Cost

\$65 per credit hour (HS tuition rate)

\$13 per credit hour book fee (not all courses will require this)

Excel in CTE (SB155) – Students do not pay the tuition rate for CTE courses that fall under this category. These courses are free of cost unless there are consumable fees associated with the course. These fees will vary depending on the program.

Payment plans – All students are required to pay for their courses in full or set up a payment plan. Students will not be able to enroll each semester if they have a previous balance. Transcripts are also held until all balances are paid. There is a payment plan fee of \$15 when they are set up directly through our business office (the fee is higher if plan is set up online).

IF YOU HAVE ANY QUESTIONS.**

Drop/Withdrawal Process

**STUDENTS MUST HAVE PERMISSION FROM AN ADMINISTRATOR TO
DROP OR WITHDRAW FROM A CLASS!**

Drop:

If a student decides to drop a class they can do so within the first week of classes. If a student drops they will not be charged for the course (consumables that have been opened or used cannot be refunded) and the class will not show on their ICC transcript.

Withdraw:

If a student withdraws from a course they are still responsible for paying for the course and all charges and the student will receive a W on their ICC transcript. This does not effect the students ICC GPA.
