## **Campus Improvement Plan 2018-2019**

### **Mission Statement:**

**Travis High School of Choice is committed to provide an opportunity for all students to achieve success in education. Through program design and implementation, students will be afforded an opportunity to take responsibility for themselves and their work to become self-disciplined. Avenues will be provided to students to attain a high level of self-respect thus enabling them to be productive both in school and in the community. Students will be encouraged to remain in school to receive a high school diploma. They will learn to think logically, independently, and creatively as they develop skills and apply knowledge to life situations. They will grow in personal relationships with peers and their family learning to respect others. With guidance, understanding, consistency education, and motivation, our students will become graduates of Paris ISD and productive members of society.**

# Comprehensive Needs Assessment Summary 2017- 2018

## School Context and Organization

Travis High School of Choice is a 9-12 grade campus in Paris ISD in Paris, Texas. THSOC started in August of 2014 and began its journey to recover drop-out students, help students achieve success in coursework and earn a diploma, assist students with passing End of Course exams, and/or enable students to graduate early to begin their college plans or gain employment in the community. Paris is a rural school district in location, but we have many students who could be classified as urban with our generational poverty levels and 91% of at-risk students at our campus. Additionally, our student population is 75% economically disadvantaged. Our staff consistently works as a team always being flexible to provide all students with a rigorous and exemplary education, but have requested assistance with the graduation requirements for fine art courses, and the two year second language requirement for all students. A Spanish teacher may be a necessity in the near future. Training has been provided for all staff members in A+ and PLATO computer classes to assist with graduation requirements. Also requested are STAAR materials which will be provided through both our local and SCE budgets. Professional Development in the areas of understanding children with disabilities within the regular classroom will be discussed, as well as working with at-risk students and their individual needs. We presently utilize three computer classrooms to enable our students to complete coursework. With a growing enrollment, there will be a need for an increase of staff at some point. Our attendance rates are: 10th grade 95.06%, 11th grade 92.73% and 12th grade 94.27% with an overall attendance rate above the state average at 93.68%. The attendance is high considering the number of enrolled students who are economically disadvantaged and at-risk (76%).

## Staff Quality, Recruitment and Retention

THSOC has a certified and effective staff in all content areas. Teachers are evaluated each year by the district adopted appraisal system and the evaluating administrator works closely with the teachers advising them of their strengths and weaknesses. It is imperative to not have any weak links in our staff due to this being a small campus. Each needs to do their job as they work together as a tightly knit group and the turnover of the staff is minimal. Special needs students are provided a certified special education teacher and all IEP's are strictly implemented. Inclusion and content mastery are offered to students in need. THSOC has a family atmosphere with helpful and caring staff members who treat each other professionally and all work together to complete our mission. The staff has an innate ability to recognize things that need to change, that do not work, or that need improvement and capitalize on all avenues producing success. We have a full-time counselor who is vital in assisting with student problems both in school, at home, or at their place of employment, and course scheduling, student interviews, graduation planning, and parent/student conferences. Parent conferences and letters of achievement will be sent/held every 6 weeks next year.

## School Culture and Climate

THSOC is a locked, safe school, closed campus, where students enjoy achieving their education in a positive atmosphere. Data reflects that student misbehavior is minimal with very few office referrals. Any students who do not adhere to all policies, rules and guidelines, have an immediate conference with the Principal, student, counselor, and/or parents/guardian. Any major offence can result in a suspension and/or a DAEP placement for an agreed upon number of days. The students feel very relaxed at the school and actually have stated that they enjoy coming to school with teachers who help them and truly care about their futures and their feelings. Our school is quite diverse with students from different areas of the county. While at THSOC, we are not different, but all the same with shared goals of graduating. Students form bonds with each other and the staff and know what they have to do to graduate. This year, our staff will each take a specific number of students who they will build an even more in depth relationship with to address students' needs (home concerns, family issues, medical or financial

needs etc.). Our students know how to work together and understand that as a family there is absolutely zero tolerance for bullying. Students also know that absences and tardies must be held to a minimum (present attendance rate is 93.68%). Our classrooms this year will be equipped with more age appropriate student desks and chairs.

## **Student Achievement**

Students receive small group instruction in classes and our teacher/student ratio allows us to reach each student every day. Students who need EOC remediation attend EOC prep classes which help them achieve success as well as EOC regular classes, students are taking for the first time. The staff is involved in the decision making process with small group meetings with the Principal, and teacher opinions and thoughts are always welcomed and discussed. Our school committees always include teachers, parents, support staff and students as needed. We all work together to better our school and to solve problems that arise. The students feel that this is a school where they are given the opportunity to achieve their goals and a place where they feel safe and can be themselves. Parents have voiced how appreciative they are that Travis High is available to their student. They feel that we are offering their child a second chance to achieve their high school diploma and we are very appreciate of the PARIS ISD administration and personnel for their ongoing support of the school.

## **Technology**

THSOC integrates technology on an everyday basis. We offer many computer based courses to expedite students' learning. Teachers also utilize ipads/ipods. Our staff is open to all technology training and anything that will help improve student learning. We are utilizing our newest computer lab to the fullest extent for content course completion/credits and research. THSOC provides A+ and PLATO curriculum for students as well as teacher taught content. The technology utilized allows students to receive credit at their pace, often more quickly than a traditional school setting.

### **This year our needs are:**

- a. APEX Learning (EOC Prep)**
- b. Orientation for digital learning strategies**
- c. Computer lab monitoring software (Such as ITALC/InterClass)**
- d. Subscription for virtual labs for science.**
- e. Classroom laptops for Junior High and High School DAEP**

## **Paris ISD Commencement Goals**

At commencement, a Travis High School graduate will be prepared to enter college, technical training, and/or the work force. The graduate will:

- be a problem solver and a critical thinker
- have mastered core academic areas and technology
- strive for total wellness
- be a life-long learner
- have respect for self, others, and the environment
- be an effective communicator
- be a team player and an honest, responsible citizen

## **Paris ISD Board of Trustees and Superintendent Goals**

- Paris ISD will have a learning environment that challenges and provides opportunity for all students to succeed.
- Paris ISD will be financially stable
- Paris ISD will foster positive relationships with community, media and families of the district.

## **Paris ISD Strategic Goals**

- A self-disciplined student body, learning together in an atmosphere of mutual respect
- An informed and involved community that actively works together to promote education of recognized excellence.
- Implementation of an aligned, rigorous curriculum that integrates technology and applies real-world skills.
- Resources to provide exemplary educational programs.
- A highly effective, qualified staff representative of the community.

## **Travis High School Campus Objectives:**

- Travis High will provide a safe, disciplined environment conducive to student achievement
- Travis High will collaborate with parents and community to enhance school programs while continuing its partnership with the community, parents, local industry, and Paris Junior College.
- Travis High will achieve success on EOC exams per the Texas Education Agency Accountability Summary.
- Travis High staff will utilize funds provided by local tax effort and special programs to enhance student achievement.
- Travis High staff will participate in professional growth opportunities to ensure academic excellence and quality decision making.
