Paris Junior High helps those in need with food and toys

Times are tough, but during these tough times students and staff at Paris Junior High are remembering people in need with canned food drives and toy drives. Thanks to their efforts, agencies in our area who help those in need are getting stocked for the winter.

Paris Junior High Student Council sponsored a food drive and collected over 2,000 cans which were donated to the Kiwanis Club of Paris. Brothers Unlimited sponsored a Toy Drive/Christmas Dance and collected over 200 new toys for Lamar County Head Start students in need.
