September, 25, 2020

Seymour ISD Parents and Students,

Seymour ISD has been notified of an individual associated with Seymour Middle School that has tested positive for COVID-19. The last day the person was present on the Seymour Middle School campus was 9/22/2020. The school district is working with our local health officials for further guidance. Individuals that have been deemed “close contact” have been notified or are in the process of being notified.

Seymour ISD will continue to sanitize and practice mitigation measures. There is no campus or district closure to announce at this time. All students and staff are instructed to follow mitigation procedures as described in the Seymour ISD start to school plan.

Seymour ISD is continuing to monitor this situation and will provide additional information as needed. Please contact your child’s principal if you have any questions.

Sincerely,

John Anderson
Superintendent
Seymour ISD
