-

Agri-Science Teacher Mr. Steve Stegall has been in Agricultural Education for 30 years with 4 of those years as a Welding Instructor for Kilgore Junior College in Kilgore, Texas. He is married to Sonya Stegall and has children that attend the Eustace School System. He graduated from Sam Houston State University and resides in Eustace, Texas.

Agri-Science Teacher Mrs. Theresa Tindel has been in the Agricultural Education for ten years and the teaching field for 31 years. She is married to Michael Tindel and has a son that attends Eustace High School and one that is a recent graduate of EHS. She graduated from Tarleton State University and resides in Eustace, Texas.

Agri-Science Teacher Miss Makayla Arnold is a second year teacher from Cross Roads, Texas. She graduated from Tarleton State University with a Bachelor of Science Degree in Agricultural Education and a minor in English. She began her teaching career at Eustace High School in the spring of 2017.

Agricultural Education Mission

Agricultural education prepares students for successful careers and a lifetime of informed choices in the global agriculture, food, fiber, and natural resource systems. We strive to develop a classroom of cooperative learning. Students are given the opportunity to work with each other and learn at the same time. Our goal is to give students hands on experiences and relate lessons to the real world. We want students to realize how agriculture is tied to their everyday lives.
