

HOLLIDAY ISD 2018-2019 CHARGE POLICY

In order to keep the amount of negative balances down in our food service department, Holliday ISD has initiated a \$10.00 charge policy.

Your child will be allowed to charge up to, but not exceeding \$10.00.

- 1. What does this mean for your child?** The child will not be able to take the meal of the day, but they will be offered an Alternate Meal. The alternate meal will consist of a cheese sandwich, fruit or vegetable of the day, and milk.
- 2. What does this mean for you?** Your child will still be offered a breakfast and/or lunch in the form of the alternate meal at no cost to you. They will continue to receive this meal every day until their account is brought current. There will be a charge slip attached to each alternate lunch. Please make sure your child gives you this slip.

Any child can request the alternate meal if they choose to do so.
