

## STUDENT CONSENT FORM

Dear Holliday ISD Families,

We are getting close to rolling out our new notification system that will allow families to monitor the location of your student while they are on the bus or here at school. We have partnered with Novotrax to provide this service to all families that want to make use of it.

This partnership developed from conversations with Novotrax staff and their desire to find a district where they could install the equipment to test out their new technology. Through this partnership, we are able to make these apps available to all of our families at no cost to you or to the district. We want to make sure that all of our families understand that participation in this program is completely voluntary and not a requirement of the district for your child.

If you opt in, your child will be given a lanyard with a card attached to it that can be read as they enter the bus or the campus. You will be able to check an app on your phone to see where your student is during the day while they are on the bus or here at school.

If you would like for your student to participate in this system, please fill out the information below. If you do not wish for your student to participate, no further action is necessary.

Sincerely,

Cody Carroll  
Superintendent  
Holliday ISD

---

I give consent for my student to participate in the Novotrax notification system.
