

Notice to Parents

This school periodically applies pesticides as part of an integrated pest management program. All persons applying pesticides at this school are required to receive special training in pesticide application and pest control. In addition, this school has a policy that requires use of non-chemical pest control tactics whenever it is possible that pesticides may periodically be applied.

Should you have further questions about pesticide use, including the types and timing of treatments, you may contact:

The building Principal, the Superintendent of Holliday ISD, or

Keith Nichols
IPM Coordinator
Holliday ISD
P.O. Box 689
Holliday, TX 76366
(940) 586-1281

According to Section 1951.455 of the Texas Occupations Code, all schools that periodically apply pesticides indoors are required to notify parents or guardians of children attending that school about pesticide use at the time of the child's registration.
