

DRIVER EDUCATION TUITION AND FEES

The District will charge a fee for Driver Education provided outside the regular school day and during the summer. The fee will be adjusted annually based upon the annual Driver Education Report made to state authorities and will be calculated by averaging the school year cost per pupil for Driver Education with the summer cost per pupil using an unweighted average. The fee will be the average rounded up to the nearest five dollar increment and will begin August 1<sup>st</sup>, following the annual Driver Education Report. This fee applies to resident pupils attending Hudson and non-resident pupils attending Hudson under open enrollment or paid tuition. Resident pupils attending another district under open enrollment or paid tuition but attending Driver Education in Hudson will pay the same fee plus \$25.00 to more closely match the actual cost of providing the program.
