STD Talks - Questions came up about the need for ongoing STD education for HMS and HHS students. Majority agreement is yes. Discussion on whether virtual or face-to-face would be best, R Kubala DSHS requests face to face and Mr. Mullens brought up the need for virtual options for remote learner inclusion. Discussed recording and posting it on Google Classroom, and discussed the issues the 7th grade level may have with watching without supervision. Decided to table until the next meeting.
