

District of Innovation Meeting
United Independent School District
February 6, 2017

- I. Welcome by Mrs. Rendon & United ISD School Board Member, Javier Montemayor
- II. Campus Behavior Coordinator- Read Slide & corresponding section in Innovation Plan
- III. Minimum Attendance- Read Slide & corresponding section in Innovation Plan
- IV. Instructional Minutes- Read Slide & corresponding section in Innovation Plan
- V. CTE & Dual Credit Certification- Read Slide & corresponding section in Innovation Plan

Question from the Audience:

Under this exemption are parents notified when a teacher is employed for a dual credit program that they are not certified under the state?

Mrs. Emma Leza: No, the law does not require

Letter will state that the teachers are certified locally, but not by the state.

Angelica Sanchez: Personnel hired for these positions will not go through the state program or attend an alternative certification program. We're not watering down the type of teacher. We want an experienced and professional teacher, so we're staying with the state requirement they just aren't certified by the state.

If schools don't have enough section, but still have the demand.

Mario Rosales: At this point we're only looking at transfer.

Rendon- Itinerary staff. For example LBJ will teach Psychology and then UHS for the Spring. A full time employee hired by the district saving the district money not having to pay LCC. Great questions!

- VI. Adoption of Innovation Plan- Read Innovation Plan page 15.
- VII. Timeline- Read Slide

IV. Voting

Rendon: While entering the meeting each voting member received 5 ballots. Each color coded by exemption. Today, we have 68 members present, it will take 45 members voting either in favor or against for an exemption to either be adopted or exempted from the Innovation Plan. That is 2/3 of the vote.

Voting by secret ballot commenced with voting members placing their ballots in boxes located in the back of the Conference Room.

Boxes were taken to the front of the Conference Room. Members from the District Advisory Committee assisted in opening the boxes and sorting the ballots for counting. Upon completion of sorting, various members of the audience came up and assisted with counting the ballots. Ballots were counted in the presence of all attendees. The following are the results noted from the voting:

First Day of Instruction (Calendar)-

Counted out by Tomas Rodriguez

For- 61

Against- 6
