

Oklahoma Ready Mixed Concrete Association Membership

The Oklahoma Ready Mixed Concrete Association was established in 1957 as a non-profit corporation. The general purpose of the association is to perform such acts and services for the ready mixed concrete industry where group (rather than individual) action is the more effective method of procedure.

Key Reasons To Join ORMCA

- **Concrete Promotion** - Promotion of the concrete industry in a positive way and promoting the use of concrete over other materials is the main focus of our association.
- **Unified Voice** - Association membership helps create a unified voice for our members, which in turn, creates a stronger concrete industry in Oklahoma.
- **Networking** - Association membership gives our members the opportunity to network with one another, and learn about the latest industry products, best practices, and services available.
- **Information Center** - Association membership gives you a source of contact for assistance when a question or problem arises within your company.
- **Board of Directors** - The ORMCA Board of Directors consists of 20 Producer and Associate Members who meet periodically to conduct and oversee the association business.
- **Office/Staff** - The ORMCA employs an Executive Director and Executive Assistant, with the main office in Tulsa, Oklahoma.
- **Winter Conference** - The main focus of the Winter Conference is to bring in topics and speakers that are both informative and interesting regarding the latest industry products, services, trends, and issues. This is a great networking opportunity as well. Display tables are made available to display members' products and services.
- **Golf Tournaments** - We hold a Spring and Fall Benefit Golf Tournament with proceeds going to help fund worthy projects.
- **Legislative Awareness** - ORMCA realizes the need to monitor the Oklahoma Legislature to see how they are influencing our industry. We do this through the use of our producer and associate committee members, who report local and federal proposed legislation. We also receive information by networking with other associations, such as NRMCA, AGC, PCA and other state and federal associations. From time to time we may use a lobbyist.
- **Education and Training** - ORMCA is an approved Local Sponsor for several ACI Certification Programs. These certification programs help to enhance company and employee performance and standards and are offered in-state at a discounted member price. These include "Flatwork Finishing", "Strength Testing", and "Field Testing Technician Grade I" These are administered several times a year on an as needed basis.
- **Newsletter** - We produce a quarterly newsletter that keeps members up-to-date on association and industry news.
- **Membership Directory** - We publish a Membership Directory each year with the most current member listings and other association information. Members who choose to place an ad in the directory get a year's worth of advertising exposure.
- **Web Site** - The ORMCA Web Site was created, and is currently maintained by office staff. You can look up Producer Members by County or City, Associate Members by Products/Service, current/upcoming events, industry links and more by logging in to www.ormca.com.
- **Annual Convention** - The Annual Convention is held in the Summer of each year, and marks the end and beginning of another membership year. The General Membership Meeting provides members with information on what the association has accomplished in the past year and what it plans to accomplish in the future. The Annual Meeting is also a perfect venue for a little fun and relaxation.

How Do I Join?

Simply fill out the Membership Application below and mail it to ORMCA, 2526 East 71st St., Suite H, Tulsa, OK 74136
FAX to (918) 970-2234, or E-mail to office@ormca.com

Membership Dues (please check one)

Producer membership is based on concrete producer companies with trucks tagged to haul concrete in Oklahoma for the current year.

For Producer dues see attached rate schedule

Associate membership is based on firms or corporations engaged in the manufacture or sale of equipment, materials or services used by the ready mixed concrete industry in Oklahoma.

Associate Dues: \$1250 per year

We hereby make application for membership in the Oklahoma Ready Mixed Concrete Association. If accepted for membership, the undersigned agrees to abide by the Association's Bylaws, which are contained in the member directory that will be issued at the completion of membership.
