liability from the District's Government-wide Financial Statements. The Series 2015 Unlimited Tax Refunding Bonds (\$8,355,000), dated May 11, 2015, were issued in accordance with the Constitution and general laws of the State of Texas, particularly Chapter 1207, Texas Government Code, as amended. The bonds are payable, as to principal and interest in the Debt Service Fund, from the proceeds of a continuing direct annual ad valorem tax levied, without legal limit as to rate or amount, against all taxable property located within the District. The District has received conditional approval from the Texas Education Agency for the Bonds to be guaranteed under the State of Texas Permanent School Fund Guarantee Program, which guarantee will automatically become effective when the Attorney General of Texas approves the bonds. Interest on the bonds will accrue from May 11, 2015, and will be payable on February 1st and August 1st of each year commencing August 1, 2015, until stated maturity or prior redemption. Principal on the bonds are due as follows: August 1, 2015-\$105,000, August 1, 2023-\$800,000, August 1, 2025-\$1,765,000, August 1, 2026-\$1,830,000, August 1, 2027-\$1,890,000, and August 1, 2028-\$1,965,000. The interest rate ranges from 2.0% to 4.0%. The maturity date of the bonds is August 1, 2028. The current year interest paid is \$312,000. The refunding bond proceeds were used to pay off in 2015 the Series 2008 Unlimited Tax Schools Building Bonds principal and interest of \$8,390,000 and \$-0-, respectively. The difference between the cash flow requirements to service the 2015 Unlimited Tax Refunding Bonds over its life and the cash flow requirements to service the Series 2008 Unlimited Tax School Building Bonds was \$1,108,434. The economic gain that resulted because of the refunding bonds was \$943,814. There was no book gain or loss. The Bonds were issued at a premium of \$1,253,114. For financial reporting purposes, the portion of the Series 2008 Unlimited Tax School Building Bonds were considered defeased and, therefore, removed as a liability from the District's Government-wide Financial Statements. The defeased debt was called for redemption on May 11, 2015. The administration has indicated the District is in compliance with all reporting requirements. There was no accretion of interest.

There was \$8,400,000 of bond principal that was paid with the Series 2016 Unlimited Tax Refunding Bonds, dated March 1, 2016. For financial reporting purposes, the portion of the Series 2008 Unlimited Tax School Building Bonds that were refunded were considered defeased, therefore, they were removed as a liability from the District's Government-wide Financial Statements. The Series 2016 Unlimited Tax Refunding Bonds (\$8,400,000), dated March 1, 2016,

J. Bonds and Long-Term Debt Payable (continued)

The District is subject to arbitrage provisions under the Internal Revenue Code (IRC), which requires that excess earnings on invested proceeds from tax-exempt bond sales, over interest expense paid to bond holders be remitted to the Internal Revenue Service. The District did not have an arbitrage liability due and payable at June 30, 2019.

The District provides retirement, disability, and death benefits for all its full-time employees through a defined benefit plan. The unfunded status of the plan as of June 30, 2019, was \$13,661,350. At the time of the audit, the latest information available from the actuaries was as of August 31, 2018. The unfunded liability is reported as a long-term liability in the Statement of Net Position (Exhibit A-1).

The District participates in the Texas Public School Retired Employees Group Insurance Program (TRS-Care). This program is a cost-sharing defined Other Post-Employment Benefit (OPEB) plan. The unfunded status of the plan as of June 30, 2019, was \$17,025,193. At the time of the audit, the latest information available was as of August 31, 2018. The unfunded liability is reported as a long-term liability in the Statement of Net Position (Exhibit A-1).

K. Commitments Under Operating Leases

Commitments under operating (noncapitalized) lease agreements for facilities and equipment provide for minimum future rental payments as of June 30, 2019, as follows:

<u>Year Ending June 30,</u>	
2020	\$ 70,769
2021	70,769
2022	35,385
2023	-
2024	-
Totals	<u><u>\$ 176,923</u></u>

Rental expenditures in fiscal year 2019 were \$94,611.

The imputed interest on the leases ranges from 6.0% to 10.0%.

M. Defined Benefit Pension Plan

Plan Description

Dumas Independent School District participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002, are covered by the system.

Pension Plan Fiduciary Net Position

Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately-issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at <http://www.trs.state.tx.us/about/documents/cafr.pd#CAFR>; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

Benefits Provided

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description in (A) above.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

M. Defined Benefit Pension Plan (continued)

Contributions

Contribution requirements are established or amended pursuant to Article 16, Section 67 of the Texas Constitution which requires the Texas Legislature to establish a member contribution rate of not less than 6.0% of the member's annual compensation and a state contribution rate of not less than 6.0% and not more than 10.0% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code Section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

Employee contribution rates are set in state statute, Texas Government Code 825.402. Senate Bill 1458 of the 83rd Texas Legislature amended Texas Government Code 825.402 for member contributions and established employee contribution rates for fiscal years 2014 through 2017. The 85th Texas Legislature, General Appropriations Act (GAA) affirmed that the employer contribution rates for fiscal years 2018 and 2019 would remain the same.

	<u>2018</u>	<u>2019</u>
Member	7.7%	7.7%
Non-Employer Contributing Entity (State)	6.8%	6.8%
Employers	6.8%	6.8%
District's 2019 FY Employer Contributions	\$	817,486
District's 2019 FY Member Contributions	\$	2,095,603
District's 2018 Measurement Year NECE On-Behalf Contributions	\$	1,345,398

Contributors to the plan include members, employers, and the State of Texas as the only non-employer contributing entity. The State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

DUMAS INDEPENDENT SCHOOL DISTRICT

Notes to the Financial Statements

June 30, 2019

M. Defined Benefit Pension Plan (continued)

As the non-employer contributing entity for public education, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers, including public schools, are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by a federal funding source or a privately sponsored source.

In addition to the employer contributions listed above, there are two additional surcharges an employer is subject to.

- When employing a retiree of the Teacher Retirement System the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.
- When a school district does not contribute to the Federal Old-Age, Survivors and Disability Insurance (OASDI) Program for certain employees, they must contribute 1.5% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees.

Actuarial Assumptions

The total pension liability in the August 31, 2017, actuarial valuation rolled forward to August 31, 2018, was determined using the following actuarial assumptions:

Valuation Date	August 31, 2017, rolled forward to August 31, 2018
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Market Value
Single Discount Rate	6.907%
Long-term Expected Rate	7.25%
Municipal Bond Rate as of August 2018	3.69%
	Source for the rate is the Fixed Income Market Data/Yield Curve/Data Municipal Bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index."
Last year ending August 31 in Projection Period (100 years)	2116
Inflation	2.30%
Salary Increases	3.05% to 9.05% including inflation
Ad Hoc Post-Employment Benefit Changes	None

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

M. Defined Benefit Pension Plan (continued)

The actuarial methods and assumptions are based primarily on a study of actual experience for the three year period ending August 31, 2017, and adopted in July 2018.

Discount Rate

The single discount rate used to measure the total pension liability was 6.907%. The single discount rate was based on the expected rate of return on pension plan investments of 7.25% and a municipal bond rate of 3.69%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was sufficient to finance the benefit payments until the year 2069. As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the year 2069, and the municipal bond rate was applied to all benefit payments after that date. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2018, are summarized as follows:

Asset Class	Target Allocation*	Long-Term Expected Arithmetic Real Rate of Return	Expected Contributions to Long-Term Portfolio Returns
Global Equity			
U.S.	18.00%	5.70%	1.04%
Non-U.S. Developed	13.00%	6.90%	0.90%
Emerging Markets	9.00%	8.95%	0.80%
Directional Hedge Funds	4.00%	3.53%	0.14%
Private Equity	13.00%	10.18%	1.32%
Stable Value			
U.S. Treasuries	11.00%	1.11%	0.12%
Absolute Return	0.00%	0.00%	0.00%
Stable Value Hedge Funds	4.00%	3.09%	0.12%
Cash	1.00%	-0.30%	0.00%
Real Return			
Global Inflation Linked Bonds	3.00%	0.70%	0.02%
Real Assets	14.00%	5.21%	0.73%
Energy and Natural Resources	5.00%	7.48%	0.37%
Commodities	0.00%	0.00%	0.00%
Risk Parity			
Risk Parity	5.00%	3.70%	0.18%
Inflation Expectation			2.30%
Volatility Drag**			-0.79%
Total	100%		7.25%

*Target allocations are based on the FY2016 policy model.

**The Expected Contribution to Long-Term Portfolio Returns incorporates the volatility drag resulting from the conversion between Arithmetic and Geometric mean returns.

M. Defined Benefit Pension Plan (continued)

Discount Rate Sensitivity Analysis

The following schedule shows the impact of the Net Pension Liability if the discount rate used was 1.0% less than and 1.0% greater than the discount rate that was used (6.907%) in measuring the 2018 Net Pension Liability.

	1.0% Decrease in Discount Rate (5.907%)	Discount Rate (6.907%)	1.0% Increase in Discount Rate (7.907%)
Dumas Independent School District's proportionate share of the Net Pension Liability:	\$ 20,618,254	\$ 13,661,350	\$ 8,029,325

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, Dumas Independent School District reported a liability of \$13,661,350 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to Dumas Independent School District. The amount recognized by Dumas Independent School District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with Dumas Independent School District were as follows:

Dumas ISD's proportionate share of the collective net pension liability	\$	13,661,350
State's proportionate share that is associated with the District		21,996,341
Total	\$	35,657,691

The net pension liability was measured as of August 31, 2017, and rolled forward to August 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of August 31, 2017, rolled forward to August 31, 2018. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period of September 1, 2017, through August 31, 2018.

At August 31, 2018, the employer's proportion of the collective net pension liability was 0.024819673%, which was a decrease of 0.000137607% from its proportion measured as of August 31, 2017.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

M. Defined Benefit Pension Plan (continued)

Changes Since the Prior Actuarial Valuation

The following were changes to the actuarial assumptions or other inputs that affected measurement of the total pension liability since the prior measurement period.

- The Total Pension Liability as of August 31, 2018, was developed using a roll-forward method from the August 31, 2017, valuation.
- Demographic assumptions including post-retirement mortality, termination rates, and rates of retirement were updated based on the experience study performed for TRS for the period ending August 31, 2017.
- Economic assumptions including rates of salary increase for individual participants was updated based on the same experience study.
- The discount rate changed from 8.0% as of August 31, 2017, to 6.907% as of August 31, 2018.
- The long-term assumed rate of return changed from 8.0% to 7.25%.
- The change in the long-term assumed rate of return combined with the change in the single discount rate was the primary reason for the increase in the Net Pension Liability.

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

For the year ended June 30, 2019, Dumas Independent School District recognized pension expense of \$3,823,124 and revenue of \$2,177,052 for support provided by the State in the Government-wide Statement of Activities.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

M. Defined Benefit Pension Plan (continued)

At June 30, 2019, Dumas Independent School District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources: (The amounts shown below will be the cumulative layers from the current and prior years combined.)

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual actuarial experience	\$ 85,154	\$ 335,196
Changes in actuarial assumptions	4,925,575	153,924
Difference between projected and actual investment earnings	-	259,214
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	1,015,770	589,106
Contributions paid to TRS subsequent to the measurement date	<u>683,496</u>	<u>-</u>
Total	<u>\$ 6,709,995</u>	<u>\$1,337,440</u>

The net amounts of the employer's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year ended June 30:</u>	<u>Pension Expense Amount</u>
2020	\$ 1,302,759
2021	757,266
2022	603,029
2023	723,392
2024	767,471

N. Defined Other Post-Employment Benefit Plans

Plan Description

The Dumas Independent School District participates in the Texas Public School Retired Employees Group Insurance Program (TRS-Care). It is a multiple-employer, cost-sharing defined Other Post-Employment Benefit (OPEB) plan that has a special funding situation. The plan is administered through a trust by the Teacher Retirement System of Texas (TRS) Board of Trustees. It is established and administered in accordance with the Texas Insurance Code, Chapter 1575.

OPEB Plan Fiduciary Net Position

Detail information about the TRS-Care's fiduciary net position is available in the separately-issued TRS Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at <http://www.trs.texas.gov>; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

Components of the net OPEB liability of the TRS-Care plan as of August 31, 2018, are as follows:

<u>Net OPEB Liability</u>	<u>Total</u>
Total OPEB Liability	\$50,729,490,103
Less: plan fiduciary net position	<u>798,574,633</u>
Net OPEB liability	<u>\$49,930,915,470</u>
Net position as a percentage of total OPEB liability	1.57%

Benefits Provided

TRS-Care provides a basic health insurance coverage (TRS-Care 1), at no cost to all retirees from public schools, charter schools, regional education service centers and other educational districts who are members of the TRS pension system. Optional dependent coverage is available for an additional fee.

Eligible non-Medicare retirees and their dependents may pay premiums to participate in the high-deductible health plans. Eligible Medicare retirees and their dependents may pay premiums to participate in the Medicare Advantage health plans. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system. The Board of Trustees is granted the authority to establish basic and optional group insurance coverage for participants as well as to amend benefit terms as needed under Chapter 1575.052. There are no automatic post-employment benefit changes; including automatic COLAs.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

N. Defined Other Post-Employment Benefit Plans (continued)

The 85th Legislature, Regular Session, passed the following statutory changes in House Bill 3976 which became effective on September 1, 2017. These are described below under the section “Changes in Benefit Terms”.

The premium rates for the optional health insurance are based on years of service of the member. The schedule below shows the monthly rates for a retiree with and without Medicare coverage. These new premium rates for retirees with Medicare Part A and Part B became effective January 1, 2018. (See the TRS CAFR page 70 for plan rates effective from September 1, 2016 - December 31, 2017.)

TRS-Care Monthly Premium Rates			
Effective January 1, 2018 - December 31, 2018			
	Medicare		Non-Medicare
Retiree or Surviving Spouse	\$ 135		\$ 200
Retiree and Spouse	529		689
Retiree or Surviving Spouse and Children	468		408
Retiree and Family	1,020		999

Contributions

Contribution rates for the TRS-Care plan are established in state statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. The TRS-Care plan is currently funded on a pay-as-you-go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions and contributions from the state, active employees, and school districts based upon public school district payroll. The TRS Board of Trustees does not have the authority to set or amend contribution rates.

Texas Insurance Code, Section 1575.202 establishes the state’s contribution rate which is 1.25% of the employee’s salary. Section 1575.203 establishes the active employee’s rate which is 0.65% of pay. Section 1575.204 establishes an employer contribution rate of not less than 0.25% or not more than 0.75% of the salary of each active employee of the public. The actual employer contribution rate is prescribed by the Legislature in the General Appropriations Act which is 0.75% of each active employee’s pay for fiscal year 2018. The following table shows contributions to the TRS-Care plan by type of contributor.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

N. Defined Other Post-Employment Benefit Plans (continued)

	2018	2019
	<u>Contribution Rates</u>	
Active Employee	0.65%	0.65%
Non-Employer Contributing Entity (State)	1.25%	1.25%
Employers	0.75%	0.75%
Federal/private Funding Remitted by Employers	1.25%	1.25%
District's 2019 FY Employer Contributions	\$	231,134
District's 2019 FY Member Contributions	\$	176,867
Measurement Year NECE On-Behalf Contributions	\$	317,353

In addition to the employer contributions listed above, there is an additional surcharge all TRS employers are subject to (regardless of whether or not they participate in the TRS Care OPEB program). When employers hire a TRS retiree, they are required to pay to TRS-Care, a monthly surcharge of \$535 per retiree.

With Senate Bill 1, 85th Legislature, Regular Session, TRS-Care received supplemental appropriations from the State of Texas as the Non-Employer Contributing Entity in the amount of \$182.6 million in fiscal year 2018. House Bill 30 of the 85th Legislature provided an additional \$212 million in a one-time supplemental funding for the fiscal year 2018-2019 biennium. One-time supplemental contributions during fiscal 2018 totaled \$394.6 million.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

N. Defined Other Post-Employment Benefit Plans (continued)

Actuarial Assumptions

The total OPEB liability in the August 31, 2017, actuarial valuation was rolled forward to August 31, 2018. The actuarial valuation was determined using the following actuarial assumptions:

Valuation Date	August 31, 2017, rolled forward to August 31, 2018
Actuarial Cost Method	Individual Entry Age Normal
Inflation	2.30%
Single Discount Rate	3.69%
	Sourced from fixed Income municipal bonds with 20 years to maturity that include only federal tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index" as of August 31, 2018.
Aging Factors	Based on Plan Specific Experience
Election Rates	Normal Retirement: 70% participation prior to age 65 and 75% after age 65.
Expenses	Third-party administrative expenses related to the delivery of health care benefits are included in the age-adjusted claims costs.
Projected Salary Increases	3.05% - 9.05%
Ad-hoc Post-Employment Benefit Changes	None

The following assumptions and other inputs used for members of TRS-Care are identical to the assumptions used in the August 31, 2017, TRS pension actuarial valuation that was rolled forward to August 31, 2018:

Rates of Mortality	General Inflation
Rates of Retirement	Wage Inflation
Rates of Termination	Expected Payroll Growth
Rates of Disability Incidence	

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

N. Defined Other Post-Employment Benefit Plans (continued)

In this valuation, the impact of the Cadillac Tax has been calculated as a portion of the trend assumption. Assumptions and methods used to determine the impact of the Cadillac Tax include:

- 2018 thresholds of \$850/\$2,292 were indexed annually by 2.50%.
- Premium data submitted was not adjusted for permissible exclusions to the Cadillac Tax.
- There were no special adjustments to the dollar limit other than those permissible for non-Medicare retirees over 55.

Results indicate that the value of the excise tax would be reasonably represented by a 25 basis point addition to the long-term trend rate assumption.

Discount Rate

A single discount rate of 3.69% was used to measure the total OPEB liability. There was an increase of 0.27% in the discount rate since the previous year. The Discount Rate can be found in the 2018 TRS CAFR on page 71. Because the plan is essentially a “pay-as-you-go” plan, the single discount rate is equal to the prevailing municipal bond rate. The projection of cash flows used to determine the discount rate assumed that contributions from active members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the OPEB plan’s fiduciary net position was projected to not be able to make all future benefit payments of current plan members. Therefore, the municipal bond rate was applied to all periods of projected benefit payments to determine the total OPEB liability.

**Sensitivity of the Net OPEB Liability:
Discount Rate Sensitivity Analysis**

The following schedule shows the impact of the net OPEB liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (3.69%) in measuring the net OPEB liability.

	1% Decrease in Discount Rate (2.69%)	Current Single Discount Rate (3.69%)	1% Increase in Discount Rate (4.69%)
Dumas Independent School District's proportionate share of the net OPEB liability	\$ 20,265,829	\$ 17,025,193	\$ 14,461,641

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

N. Defined Other Post-Employment Benefit Plans (continued)

Healthcare Cost Trend Rates Sensitivity Analysis

The following presents the net OPEB liability of the plan using the assumed healthcare cost trend rate, as well as what the net OPEB liability would be if it were calculated using a trend rate that is one-percentage point lower or one-percentage point higher than the assumed healthcare cost trend rate.

	1% Decrease	Current Healthcare Cost Trend Rate	1% Increase
Dumas Independent School District's proportionate share of the net OPEB liability	\$ 14,139,700	\$ 17,025,193	\$ 20,825,449

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At June 30, 2019, Dumas Independent School District reported a liability of \$17,025,193 for its proportionate share of the TRS's net OPEB liability. This liability reflects a reduction for State OPEB support provided to the District. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with Dumas Independent School District were as follows:

District's proportionate share of the collective net OPEB liability	\$ 17,025,193
State's proportionate share that is associated with the District	23,002,375
Total	\$ 40,027,568

The net OPEB liability was measured as of August 31, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The employer's proportion of the net OPEB liability was based on the employer's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2017 through August 31, 2018.

At August 31, 2018, the employer's proportion of the collective net OPEB liability was 0.034097498% compared to the 0.032693332% as of August 31, 2017. This is an increase of 0.001404166%.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

N. Defined Other Post-Employment Benefit Plans (continued)

Changes in Actuarial Assumptions Since the Prior Actuarial Valuation

The following were changes to the actuarial assumptions or other inputs that affected measurement of the total OPEB liability since the prior measurement period:

- Adjustments were made for retirees that were known to have discontinued their health care coverage in fiscal year 2018. This change increased the total OPEB liability.
- The health care trend rate assumption was updated to reflect the anticipated return of the Health Insurer Fee (HIF) in 2020. This change increased the total OPEB liability.
- Demographic and economic assumptions were updated based on the experience study performed for TRS for the period ending August 31, 2017. This change increased the total OPEB liability.
- The discount rate changed from 3.42% as of August 31, 2017, to 3.69% as of August 31, 2018. This change lowered the total OPEB liability \$2.3 billion.

Changes in Benefit Terms

The 85th Legislature, Regular Session passed the following statutory changes which became effective on September 1, 2017:

- Created a high-deductible health plan that provides a zero cost for generic prescriptions for certain preventive drugs and provides a zero premium for disability retirees who retired as a disability retiree on or before January 1, 2017, and are not eligible to enroll in Medicare.
- Created a single Medicare Advantage plan and Medicare prescription drug plan for all Medicare-eligible participants.
- Allowed the System to provide other, appropriate health benefit plans to address the needs of enrollees eligible for Medicare.
- Allowed eligible retirees and their eligible dependents to enroll in TRS-Care when the retiree reaches 65 years of age, rather than waiting for the next enrollment period.
- Eliminated free coverage under TRS-Care, except for certain disability retirees enrolled during Plan Years 2018 through 2021, requiring members to contribute \$200 per month toward their health insurance premiums.

For the year ended June 30, 2019, Dumas Independent School District recognized OPEB expense of \$1,320,846 and revenue of \$836,688 for support provided by the State.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

N. Defined Other Post-Employment Benefit Plans (continued)

At June 30, 2019, Dumas Independent School District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to other post-employment benefits from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actuarial experience	\$ 903,464	\$ 268,683
Changes in actuarial assumptions	284,104	5,115,094
Net Difference between projected and actual investment earnings	2,977	-
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	769,647	-
Contributions paid to TRS subsequent to the measurement date (to be calculated by employer)	192,661	-
Total	<u>\$ 2,152,853</u>	<u>\$5,383,777</u>

The net amounts of the employer's balances of deferred outflows and inflows (not including the deferred contribution paid subsequent to the measurement date) of resources related to OPEBs will be recognized in OPEB expense as follows:

<u>Year ended June 30:</u>	<u>OPEB Expense Amount</u>
2020	\$ (574,327)
2021	(574,327)
2022	(574,327)
2023	(574,890)
2024	(575,212)
Thereafter	(550,502)

DUMAS INDEPENDENT SCHOOL DISTRICT

Notes to the Financial Statements

June 30, 2019

O. On-Behalf Payments – Teacher Retirement/ TRS-Care

The revenues from “On-Behalf” payments of matching teacher retirement for active members of the District is in accordance with GASB. The District contributes matching funds for personnel funded from federal sources and, if applicable, statutory minimum funds for qualifying personnel. The State provides the matching funds on behalf of the members. The District’s on-behalf payments for the fiscal years ended June 30, 2019, 2018, and 2017 were \$1,769,440, \$1,807,109, and \$1,713,106, respectively. On-Behalf payments are reported as state revenue in the financial statements.

P. Medicare Part D and TRS-Care - On-Behalf Payments

Federal Government Retiree Drug Subsidy – Medicare Part D allows for the TRS-Care to receive retiree drug subsidy payments from the federal government to offset certain drug expenditures for eligible TRS-Care participants. On-behalf payments must be recognized as equal revenues and expenditures/expenses by each reporting entity. Payments made on-behalf of the District for the years ended June 30, 2019, 2018, and 2017 were \$87,995, \$108,777, and \$124,178, respectively. The revenues from “On-Behalf” payments for other post-employment benefits (TRS-Care) for the year ended June 30, 2019 and 2018, were \$17,327 and \$51,982, respectively.

Q. Health Care Coverage

During the year ended June 30, 2019, the employees of the District were covered by a health insurance plan (the Plan) with TRS Active Care. The District contributed premiums of \$384 per month per employee to the Plan and employees, at their option, authorized payroll withholdings to pay premiums for dependents. All contracts were paid to a third party administrator acting on behalf of the self-funded pool. The Plan was authorized by Section 21.922, Texas Education Code. The contract between Dumas Independent School District and the third party administrator is automatically renewed each year and terms of coverage and contribution costs are included in the contractual provisions. The District is only a participant in the self-funded pool and does not share in the risks and liabilities of the pool.

Because the District is only a participant, stop-loss coverage and unpaid claims do not apply to the District. Latest financial statements for the health insurance plan are available for the year ended June 30, 2019, and have been filed with the Texas State Board of Insurance, Austin, Texas, and are public records.

R. Changes in Long-Term Liabilities

Long-term activity for the year ended June 30, 2019, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental Activities:					
Bonds, Long-Term Loans, and Notes Payable:					
General obligation bonds	\$ 17,865,000	\$ -	\$ 1,375,000	\$ 16,490,000	\$ 1,430,000
Long-term loans and notes	-	-	-	-	-
Less deferred amount on refunding	-	-	-	-	-
Total Bonds, Long-Term Loans, and Notes Payable	<u>17,865,000</u>	<u>-</u>	<u>1,375,000</u>	<u>16,490,000</u>	<u>1,430,000</u>
Other Liabilities:					
Capital leases	-	-	-	-	-
Unfunded defined benefit retirement obligation	7,979,994	6,517,468	836,112	13,661,350	-
Other Post-Employment Benefit Obligation	14,217,104	3,043,313	235,224	17,025,193	-
Total Other Liabilities	<u>22,197,098</u>	<u>9,560,781</u>	<u>1,071,336</u>	<u>30,686,543</u>	<u>-</u>
Total Governmental Activities Long-Term Liabilities	<u>\$ 40,062,098</u>	<u>\$ 9,560,781</u>	<u>\$ 2,446,336</u>	<u>47,176,543</u>	<u>\$ 1,430,000</u>
Due within one year				(1,430,000)	
Unamortized premium on bonds				<u>1,472,092</u>	
Total Long-Term Liabilities Due in More Than One Year including Net Pension Liability (District's Share) and Net OPEB Liability (District's Share)				<u>\$ 47,218,635</u>	

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

S. Unearned Revenue

Unearned revenue for the year ended June 30, 2019, consisted of the following:

	General Fund	Other Nonmajor Funds	Total
Federal Revenue	\$ -	\$ 16,178	\$ 16,178
State Revenue	-	-	-
Total Unearned Revenue	\$ -	\$ 16,178	\$ 16,178

T. Fund Balances – Governmental Funds

As of June 30, 2019, fund balances of the governmental funds are classified as follows:

Non-spendable - amounts that cannot be spent either because they are in non-spendable form or because they are legally or contractually required to be maintained intact.

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions, charter requirements or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed - amounts that can be used only for specific purposes determined by a formal action of the District's Board of Trustees. The District's Board of Trustees is the highest level of decision making authority for the District. Commitments may be established, modified, or rescinded only through resolutions approved by the District's Board of Trustees.

Assigned - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the District's adopted policy, only the Superintendent may assign amounts for specific purposes.

Unassigned - all other spendable amounts.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

T. Fund Balances – Governmental Funds (continued)

As of June 30, 2019, fund balances are composed of the following:

	General Fund	Nonmajor Governmental Funds	Total Governmental Funds
Non-spendable:			
Inventories	\$ 68,155	\$ 29,795	\$ 97,950
Restricted:			
Federal or state funds grant restriction	-	275,485	275,485
Other Restricted	-	952	952
Retirement of long-term debt	-	1,737,016	1,737,016
Total Restricted	-	2,013,453	2,013,453
Committed:			
Construction	4,000,000	-	4,000,000
Capital expenditures for equipment	2,300,000	-	2,300,000
Total Committed	6,300,000	-	6,300,000
Assigned:			
Capital expenditures for equipment	4,500,000	-	4,500,000
Unassigned funds	9,725,961	-	9,725,961
Total Fund Balances	\$ 20,594,116	\$ 2,043,248	\$ 22,637,364

The total committed funds in the General Fund is \$6,300,000. The total restricted funds in the Nonmajor Governmental Funds is \$2,013,453.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the District's Board of Trustees has provided otherwise in its commitment or assignment actions.

Food sales	-	290,796	290,796
Cocurricular student activities	91,668	-	91,668
Other	319,476	40,760	360,236
	\$ 20,137,191	\$ 2,354,877	\$ 22,492,068
Totals			

V. Insurance Recoveries

Dumas Independent School District had the following insurance recoveries at June 30, 2019:

1. Custard Insurance Adjusters/Berkley Insurance

On April 27, 2018, there was an incident due to faulty wiring which shorted-out multiple electrons. On August 23, 2018, \$12,473 was received. The equipment was purchased at various times for a total cost of \$15,822 and had a book value of \$12,473 at the time of the loss. The economic loss was \$-0-. There was a full insurance recovery and there was no impairment of this asset as of June 30, 2019. The insurance proceeds were reported as other local revenue.

2. Progressive Insurance

On April 5, 2019, a 2017 Ford Transit was involved in a collision with another vehicle. On June 19, 2019, \$5,984 was received. The cost of the vehicle was \$37,723. The vehicle was purchased in 2018. The book value at the time of the collision was \$33,951, and the economic loss was \$-0-. The vehicle was repaired and there was no impairment of this asset as of June 30, 2019. The insurance proceeds are reported as other local revenue.

V. Insurance Recoveries (continued)

3. Property Casualty Alliance of Texas Claims Account

Various buildings of the District were damaged by hail on March 23, 2017. On August 31, 2018, \$50,314 was received. The cost of the buildings was \$74,292,615. The book value at the time of the loss was \$40,403,772. The economic loss was \$-0-. The necessary repairs were made in the year the damage was incurred, and there was no impairment of these assets as of June 30, 2019. The insurance proceeds are reported as other local revenue.

W. Joint Venture - Shared Services Arrangements

The District participates in a shared services arrangement for the Amarillo Regional Day School Program for the Deaf with 61 other school districts. Although 5.26% of the activity of the shared services arrangement is attributable to the District's participation, the District does not account for revenues or expenditures in this program and does not disclose them in these financial statements. The District neither has a joint interest in fixed assets purchased by the fiscal agent, Amarillo Independent School District, nor does the District have a net equity interest in the fiscal agent. The fiscal agent is neither accumulating significant financial resources nor fiscal exigencies that would give rise to a future additional benefit or burden to Dumas Independent School District. The fiscal agent manager is responsible for all financial activities of the shared services arrangement. Presented below are the expenditures attributable to the District's participation in the General Fund.

93-6492	Payments to Fiscal Agent of Shared Services Arrangement	<u>\$ 69,452</u>

June 30, 2019

X. General Fund Federal Source Revenues

Program or Source	CFDA Number	Amount
Indirect Cost:		
ESEA, Title I, Part A - Improving Basic Programs	84.010A	\$ 20,404
ESEA, Title II, Part A - Teacher and Principal Training and Recruiting	84.367A	2,709
Career and Technical - Basic Grant	84.048A	528
Title III, Part A - English Language Acquisition and Language Enhancement	84.365A	3,308
Title IV, Part A, Subpart I	84.424A	880
IDEA - Part B, Formula	84.027A	20,760
IDEA - Part B, Preschool	84.173A	828
Total Indirect Cost for General Fund		<u>49,417</u>
School Health and Related Services (SHARS)-not included in the Schedule of Expenditures of Federal Awards		<u>1,164,900</u>
Total General Fund Federal Source Revenues		<u><u>\$ 1,214,317</u></u>

The School Health and Related Service Expenditures are not included in Schedule of Expenditures of Federal Awards.

Y. Workers' Compensation

The District participates in the Public Workers' Compensation Program (the Program) self-insurance fund for workers' compensation insurance. The District, as a member of the Program, pays a contribution for the fund year to cover the servicing costs of program administration, claims handling, loss control, and stop-loss coverage, as well as all claims expenses. The District's required contribution for the year ended June 30, 2019, was \$222,635 and was recorded as an insurance expenditure.

The Public Workers' Compensation Program purchases aggregate excess and specific excess reinsurance for protection against losses in excess of applicable retentions. The Program carries the following excess coverage: (a) aggregate excess reinsurance - when total net losses exceed the established attachment point of \$3,376,208 the maximum coverage of \$2,000,000 takes effect; (b) specific excess reinsurance - when losses from an individual occurrence exceed the attachment point of \$450,000, the Program has purchased specific excess reinsurance coverage to pay further losses. Both aggregate excess and specific excess reinsurance is provided by Safety National Casualty Corporation. All risks and liabilities are not shared by Dumas Independent School District; they are the liability of the Public Workers' Compensation Program.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

Z. Property/Casualty Insurance

During the year ended June 30, 2019, the District participated in the Property Casualty Alliance of Texas (the Fund) Property and Liability Program.

The Fund was created and is operated under the provisions of the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code. All members participating in the Fund execute Interlocal Agreements that define the responsibilities of the parties.

Based on the information we have available as of today, for the year ended June 30, 2019, the District will have no additional liability beyond the contractual obligations for payment of contributions.

AA. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the year ended June 30, 2019, the District purchased insurance to cover general liabilities. There were no significant reductions in coverage in the past year, and there were no settlements exceeding insurance coverage for each of the past three fiscal years.

BB. Debt Issuances and Defeasance of Debt

The District had no debt issuances for the year ended June 30, 2019.

There was no defeasance of debt for the year ended June 30, 2019.

CC. Contingencies

The District participates in numerous state and federal grant programs that are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, if any, refunds of any money received may be required and the collectability of any related receivable at June 30, 2019, may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

DD. Litigation

The District was a defendant in two lawsuits at June 30, 2019. The District's administration believes there is no material liability to the District due to these lawsuits.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Financial Statements
June 30, 2019

EE. Subsequent Events

The District has evaluated events and transactions for potential recognition or disclosure through the date the financial statements were available to be issued (October 10, 2019), and had the following subsequent event that was required to be disclosed:

The Board of Trustees have elected to call a bond election on November 5, 2019, for the purpose to approve a \$107 million building project. The proposed bond package includes three new replacement Elementary schools; replace HVAC units, LED lighting, and district-wide energy management program; expand construction and building trades classrooms, shops, and equipment; enlarge band hall, practice rooms, restrooms, and storage space for uniforms and band equipment; secure entryways at Dumas High School and Dumas Junior High; and renovate kitchens and serving areas at Dumas High School and Dumas Junior High. The expected completion date is August 2023.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Required Supplementary Information
For the Year Ended June 30, 2019

A. Notes to Schedules for the TRS Pension

Changes of benefit terms;

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

Changes of assumptions.

The Total Pension Liability as of August 31, 2018, was developed using a roll-forward method from the August 31, 2017, valuation.

Demographic assumptions including post-retirement mortality, termination rates, and rates of retirement were updated based on the experience study performed for TRS for the period ending August 31, 2017.

Economic assumptions including rates of salary increase for individual participants was updated based on the same experience study.

The discount rate changed from 8.0% as of August 31, 2017, to 6.907% as of August 31, 2018.

The long-term assumed rate of return changed from 8.0% to 7.25%.

The change in the long-term assumed rate of return combined with the change in the single discount rate was the primary reason for the increase in the Net Pension Liability.

B. Notes to Schedules for the TRS OPEB Plan

Changes in benefit terms;

The 85th Legislature, Regular Session passed the following statutory changes which became effective on September 1, 2017:

Created a high-deductible health plan that provides a zero cost for generic prescriptions for certain preventive drugs and provides a zero premium for disability retirees who retired as a disability retiree on or before January 1, 2017, and are not eligible to enroll in Medicare.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes to the Required Supplementary Information
For the Year Ended June 30, 2019

Created a single Medicare Advantage plan and Medicare prescription drug plan for all Medicare-eligible participants.

Allowed the System to provide other, appropriate health benefit plans to address the needs of enrollees eligible for Medicare.

Allowed eligible retirees and their eligible dependents to enroll in TRS-Care when the retiree reaches 65 years of age, rather than waiting for the next enrollment period.

Eliminated free coverage under TRS-Care, except for certain disability retirees enrolled during Plan Years 2018 through 2021, requiring members to contribute \$200 per month toward their health insurance premiums.

Changes in assumptions.

Adjustments were made for retirees that were known to have discontinued their health care coverage in fiscal year 2018. This change increased the Total OPEB Liability.

The health care trend rate assumption was updated to reflect the anticipated return of the Health Insurer Fee (HIF) in 2020. This change increased the Total OPEB Liability.

Demographic and economic assumptions were updated based on the experience study performed for TRS for the period ending August 31, 2017. This change increased the Total OPEB Liability.

The discount rate changed from 3.42% as of August 31, 2017, to 3.69% as of August 31, 2018. This change lowered the Total OPEB Liability \$2.3 billion.

INDEPENDENT AUDITOR'S REPORT

On Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Trustees
Dumas Independent School District
P.O. Box 615
Dumas, Texas

Members of the Board:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Dumas Independent School District as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise Dumas Independent School District's basic financial statements, and have issued our report thereon dated October 10, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Dumas Independent School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Dumas Independent School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Dumas Independent School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow administration or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Dumas Independent School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT

On Compliance for Each Major Federal Program; on Internal Control Over Compliance; and on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

To the Board of Trustees
Dumas Independent School District
P.O. Box 615
Dumas, Texas

Members of the Board:

Report on Compliance for Each Major Federal Program

We have audited Dumas Independent School District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Dumas Independent School District's major federal programs for the year ended June 30, 2019. Dumas Independent School District's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Administration's Responsibility

Administration is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Dumas Independent School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Dumas Independent School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Dumas Independent School District's compliance.

Opinion on Each Major Federal Program

In our opinion, Dumas Independent School District complied, in all material respects, with the types of compliance requirements referred to previously that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Administration of Dumas Independent School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to on the previous page. In planning and performing our audit of compliance, we considered Dumas Independent School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Dumas Independent School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow administration or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of Dumas Independent School District as of and for the for the year ended June 30, 2019, and have issued our report thereon dated October 10, 2019, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of administration and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the financial statements as a whole.

DUMAS INDEPENDENT SCHOOL DISTRICT
Notes on Accounting Policies for Federal Awards
For the Year Ended June 30, 2019

1. For all federal programs, the District uses the fund types specified in Texas Education Agency's *Financial Accountability System Resource Guide*. Special revenue funds are used to account for resources restricted to, or designated for, specific purposes by a grantor. Federal and state financial assistance generally is accounted for in a Special Revenue Fund.
2. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The Governmental Fund types are accounted for using a current financial resources measurement focus. All federal grant funds were accounted for in a Special Revenue Fund or, in some instances, in the General Fund which are Governmental Fund type funds.

With this measurement focus, only current assets and current liabilities and the fund balance are included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. The modified accrual basis of accounting is used for the Governmental Fund types. This basis of accounting recognizes revenues in the accounting period in which they become susceptible to accrual, i.e., both measurable and available, and expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on General Long-Term Debt, which is recognized when due, and certain compensated absences and claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Federal grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant, and accordingly, when such funds are received, they are recorded as unearned revenues until earned.

3. The period performance for federal grant funds for the purpose of liquidation of outstanding obligations made on or before the ending date of the federal project period extended 90 days beyond the federal project period ending date, in accordance with provisions in Section H, Period of Performance of Federal Funds, Part 3, Uniform Guidance Compliance Supplement.
4. CFDA numbers for commodity assistance are the CFDA numbers of the programs under which USDA donated the commodities.
5. Indirect cost reimbursement for federal programs for this fiscal year was received in the amount of \$49,417.

6. Reconciliation of Expenditures of Federal Awards:

Total Expenditures of Federal Awards per Exhibit K-1	\$ 4,268,951
Total School Health and Related Services not included on Expenditures of Federal Awards	<u>1,164,900</u>
Total	<u><u>\$ 5,433,851</u></u>

7. Dumas Independent School District has not elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.
