

Fruit of the Month

DECEMBER *Cranberries*

Fruit of the Month

DECEMBER *Cranberries*

FUN FACTS:

- Cranberries have small pockets where air seeps into that allows them to float.
- Cranberries do not grow in water.
- Cranberries are approximately 90% water.
- Cranberries are typically in season from October until December.
- Only about 5% of cranberries are sold fresh while the rest are turned into cranberry juice, sauce, etc.
