## **WELCOME**

The faculty, support staff, and administration welcome you to the 2018-2019 school year. This handbook has been prepared to provide you with information regarding the regulations and practices of the schools in our district. These regulations were designed to provide a safe learning environment for all students. It is impossible for the handbook to be inclusive of all situations.

It is important to remember that Lincoln Elementary and Fredonia Junior-Senior High are learning environments with high expectations for appropriate behavior, academic work requirements and the equal treatment of all students and staff. We challenge all students to always:

- Represent our school with dignity and class;
- Treat the school facility with care;
- Respect all students and staff regardless of ethnic, economic, or religious background;
- Make healthy life decisions concerning alcohol and drugs;
- Set goals that will add meaning to your life during, and after high school;
- Develop a work ethic to enhance academic and extracurricular skills;
- Report any inappropriate activities of harassment;

We encourage you to take part in all aspects of the school community so that you may derive maximum benefit from being here, and that your contribution will continue that tradition. We hope all students have an excellent year. If you ever have any concerns or problems, feel free to stop by and visit.

The USD 484 handbook is a comprehensive guide. Anything not discussed should be taken to the principal and he/she will make a decision how to deal with the situation. Each case will be given the utmost attention. A comprehensive Board Policy Book is available for review online. References to Board Policy contained herein are to its Policy Book. Board Policy will supersede information contained in this handbook.

## **ATTENDANCE (JBD, JBD-R, JBE Truancy)**

### **BOARD PHILOSOPHY ON ATTENDANCE**

It shall be the policy of the Board to encourage regular attendance at school by all students. Regular attendance contributes not only to the probability of scholastic success but also to the development of attitudes of consistent performance, which will carry over into adult life.

### **ATTENDANCE PROCEDURES**

Contact the school office **by 9:00 a.m.** if your child is absent. If your child is not in attendance, and the school has not received parent/guardian notification, the absence may be recorded as unexcused. For the safety of the child, an attempt will be made to contact the parent. **If the school initiates this contact, the absence may be recorded as unexcused.** As the parent, you have the right to appeal the unexcused absence in writing. Any absence that is verified by a medical or legal note will not count towards truancy reporting. Please bring back medical or legal verification from any medical or legal appointment to the school office.

When leaving early from school, parents will notify the office in advance so assignments can be given to the child. If advanced notice isn't given the child may receive zeroes for the missing assignments. One-day notice would be the best, as this would give the teacher(s) time to get the assignments ready. It is the student's responsibility to sign in and out at the attendance office.

Two consecutive school days will be allowed to make up work the student has missed during a full day excused absence. Special circumstances may justify an administrative exception to this time.

A student absent from school may not practice or participate on that day unless:

1. He/she is in attendance by 8:25 am OR
2. The principal grants permission.

### **UNEXCUSED ABSENCES POLICY**

Regular attendance is a vital factor in school achievement. USD 484 Fredonia has provided facilities, equipment, materials, and staff so that all students may be provided proper educational opportunities. Mandatory school attendance is state law, as is our responsibility to notify the Wilson County Attorney when student attendance drops below an acceptable level. Three consecutive unexcused absences, or five unexcused absences in a semester, are considered a truancy situation in Kansas per Kansas Compulsory Attendance Law (72-1113).

### **EXCESSIVE ABSENCES**

Any student who is absent from a class more than seven (7) days in any semester will be considered excessively absent. Parents will be notified when a student has missed six (6) days in a semester.

### **COMPULSORY ATTENDANCE LAW**

Kansas law requires students to attend school until the age of 18. Sixteen and seventeen-year-olds may be exempt from the compulsory attendance requirement if:

1. They have attained a diploma or GED; or
2. They are enrolled in an approved alternative education program recognized by the local Board of Education; or
3. A court orders exemption; or
4. The parent (or person acting as parent) consents in writing to their child being exempt from the requirement and the child and parent (or person acting as parent) attend a final counseling session conducted by the principal to sign a disclaimer. The law requires the disclaimer to include the following information:
  - The academic skills the child has not yet achieved;
  - The difference in future earning power between a high school graduate and a high school dropout;
  - A list of educational alternatives available to the child.

## **TARDINESS**

Tardiness is defined as "late" to class. Any student more than 15 minutes late to class shall be reported as absent. Students tardy to class should secure a pass from the office or from the teacher responsible for the delay in order to be excused. An office pass does not excuse a tardy. *Parents cannot excuse tardiness.* If a student is tardy to class without a pass, he/she may be subject to disciplinary action by the classroom teacher. Any student accumulating six tardies per mod will be assigned a detention from the classroom teacher. Continued tardiness may result in referral to the office. Parents will be notified if tardiness becomes an issue.

## **HOMEROOM (Expanded Learning Opportunity) / No Credit**

The Homeroom period is provided so students may get assistance from teachers, work on assignments, attend school assemblies, and schedule important counseling activities, such as career planning, college visits, and enrollment. Students are expected to use this time appropriately and come prepared to work. Students will check in with their homeroom teacher prior to attending or working.

## **ATHLETIC PHYSICALS**

All students planning to participate in any form of competitive athletics must have the health certificate of the KANSAS STATE HIGH SCHOOL ACTIVITIES ASSOCIATION (KSHSAA) properly filled out and on file in the office before the first practice in that sport. This form must be signed by the parents or guardian and by a physician (listed approved). Students who will be enrolled in physical education courses are strongly encouraged to have the physical form on file in the office. Per KSHSAA guidelines, athletic physicals shall not be taken earlier than May 1 preceding the school year for which it is applicable.

## **GRADES**

Grades will be issued based on the traditional A, B, C, D, and F grading system. The grading scale is 90-100=A; 80-89=B; 70-79=C; 60-69=D; below 60=F. Dates are scheduled for formal parent/teacher conferences in the fall and in the spring. However, students and parents are encouraged to contact teachers or counselors with questions regarding student class work, homework, and grades at any time during a grading period.

## **GRADE CARDS**

Grade Cards will be distributed at the end of semester grading period. Semester examination grades may be given to high school students. USD 484 schools issue one-half credits for a semester class and one credit for a full-year class. Grade cards may be mailed to parents.

## **GRADING POLICY**

Student grades are given on a semester basis only. Nine-week grade reporting represents only the students' progress at that point in the semester. Nine-week grades are not to be interpreted as a grade for work completed or as an average grade in arriving at the semester grade.

Teachers must develop student evaluation and grading procedures, which are easily understood by students and parents and can be justified by fair and reasonable standards. Student evaluation should be based on, but not limited to:

1. Assignments
2. Activities and projects
3. Test results
4. Attendance and daily classroom participation

Grading standards at Fredonia Schools are:

- S+ or A - 90-100
- S or B - 80-89
- S- or C - 79-70
- NI or D- 69-60
- U or F - 59 and below (No Credit Earned)

### **COMMON LATE WORK POLICY**

“Late work” is defined as any assignment given by a teacher that has not been turned in by a student by a predefined due date.

Regarding homework and its completion, observe the following:

1. Homework is a portion of the academic process.
2. The expectation is for students to turn in homework on time.
3. There will be a deduction for all late work turned in determined by each course’s educator.
4. Late work not turned in, in a timely manner, will result in a permanent zero.

Students will have two days for every day of officially excused absence.

Students with a grade of F in any class will attend Academic Hour with the teacher of the class. Every attempt will be made to improve the grade to passing status as quickly as possible.

With regards to late work, a portion of the grade will be deducted at a rate decided by teacher.

Teachers may opt to have “late work coupons” as a part of their classroom structure. Teachers will notify you of these in the opening session of the class.

All teachers will update grades in their classroom weekly.

### **FINAL EXAM POLICY**

Final exams will be given to all students in grades seven through twelve.

The nature of a final exam will vary from class to class, as determined by the teacher of each class. Each teacher will clearly articulate the nature of the final exam for the classes they teach during the opening sessions.

Students earning a grade of 95% or higher with two or fewer excused absences may opt out of the final exam for each class in which the criteria is met, unless the class is taken for college credit.

Students completing the twelfth grade will observe the following finals schedule in the spring:

- Monday of their final week of school: Finals for Mods 5 through 8
- Tuesday of their final week of school: Finals for Mods 1 through 4

Students completing seventh through eleventh grade will observe the following finals schedule:

	<b>DAY ONE</b>	<b>DAY TWO</b>
<b>8:00 am – 9:10 am</b>	Mod One	Mod Two
<b>9:25 am – 10:35 am</b>	Mod Three	Mod Four
<b>10:50 am – 12:00 pm</b>	Mod Five	Mod Six
<b>1:00 pm – 2:10 pm</b>	Mod Seven	Mod Eight

School will dismiss at 2:10 pm for students in seventh through eleventh grade on the days final exams are taken.

- Dual credit is given once the student is enrolled.
- Students are expected to complete the course and once enrolled, may not drop without the counselor and principal's approval.

- Students must use seat belts on busses that are equipped with them.

- Eating or drinking on the morning or afternoon route will be allowed with the permission of the bus driver.

- Students will not swear, talk loudly, make rude gestures, tease anyone, or make threats on the bus.
- Students will not bring harmful objects (animals, weapons, dangerous toys, etc.) onto the bus.
- Students will exit the back door only during an actual emergency. Always keep the aisle clear.

### **GRADUATION & PROMOTION REQUIREMENTS**

The educational program in our schools shall provide learning experiences for all students to acquire skills, knowledge and attitudes, which are necessary for a productive life in a changing society.

The final decision to promote, retain, or graduate a student will rest with the principal after receiving information from the parents, teachers, and other school personnel.

#### **High School:**

Pacing for graduation in four years is:

9 <sup>th</sup> Grade – 6 Credits Earned	10 <sup>th</sup> Grade – 12 Credits Earned	11 <sup>th</sup> Grade – 18 Credits Earned
--	--	--

These credits will include specific requirements of USD 484 and the State of Kansas. Students, in cooperation with their counselor, are responsible for completing these requirements.

The graduation requirements for the seniors will be 24 units. These units must include the following:

- 4 credits in English
- 3 credits in Math
- 3 credits in Science

### **SENIOR PORTFOLIO**

- Many other requirements are established when a student selects a major area, college or university or special training school to attend. These requirements are the responsibility of the student and parents and must be reported to the Fredonia Junior-Senior High School principal and counselor.
- Due to the special abilities of many individual students, the principal has the authority to develop, with the cooperation of the student, his/her parents, and the counselor, any individual program that will meet his/her goals, needs, and interests. This program, upon the approval of principal and parents, will then meet the graduation requirements provided state law is not violated.

### **RETENTION POLICY**

Any student who does not perform academically wherein his/her following academic performance can and will be hindered will be retained. In order to determine retention, a high school student (9-12) must obtain the number of credits outlined in the handbook. Any student, who fails to meet the required credits per grade level, will remain at his/her current level until the proper amount of credits is obtained.

Junior High students will be required to successfully pass three of the five core subject areas students are required to take while in Junior High. These classes include: Science, Social Studies, English, Math, and Physical Education. If a student does not successfully pass three of the five core areas he/she will repeat the same grade level the following year.

### **KANSAS REGENTS QUALIFIED ADMISSIONS REQUIREMENTS**

Additionally, all obligations such as fees and fines must be paid prior to participating in graduation ceremonies.

### **EARLY GRADUATION (JFCA)**

The Board does not encourage early graduation from high school. The Board believes that students should avail themselves of the many and varied courses offered in the high schools as well as local colleges. However, students may pursue early graduation if they will have completed all graduation requirements, have attended seven semesters, or have a hardship or a unique cultural, academic, and/or vocational opportunity. Parent/Guardian, counselor, and principal approval shall be required before an application will be considered. An application for early graduation shall include a letter from the student, a letter from the parent/guardian, and a completed graduation plan developed cooperatively between the student, parent/guardian, and counselor.

Students who avail themselves of early graduation privileges are not eligible for extracurricular activities of any kind

except as an approved guest. Early graduation applications must be filed in the office by the first official day of school. Early graduates will receive their diplomas at the end of the first semester.

### **HONORS FOR GRADUATION VALEDICTORIAN and SALUTATORIAN**

The valedictorian and salutatorian will be named after the seventh semester. They will be selected based upon their cumulative GPA as of the end of the seventh semester.

### **FREDONIA VIRTUAL ACADEMY**

The Fredonia Virtual Academy (FVA) is an alternative school with virtual capabilities. Students that meet graduation requirements set forth by the USD 484 Board of Education and Kansas State Department of Education may graduate with a USD 484 diploma, and are eligible for participation in graduation ceremonies at the respective high schools. Each FVA graduate may participate in a Fredonia Virtual Academy graduation ceremony at the time he/she completes his/her requirements. Students may contact their counselors, if they are interested in any classes.

### **ACADEMIC HONOR CODE**

The administration and faculty of Fredonia Schools are dedicated to teaching academic skills and fostering integrity in our students. Today's students are tomorrow's leaders, and must recognize, understand, and practice ethical behavior. This policy is established to guide students toward acceptable conduct in the academic setting. Each teacher may also address the integrity of doing one's own work as it applies to a specific course.

### **ACADEMIC DISHONESTY**

We have established a high expectation for academic integrity. Academic dishonesty in any form will not be tolerated. Students who violate this standard will be subject to disciplinary procedures. One who submits another's work as his/her own is engaging in academic dishonesty. Academic dishonesty is any form of cheating or misrepresentation of one's work and includes, but is not limited to, the following:

- Sharing or receiving of questions/answers on tests and/or homework assignments without expressed teacher approval.
- Using a source specifically not allowed for a school assignment, quiz, test, or examination.
- Using technological or electronic resources unethically.
- Copying written information or works of art or music without giving credit to the source (plagiarism).

Students found to have participated in academic dishonesty will receive disciplinary consequences. Consequences may result in course failure depending on the weight of the assigned work.

**1st Offense:** May result in an office referral. Parent contact is made by the teacher, and no credit is given for the assignment.

**2nd Offense:** May result in an office referral. Parent conference is held, and no credit is given for the assignment.

**3rd Offense:** May result in an office referral. No credit is given for the assignment and additional consequences may be given at the discretion of the building principal.

### **SENIOR TRIPS**

Senior trips are seen as a benefit to the seniors attending Fredonia Junior Senior High. Senior trips cannot leave earlier than 3:00 AM and must return to the high school by 11:59 PM the same day. All trips must be approved in advance by the USD 484 superintendent.

### **STUDENT DRESS AND APPEARANCE**

Fredonia School's dress code is designed to encourage all students to set a standard that is reasonable and a credit to everyone that is part of our school. It is important that students dress in a way that shows respect for themselves, their peers and their school's reputation for excellence. Proper dress in school enhances the learning environment and

prepares students for the adult world. Parents are asked to make certain that children are dressed for the demands of the weather in case of unforeseen difficulties involving bus transportation.

In conjunction with the building administration and the FHS student council, a dress code has been created to outline proper and professional dress for students and staff. Additionally, students who may be taking any Career and Tech-Ed classes may be asked to abide by a different dress code. All parties agree that FHS is a professional learning environment and thus our students and staff will dress accordingly.

The school administration reserves the right to determine the appropriateness of clothing.

The following guidelines regarding dress code are to be observed:

- Spandex and compression shorts may be worn under clothing, but not alone.
- Hats need to be removed after the first school bell and may not be worn again until the last bell unless permission is given by the classroom teacher. ### **COUNSELING SERVICES**

The guidance office personnel at the schools provide numerous services for the students. Several of the services provided include educational planning for the future; help in seeking scholarships and other financial aid; information for applying for admission to private schools, vocational schools and colleges; career information; help in dealing with personal problems; a referral source to outside agencies which offer various services; and providing testing information as well as test interpretation.

### **CONFIDENTIALITY STATEMENT**

What is said to a counselor in confidence will remain between you and the counselor. The only exception to this is when the student's condition is such that others are needed to assume responsibility for him/her, or when there is a clear and immediate danger to the student or others.

Under these circumstances, a counselor has a moral, ethical, and professional obligation to report the fact to an appropriate, responsible authority and/or other emergency personnel. Appointments to see a counselor can be made by contacting the counselor's office.

### **CLASS CHANGES/DROPS AND TRANSFERS**

A student may drop a class or transfer to another class within the first week of a new school year, **and** only after there has been Counselor/Administrative consultation with the teacher and parent/guardians, with the final decision made by an administrator. Class changes for second semester classes must be made prior to the beginning of the second semester.

### **NATIONAL HONOR SOCIETY**

The purpose of the National Honor Society is to create enthusiasm for scholarship, to stimulate a desire to render service,

to promote worthy leadership, and to encourage the development of character. Requirements include a 3.5 GPA or higher and evidence of leadership, character and service, both in the school and community. Students are eligible for this honor beginning the second semester of their sophomore year. See NHS Guidelines or sponsor for specific details.

**PHILOSOPHY ON SCHOOL CONDUCT**

It is our basic philosophy that any variation in personal conduct, which disrupts or interferes with normal class procedure, has no place in school. The school’s time-honored purpose to promote educational, social, and emotional growth of the individual must be respected by all and preserved by the school and its officials. Interference with these goals is considered inappropriate and demands corrective action by the administration.

**Specific consequences will be based on the seriousness and the intensity of the behavior, as well as the student’s willingness to adapt and cooperate with administration and faculty as we work through the incident.**

**SCHOOL SAFETY**

We must have the support and cooperation of students and parents to keep our school safe. Disruptive behavior, threats, prohibited harassment and weapons will not be tolerated and may have serious consequences, as spelled out in district policy.

**DETENTION TIME**

Unexcused absences and discipline may require assigned time. The building administrators and staff will determine detention time. Detention is scheduled weekly for 60 minutes. Students who are assigned detention are required to attend. If a student misses, the detention time will double and students will be placed on the ineligible list until time is served.

**IN SCHOOL SUSPENSION**

Other disruptive acts of behavior are deemed to be grounds for assignment to in-school suspension, with all school assignments required and given full credit. Continuation of these behaviors will result in out-of-school suspension. While assigned to the ISS room, the student will be required to complete regular classroom work, as well as other work assigned by the instructor. Students will be given credit for work completed in ISS. Failure to cooperate in the ISS room will result in the student being placed on out-of-school suspension.

While students are suspended (ISS), they are not allowed to participate in, or attend via school- sponsored transportation, any extracurricular activities.

**Student's Rights during the Hearing**

The student shall have the right:

- Counsel of their own choice;
- For parents/guardians to be present;
- To hear or read a full report of testimony of witnesses;
- To confront and cross-examine witnesses who appear in person at the hearing;
- To present their own witnesses;

- To testify in their own behalf and to give reasons for their conduct;
- To an orderly hearing; and
- To a fair and impartial decision based on substantial evidence.

Students who are suspended for more than ten (10) days or expelled from school may appeal to the Board of Education within ten (10) days of receiving written notice of the hearing results. Detailed documentation in accordance with Kansas law will be supplied to parents and students who are subject to suspension or expulsion for more than ten (10) days.

### **TOBACCO**

The use and/or possession of tobacco products or facsimile thereof (including e-cigarettes), is prohibited at all times in, or on, all district-owned, leased, personal or real property, including all school events. Possession may result in notification of law enforcement, suspension and/or expulsion.

### **POLICY ON PROHIBITED SUBSTANCES**

A student who is found to be in possession of, or selling, or drug paraphernalia, any prohibited substance on school property or at school events will be detained immediately with the evidence. A school administrator will contact the Police Department and the student's parents or guardians. A short-term suspension (up to 10 school days) will be imposed, a formal hearing will be scheduled, and the student may be subject to expulsion. In the event an expulsion is imposed, the student may be referred to alternative programs provided by USD 484.

The provisions of this policy shall also apply to all USD 484-sponsored activities off the school grounds. In addition to the above policy, students who sell, use, or are under the influence of, or possess (including the car) illegal drugs, or drug paraphernalia, or alcohol at a school dance or on school premises before, during, or after a dance will not be allowed to attend future dances for the remainder of that semester. Board policies relating to a Drug Free School will apply, and students may be subject to suspension or expulsion from school in accordance with Board policy, state and federal law.

### **THREATS**

All threats (verbal, written or physical) will be taken seriously by school personnel. Each and every threat will carry a consequence, including possible police involvement.

### **WEAPONS (JCDBB / JCDBB-R)**

A student shall not knowingly possess, handle or transmit any object that can reasonably be considered a weapon at school, on school property or at a school-sponsored event. This shall include any weapon, any item being used as a weapon or destructive iPad, or any facsimile of a weapon, except with prior administrative approval (see BOE policy or specific definitions).

Possession of a firearm or other weapon or facsimile of a weapon shall result in expulsion from school for a period of one calendar year, except that the Superintendent may recommend that this expulsion requirement be modified on a case-by-case basis. Expulsion hearings for possession of a weapon shall be conducted by the Superintendent or the Superintendent's designee. Students violating this policy shall be referred to the appropriate law enforcement agency (ies) and, if a juvenile, to DCF or the Commissioner of Juvenile Justice.

Any student who uses an article that is not commonly used or designed to inflict bodily harm for the purpose of inflicting bodily harm or to cause a person to be placed in fear of bodily harm shall be subject to immediate suspension and possible expulsion.

Board policies relating to a Weapon Free School will apply and students may be subject to suspension or expulsion from school in accordance with Board policy, state and federal law.

### **REPORTING THREATS/THEFTS/VANDALISM OR OTHER DISRUPTIVE/DANGEROUS OR VIOLENT ACTS**

When students have a concern about safety at school, or knowledge of an unsafe situation/theft, vandalism or other disruptive, dangerous or violent act, they must report it at once to the principal, a teacher, or to another staff member. Anonymous tips concerning acts mentioned above can be made to the district office. Tips may also be made to the Kansas School Safety Hotline: the toll free number is 1-877-626-8203.

## **HALLS AND PASSING**

All students are to observe proper hall conduct. This means that students are to move from class to class individually without interfering with the flow of traffic. Improper behavior of students in hallways or on the school grounds can create a dangerous/disruptive situation and subject the student to disciplinary action. Students may be required to carry proper identification to be in the hallway during class time.

## **PUBLIC DISPLAYS OF AFFECTION**

The showing of affection in public to the extent that it is embarrassing for others is inappropriate and unacceptable; therefore, public displays of affection are not allowed.

## **SEXUAL HARASSMENT (JGEC)**

The Board of Education is committed to providing a positive and productive learning and working environment, free from discrimination on the basis of sex, including sexual harassment. Sexual harassment shall not be tolerated in the school district. Sexual harassment of employees or students of the district by Board members, administrators, certificated and support personnel, students, vendors, and any others having business or other contact with the school district is strictly prohibited.

Sexual harassment is unlawful discrimination on the basis of sex under Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and the Kansas Acts Against Discrimination. All forms of sexual harassment are prohibited at school, on school property, and at all school-sponsored activities, programs or events. Sexual harassment against individuals associated with the school is prohibited, whether or not the harassment occurs on school grounds. It shall be a violation of this policy for any student, employee or third party (visitor, vendor, etc.) to sexually harass any student, employee, or other individual associated with the school. It shall further be a violation for any employee to discourage a student from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy.

Sexual harassment is unwelcome sexual advances, requests for sexual favors and other inappropriate oral, written or physical conduct of a sexual nature when made by a member of the school staff to a student or when made by any student to another student when: (1) submission to such conduct is made, explicitly or implicitly, a term of condition of the individual's education; (2) submission to, or rejection of, such conduct by an individual is used as the basis for academic decisions affecting that individual; or (3) such conduct has the purpose or effect of interfering with an individual's academic or professional performance or creating an intimidating, hostile or offensive academic environment. Sexual harassment may result from verbal or physical conduct or written or graphic material. Sexual harassment may include, but is not limited to, verbal harassment or abuse; pressure for sexual activity; repeated remarks to a person, with sexual or demeaning implication; unwelcome touching; or suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning a student's grades, participation in extra-curricular activities, etc.

The district encourages all victims of sexual harassment and persons with knowledge of such harassment to report the harassment immediately. The district will promptly investigate all complaints of sexual harassment and take prompt, corrective action to end the harassment. Any student who believes that he or she has been subjected to sexual harassment should discuss the alleged harassment with the building principal, another administrator, the guidance counselor, or another certified/classified staff member. Any school employee who receives a complaint of sexual harassment from a student shall inform the student of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. If the building principal is the alleged harasser, the complaint shall be reported to the district Superintendent. The building principal or district Superintendent shall discuss the complaint with the student to determine if it can be resolved. If the matter is not resolved to the satisfaction of the student in this meeting, the student may initiate a formal complaint under the district's discrimination complaint procedure. (See KN) Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes sexual harassment under the definition outlined above. Unacceptable student conduct may, or may not, constitute sexual harassment, depending on the nature of the conduct and its severity, pervasiveness and persistence. Behaviors which are unacceptable, but do not constitute sexual harassment, may provide grounds for discipline under the code of student conduct.

An employee who witnesses an act of sexual harassment shall report it immediately to the building principal. Employees who fail to report complaints or incidents of sexual harassment to appropriate school officials may face disciplinary action. School administrators who fail to investigate and take appropriate, corrective action in response to complaints of sexual harassment may also face disciplinary action. When a complaint contains evidence of criminal activity or child abuse, the

building coordinator or district coordinator shall report such conduct to the appropriate law enforcement or SRS authorities. (See GAAD) To the greatest extent possible, confidentiality will be maintained throughout the investigation of a complaint. The desire for confidentiality must be balanced with the district's obligation to conduct a thorough investigation, to take appropriate corrective action or to provide due process to the accused.

The filing of a complaint or otherwise reporting sexual harassment shall not reflect negatively upon the student's status or grades. Any act of retaliation against any person who has filed a complaint or testified, assisted, or participated in an investigation of a sexual harassment complaint is prohibited. Any person who retaliates is subject to immediate disciplinary action up to, and including, expulsion for a student or termination of employment for an employee. False or malicious complaints of sexual harassment may result in corrective or disciplinary action against the complainant. Sexual/racial harassment will not be tolerated in the school district. Harassment of students of the district by Board members, administrators, staff members, students, vendors, and any others having business or other contact with the school district is strictly prohibited. The district encourages all victims of sexual/racial harassment and persons with knowledge of such harassment to report the harassment immediately. The district will promptly investigate all complaints of harassment and take prompt, corrective action to end the harassment. Any student who believes that he or she has been subjected to harassment should report it to the building principal, another administrator, the counselor, or another certified/classified staff member. Any report not made in good faith or made with malice is also a violation of this policy.

### **RACIAL HARASSMENT (JGEC-A)**

The Board of Education is committed to providing a positive and productive learning and working environment, free from discrimination, including harassment, on the basis of race, color or national origin. Discrimination or harassment on the basis of race, color or national origin ("racial harassment") shall not be tolerated in the school district. Racial harassment is unlawful discrimination on the basis of race, color or national origin under Titles VI and VII of the Civil Rights Act of 1964, and the Kansas Acts against Discrimination. All forms of racial harassment are prohibited at school, on school property, and at all school-sponsored activities, programs or events. Racial harassment against individuals associated with the school is prohibited, whether or not the harassment occurs on school grounds.

It shall be a violation of this policy for any student, employee or third party (visitor, vendor, etc.) to racially harass any student, employee or other individual associated with the school. It shall further be a violation for any employee to discourage a student from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provision of this policy.

Racial Harassment is racially motivated conduct which: 1. Affords a student different treatment, solely on the basis of race, color or national origin, in a manner which interferes with, or limits, the ability of the student to participate in, or benefit from, the services, activities or programs of the school; 2. Is sufficiently severe, pervasive or persistent so as to have the purpose or effect of creating a hostile academic environment; or 3. Is sufficiently severe, pervasive or persistent so as to have the purpose or effect of interfering with a student's academic performance or ability to participate in, or benefit from, the services, activities or programs of the school.

Racial harassment may result from verbal or physical conduct or written graphic material. The district encourages all victims of racial harassment and persons with knowledge of such harassment to report the harassment immediately. The district will promptly investigate all complaints of racial harassment and take prompt, corrective action to end the harassment.

Any student who believes he or she has been subject to racial harassment or has witnessed an act of alleged racial harassment should discuss the alleged harassment with the building principal, another administrator, the guidance counselor, or another certified staff member. Any school employee who receives a complaint of racial harassment from a student shall inform the student of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. If the building principal is the alleged harasser, the complaint shall be reported to the district Superintendent. The building principal shall discuss the complaint with the student to determine if it can be resolved. If the matter is not resolved to the satisfaction of the student in this meeting, the student may initiate a formal complaint under the district's discrimination complaint procedure (see KN).

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes racial harassment under the definition outlined above. Unacceptable student conduct may or may not constitute racial harassment, depending on the nature of the conduct and its severity, pervasiveness and persistence.

Behaviors which are unacceptable, but do not constitute harassment, may provide grounds for discipline under the code of student conduct. The discipline of a student for violation of any provision of the code of student conduct may be enhanced if the conduct is racially motivated.

An employee who witnesses an act of racial harassment shall report the incident immediately to the building principal. Employees who fail to report complaints or incidents of racial harassment to appropriate school officials may face disciplinary action. School administrators who fail to investigate and take appropriate, corrective action in response to complaints of racial harassment may also face disciplinary action. When a complaint contains evidence of criminal activity or child abuse, the district Superintendent shall report such conduct to the appropriate law enforcement or SRS authorities. (See GAAD) To the greatest extent possible, confidentiality will be maintained throughout the investigation of a complaint. The desire for confidentiality must be balanced with the district's obligation to conduct a thorough investigation, to take appropriate, corrective action or to provide due process to the accused.

The filing of a complaint or otherwise reporting racial harassment shall not reflect negatively upon the student's status or grades. Any act of retaliation against any person who has filed a complaint or testified, assisted, or participated in an investigation of a racial harassment complaint is prohibited. Any person who retaliates is subject to immediate disciplinary action up to, and including, expulsion for a student or termination of employment for an employee.

False or malicious complaints of racial harassment may result in corrective or disciplinary action against the complainant.

## **DRUG AND ALCOHOL TESTING OF STUDENT ATHLETES**

### 1. General

- a. Findings and purpose: We recognize that some students in USD 484 and throughout our nation are involved in the illegal use of drugs and alcohol. The illegal use of drugs and alcohol by students during school hours and at other times has a detrimental impact on behavior, academic performance and safety. This may cause permanent physical and mental harm.

Student-athletes involved in such conduct may experience other harmful effect, including interference with athletic performance; interference with academic performance; increased risk of injuries to themselves, teammates and others; impairment of judgment; slowing of reaction time and reflexes; inability to adequately perceive pain; and reduction in motivation and the level of discipline necessary to any athletic program. And, because some students see student-athletes are role models, use of illegal drugs or alcohol may encourage other students to engage in such behavior.

For these reasons, USD 484 has determined to initiate a testing program and procedure to deter and reduce the illegal use of drugs and alcohol by student-athletes.

- b. Board of Education Authority: The Board of Education of USD 484 is authorized to adopt a policy allowing drug and alcohol testing of student-athletes in the United States Supreme Court opinion in *Vernonia School District 47J vs. Acton*, 115 S. Ct. 2386 (1995).

The list shall be sent to the USD 484 Superintendent of schools for completion of the random selection procedure. The Superintendent's designee shall use a computerized random number generator to produce the numbers to be used in selecting the student-athletes for testing, and the Superintendent shall match the random numbers to the student-athletes' numbered names on the list. The Superintendent shall inform the principal of the selectees' names before 7:45 AM each Monday. The principal shall keep the names in a secure place and no other person shall know the selectees' names.
  - d. Sample Analysis Procedures: The sample will be given under the direction of the school nurse at a time and place determined by the Fredonia Schools principal. Samples will be collected as outlined under the Code of Federal Regulations 49 CFR part 40. Students selected randomly for testing who are not in school on the day of testing will be tested at the next available testing time. Any student unable to produce an adequate specimen of urine during the collection period will be subject to retesting at the next available testing time. Students not able to produce an adequate urine specimen at the next testing time will be viewed as refusing to test and subject to this Policy's actions in that regard.

The initial analysis will be determined by the results indicated by the collection container. If the initial analysis renders a negative result no further analysis will be conducted. If the initial analysis of the test is positive the school nurse will contact the student-athletes' parents or guardians to discuss the student-athlete's medical history and any other biomedical information that would assist in determining whether drug or alcohol tests should be deemed positive or negative. This will include consultation with the student-athlete's physician or physicians. If the initial analysis of the test is positive and there is no bio-medical reason for the result, a confirmation test of the specimen will be conducted at the approved laboratory, which shall be a licensed testing facility. If this is necessary, the initial specimen will be sealed, identified by student identification number and delivered to the facility for testing. If such confirmation analysis renders a negative result, the drug test will be deemed negative and no further analysis or action will be taken. If the confirmation analysis renders a positive result, the drug test result will be deemed positive and a report of such result will be delivered to the school nurse.

School Nurse Procedure: The school nurse will receive all reports of positive drug or alcohol test results rendered by a confirmation test. If the confirmation test result is deemed negative, no further action shall be taken and the student-athlete's test result along with all other previous negative test results will be reported to the principal as a negative result. If the school nurse verifies that a confirmation test result is positive, that result shall be reported to the principal identifying that student-athlete by name so the proper disciplinary action can be taken as specified in the Athletic/Activity

## Code of Conduct.

Consequences imposed on the student-athlete shall not be abated by the request for a hearing.
- b. **Informal Hearing:** The principal shall conduct a hearing within 72 hours of the request. ### **CELL PHONE AND PERSONAL ELECTRONIC DEVICE**

Fredonia Schools will allow 7th-12th grade students to carry cellular phones or other electronic communication devices during the school day, but requires them to be turned off and out of sight during classroom hours. It is recommended that cell phones are placed within proper cell phone "parking" areas. Students will be permitted to properly use their cellular devices during all passing periods, lunch period, before school and after school. Improper use of a cellular phone or other electronic communication device during the school day will result in the item(s) being confiscated.

1. **First Offense:** Item(s) will be confiscated until the end of the school day, and then returned to the student.
2. **Second Offense:** Item(s) will be confiscated for a minimum of 24 hours and only released to their parents.

Classroom use is at the discretion of the teacher. Unauthorized use will result in the consequences outlined above. Cell phones and other Personal Electronic Devices may be taken on trips and used as allowed by the sponsors. Unauthorized use will result in the consequences outlined above.

### **Definition of Technology & the Internet**

Technology is any form of electronic equipment or media designed to support the productivity of the students, staff and patrons of USD 484, as well as enhancing the learning process. This equipment includes, but is not limited to, desktop, laptops, iPads, printers, networking equipment, the Internet, e-mail, other forms of telecommunications, telephones, all forms of software and other peripherals.

Specifically, the Internet is an electronic communications network which provides vast, diverse and unique resources. Our goal in providing this service to teachers, staff, patrons and students is to promote educational excellence in USD 484 by facilitating resource-sharing, innovation and communication.

## Overview and Purpose

All of the guidelines and procedures outlined in this document pertaining to the acceptable use of technology are intended to make that technology more useful to students, staff and patrons of USD 484. These guidelines are also intended to maximize the learning environment and process. Access to these technologies is a privilege that comes with responsibility.

USD 484 views information gathered from various technological resources, including the Internet, in the same manner as reference materials identified by the schools. Specifically, the district supports resources that will enhance the learning environment with directed guidance and supervision from the faculty and staff. Exploration and manipulation of resources is encouraged. Filtering software is in place in USD 484; however, it is impossible to control all materials on a global network and an industrious user may discover inappropriate information that is not consistent with the educational mission, goals and policies of the school district.

Parents who do not wish their student to have individual access to the Internet should contact the school administrator.

## Guidelines

- Acceptable Use
  - Informal rules of behavior have evolved for the use of technology and communication on the Internet and other online services. All users of Fredonia Schools School District USD 484's devices and networks are expected to abide by the generally accepted rules of technology usage and etiquette. Collectively, they help to identify a level of acceptable use of the technology in USD 484. Rules for acceptable use are included below.
- State Law and Local Policy
  - Violations of the policies and procedures of USD 484 and/or Kansas law concerning the use of technology will result in disciplinary action.
- Penalties
  - Any user violating these provisions, state and /or local policies, applicable state and federal laws or posted classroom and district rules is subject to loss of technology privileges and any other district disciplinary options, including criminal prosecution. School and district administrators will make the final determination as to what constitutes unacceptable use, and their decision is final.
  - In relation to punishment for technology violations, every effort will be made to change the behavior of the student rather than deny them access to the technology. Punishment will be administered, but it is the hope of the administration that conventional forms of discipline will deter future offenses in this area. Administrators and staff members will use conventional forms of discipline, where appropriate, before resorting to the loss of access to the technology. In the event that the type or number of occurrences of infraction(s) necessitates the removal of access to the technology, every effort will be made to ensure that the student does not suffer academically. The student may have to be given alternative assignments if the technology was an integral part of what was expected in relation to the assignments. This decision will be made by the teacher and administrator or his/her designee.

## Rules for Technology and Internet Use
