

As we all take a well deserved break for the holidays, we need to stay vigilant with guidelines for safe practices against the COVID-19 virus.

**Wear your masks, wash your hands frequently, and remember the social distancing rule of 6 feet.**

If anytime during the holiday break, however, you or a family member becomes ill with signs and symptoms of COVID-19 or you become in contact with someone known to have the COVID-19 virus, you should report those occurrences to the school district by utilizing the special holiday email ([cpisdnurse@CPISD.net](mailto:cpisdnurse@CPISD.net)) or the web reporting form ([www.cpisd.net/covidreportform](http://www.cpisd.net/covidreportform)).

In your email, include the following:

1. Record your name and date of birth,
2. COVID-19 test date and the results.
3. Include where you were tested or in the case of a close contact, when your last contact was with the individual testing positive for COVID-19.

Please be advised some quarantine/isolation dates may extend through January 5, 2021, the date school will begin again. **If this is the case, DO NOT COME TO SCHOOL! Notify the nurse's office at 830-353-8127.**

Happy Holidays,

Janet Wolf RN, BSN  
CPISD School Nurse
