

Gasconade County R-2 School District

Extra-Curricular Code of Conduct

As a representative of your family, your teammates, your coaches and most importantly Owensville High School, you have the obligated yourself to standards of conduct which exceed what is expected of other high school students. This expectation is evident in the academic standards and team roles required of you, and by the visibility and stature that your role commands.

The extra-curricular activities offered by the Gasconade County R-2 School System are an important educational experience for all who choose to participate. This comprehensive program is designed to help those who participate to develop skills beyond those that can be obtained in the regular classroom setting. Gasconade County R-2 School officials, coaches of athletic teams, and sponsors of students activities believe that students who are selected for the **privilege** of membership should conduct themselves as responsible representatives of the school. In order to assure this conduct, coaches and sponsors enforce a Code of Conduct. **All members of Extra-curricular groups, Clubs and Organizations, and Student Performance Organizations are subject to this Code of Conduct.** Members of teams, organizations, and clubs who fail to abide by the Code of Conduct are subject to disciplinary action. Members of teams, organizations, and clubs are expected to serve as exemplary examples of high moral character and must demonstrate appropriate academic commitment. **As recognized representatives of their school, members are expected to exhibit appropriate behavior in and out of season and as well as on and off campus during the entire calendar year.**

Section A – Extracurricular Activities and Education

1. The Gasconade County R-2 School District has as its primary goal the academic education of all students. Therefore, each coach or sponsor has the obligation to encourage students to perform within reasonable academic expectations.
2. The Gasconade County R-2 School District encourages every student to be involved in as many activities as possible. Every sponsor/coach has agreed that no student will lose status in an activity because he/she participates in other activities. We appreciate and need multi-activity students.
3. All student use or possession of tobacco products, alcoholic beverages, or non-prescribed controlled substances or paraphernalia for their use will not be tolerated, and the violator will be subject to disciplinary action.
4. **We strongly disapprove of students staying home on school days to rest for events that day or night. Students not in attendance before noon will not be allowed to participate that day. If an absence is necessary, prior approval can be obtained by the building principal who would allow the student to participate in that day's contest or activity (i.e. doctor's appointment, funeral, legal appointment, etc.). The administration reserves the right to limit participation of students in cases of non-attendance at school.**
5. Rule enforcement will be consistent and in a timely manner. School Personnel are not expected to monitor off campus, non-school activities, but will enforce this policy if he/she personally witnesses a violation in or out of school.
6. Each coach or sponsor has the prerogative to establish additional rules pertaining to the activity supervised. These rules may include attendance at practices, contests, trips, etc. Rules set by the individual coach or sponsor must be in writing and approved by the building principal or the athletic director. These rules will be communicated to the student participants and parents *before* the activity begins.

7. **Students suspended (In-School or Out-of-School) from school by the Principal's Office will not be allowed to participate in activities or athletics while they are on suspension.**
8. Severe or continued discipline problems may result in a student being dismissed from a team, club, or organization.
9. All violations of the code of conduct must be reported to the building principal. The building principal or his/her designee will investigate the incident and will determine according to policy the consequences for the violation. In addition to the consequences imposed by the Code of Conduct, such violations will also be subject to appropriate actions by the Gasconade County R-2 Board of Education disciplinary policies.
