

An Announcement to Our Community:

Madill Public School would like to address our community regarding our protocols for activities and events in the upcoming weeks, beginning with Friday night's game against Enid. As a school district, it is our desire to continue school as normal as possible including extra-curricular activities, sports, etc. We would like to encourage spectators to wear face coverings where social distancing is not adequate.

- No Patrons will be allowed on the field or track before or after events.
- All workers (gate and concession) will wear masks and gloves.
- As much as possible, please have exact change at the gate and concession to limit the passing of money.
- As a reminder admission is 5.00 for adults and students.
