

SEX EDUCATION

It is the policy of the Madill Board of Education that all curriculum and materials, including supplementary materials which will be used to teach or will be used for or in connection with a sex education class or program which is designed for the exclusive purpose of discussing sexual behavior or attitudes, or any test, survey or questionnaire whose primary purpose is to elicit responses on sexual behavior or attitudes, shall be available through the superintendent or designee for inspection by the parents or guardians of the students who will be involved with the class, program, test, survey, or questionnaire.

Such curriculum, material, class, program, test, survey, or questionnaire shall include information about consent and shall have as one of its primary purposes the teaching of or informing students about the practice of abstinence.

The term "consent" means the affirmative, unambiguous and voluntary agreement to engage in a specific sexual activity during a sexual encounter which can be revoked at any time. Consent cannot be:

1. Given by an individual who:
 - a. is asleep or is mentally or physically incapacitated either through the effect of drugs or alcohol or for any other reason, or
 - b. is under duress, threat, coercion or force; or
2. Inferred under circumstances in which consent is not clear including, but not limited to:
 - a. the absence of an individual saying "no" or "stop," or
 - b. the existence of a prior or current relationship or sexual activity.

The superintendent or designee shall provide prior written notification to the parents or guardians of the students of their right to inspect the curriculum and material and of their obligation to notify the school in writing if they do not want their child to participate in the class, program, curriculum, instruction, test, survey, or questionnaire or other instructional material that relates to sexual behavior, sexual attitudes or sexuality, including but not limited to gender identity or sexual orientation.

No student will be required to participate in a sex education class or program that discusses sexual behavior or attitudes if a parent or guardian of the student objects in writing. If the type of program referred to is a part of or is taught during a credit course, a student may be required to enroll in the course but shall not be required to receive instruction in or participate in the program if a parent or guardian objects in writing.

The superintendent or designee shall approve all curriculum and materials which will be used for the purpose of discussing sexual behavior or attitudes, and any test, survey or questionnaire used to elicit responses on sexual behavior or attitudes prior to the use of such materials.

Teachers involved in the class, program, test or survey shall submit curriculum, materials, tests, or surveys to the superintendent or designee for approval before they are used in the classroom or school.
