Socrates students send "Smiles" to soldiers

Socrates fifth grade students in Mrs. Debb Fleming's classes were concerned recently with the news of enemy forces trying to hurt our American soldiers in Afghanistan. They learned that a troop of reserves were there from Paris, the 721st En Company, and wanted to send goodies and "Smiles" to the soldiers to let them know that they care about them. Students brought in supplies of toothpaste, deodorant, shampoo, beef jerky and lots of snacks for the servicemen and women. Crockett Intermediate School raised over \$238 to ship 18 boxes of goodies to Afghanistan by selling "boots" that students purchased for one dollar and decorated them that were displayed in the front hallway. Students also made cards that were included in the boxes to bring "Smiles" to our troops from Paris, Texas.
